

DATE: March 27, 2017  
TO: Board of Selectmen  
FROM: Park & Recreation Committee  
SUBJECT: Electrical wiring for the town-owned fishing shack on bulkhead lot 3 A.

The Park & Recreation Committee would like to discuss how to fund the following project.

Everett Poole donated this fishing shack to the Town many years ago. It is on the bulkhead lot leased to Donald Poole and sits between Stanley's and Betsy's fish markets.

The Park & Recreation committee has a concern with the electrical wiring that was installed in 1939 – after the 1938 hurricane. We had the electrical inspector evaluate the wiring and he found the outlets, switches and fixtures are not grounded properly for a building near the water.

The estimated cost to re-wire the shack and replace the components is \$2,095 for 4-6 hours of work including materials—see attached estimate.

#### Funding

The Park & Recreation Committee has an expense budget of \$1,500 that is used to mow the ball field twice/year. The Committee respectfully asks if there is an alternative way to fund this work.
