Re: Street permit

Dear Chilmark Board of Selectmen,

The Oak Bluffs Land and Wharf Company Inc, dba OB Land and Wharf Company Tours, per our Massachusetts Department of Public Utilities application for "Authority to Transport Passengers for Hire Pursuant to Massachusetts General Laws - Chapter 159A or 159B, as Amended" is requesting a Municipal Street License from the town of Chilmark so that we may travel over the following roadways in Chilmark:

Heading Up- and Down-Island: Along South Road, at the town line with West Tisbury, to State Road, and then along State Road to the town line with Aquinnah, and then the reverse.

We do not intend to travel over any other roadways in Chilmark other than as noted above. We do not intend to undertake "private tours" or "charters" that would require deviating from our scheduled route as indicated above. We will be using late model 15-passenger vans clearly marked with our company name and logo.
