• PLEASE - RSVP! SEE REVERSE SIDE

Explanation\*: Since enforcement of the state's shellfish rules and regulations is delegated to, and a requirement of shellfish constables under MGL C 130 §98, the NSSP requires the state enforcement authority to develop an MOA with local agencies, "to assure that patrol requirements are met". Massachusetts needs to do this to be in compliance with the NSSP. This work shop will open discussions to that end.

- Return this form by Friday, June 9, 2017. I need a head count Fax me (508) 760-4805 and/or call me at (508) 760-4800.
