This form is an inquiry from the U.S. Department of Commerce, National Ocean Service (NOS). Based upon the Department of Army permit issued to you (see below), NOS requires information for our nautical charting effort in the interest of safe navigation. NOS charts artificial reefs and aquaculture sites permitted through the U.S. Army Corps of Engineers at the start of construction in order to provide the mariner with up-to-date information on these significant obstructions.

We have the following information on a Permit issued to you by the U.S. Army Corps of Engineers,
NEW ENGLAND District.

Permit/Public Notice: NAE-2009-349

Date Issued: 9/25/2009

Nautical Chart Number: 13233,13230,13229,13218
THA'S VINEYARD, MA

Waterway: VINEYARD SOUND, MAR-

Summary of the structures or work the Permit was authorized for: INSTALLATION OF LONGLINE AS A PILOT MUSSEL CULTURE SITE.

Please complete the following checklist, filling in as completely as possible all relevant information:

1. Date of first deployment within artificial reef or aquaculture site: _____
2. If construction has not started, please estimate the date it will begin: _____
3. Permitted Minimum Clearance with tidal datum in MLW or MLLW: _____
4. Have there been any changes to the original permitted action? () YES () NO

If there have been changes, please provide an updated copy of your construction plan.

5. Please provide a digital or paper copy of the most recent Army Corps of Engineers permit; affix any modifications and as-built drawings that include control points (latitude/longitude or state plane coordinates) along with horizontal datum information in NAD83 or NAD27.
6. If construction has begun, please provide any other relevant information (deployment diagrams, modified as-built drawings, USACE Post-Deployment Notifications, etc.)

NOTE: If any future deployments occur outside of the permitted boundary, or the deployments are shallower than the permitted clearance, it is imperative that we are notified immediately. The notification should include documentation indicating the deployment positions (latitude/longitude in NAD83) and the clearances of deployment positions in feet (include tidal datum in MLW or MLLW).

Please provide an e-mail address and phone number where you can be reached during business hours:
