DEPARTMENT OF PUBLIC UTILITIES

NOTICE OF FILING, PUBLIC HEARING, PROCEDURAL CONFERENCE AND REQUEST FOR COMMENTS

D.P.U. 17-118

October 12, 2017

Petition of NSTAR Electric Company, d/b/a Eversource Energy for approval by the Department of Public Utilities of ten long-term contracts for procurement of renewable energy and renewable energy certificates from ten individual renewable energy projects, pursuant to St. 2012, c. 209, § 36, and 220 CMR 21.00.

On September 20, 2017, NSTAR Electric Company, d/b/a Eversource Energy ("NSTAR Electric" or "Company") filed a petition with the Department of Public Utilities ("Department") seeking approval, pursuant to Section 83A of An Act Relative to Green Communities, St. 2008, c. 169, § 83A ("Section 83A") and 220 CMR 21.00, of ten long-term contracts to purchase renewable energy and associated renewable energy certificates ("RECs"). Section 83A was added to An Act Relative to Green Communities by An Act Relative to Competitively Priced Electricity in the Commonwealth, St. 2012, c. 209, § 36. Table 1 provides a summary of the proposed 20-year contracts, including the Company's allocated share of the renewable energy and RECs purchased under each contract, of which nine are for solar power and one is for wind power.

Section 83A requires each electric distribution company to jointly solicit proposals for long-term contracts of 10 to 20 years in duration from renewable energy developers at least twice during the period from January 1, 2013 through December 31, 2016, and, if the proposals received are reasonable, to enter into cost-effective long-term contracts to facilitate the financing of renewable energy generation. St. 2012, c. 209, § 36; 220 CMR 21.00. A long-term contract must be approved by the Department before it can become effective. St. 2012, c. 209, § 36; 220 CMR 21.03(3). The Department must take into consideration both the potential costs and benefits of such contracts and shall approve a contract only upon a finding that it is a cost-effective mechanism for procuring low-cost renewable energy on a long-term basis taking into account the factors outlined in Section 83A. St. 2008, c. 169, § 83A; 220 CMR 21.05.

* Under the terms of the contract for this project, each party retains the right to terminate the contract if the contract is not approved by each regulatory authority in Massachusetts, Connecticut and Rhode Island.

In accordance with Section 83A, the electric distribution companies and the Department of Energy Resources (“DOER”), in conjunction with stakeholders from Connecticut and Rhode Island, jointly developed a request for proposals (“RFP”) for the procurement of renewable electric energy and RECs. The RFP is therefore referred to as the Three-State RFP. On October 26, 2015, the Department approved the method of soliciting and executing long-term contracts, as well as the timetable, contained in the Three-State RFP. Long-Term Contracts for Renewable Energy, D.P.U. 15-84 (2015). On November 12, 2015, the electric distribution companies, together with the DOER, jointly issued the RFP. The electric distribution companies state that the ten projects compare favorably on price and non-price factors to the range of renewable energy resources available and thus are low-cost, cost-effective contracts.

Pursuant to Section 83A and 220 CMR 21.07, the Company proposes to collect an annual remuneration equal to 2.75 percent of the annual payments under the contracts to compensate the Company for accepting the financial obligation of the long-term contracts. According to the Company, if its petition is approved, it estimates that the bill of an average NSTAR Electric residential customer (R-1 rate class) in the Company’s Greater Boston Territory using 640 kilowatt-hours of electricity per month in the summer season would decrease by 14 cents, which is a 0.1 percent decrease relative to current rates, based on the current market environment.

Attorney General Maura Healey (“Attorney General”), through the Office of Ratepayer Advocacy, may intervene, appear and participate in Department proceedings on behalf of any group of consumers in connection with any matter involving rates of an electric company or gas company. On October 10, 2017, the Attorney General submitted a notice of intervention on behalf of the Company’s ratepayers in this case. Further, pursuant to G.L. c. 12, § 11E(b), the Attorney General filed a notice of retention of experts and consultants to assist in her investigation of the Company’s filing. The Attorney General has requested Department approval to spend up to \$150,000. Pursuant to G.L. c. 12, § 11E(b), the costs incurred by the Attorney General relative to her retention of experts and consultants may be recovered by the Company in its rates.

The Department will conduct a public hearing to receive comments on the Company’s filing on **Wednesday, November 29, 2017** at 2:00 p.m. at the Department’s offices, One South Station, 5th Floor, Boston, Massachusetts. Persons interested in commenting on the Company’s filing may do so at the public hearing or may file written comments by the close of business (5:00 p.m.) on **Wednesday, November 29, 2017**. The public hearing will be followed by a procedural conference.

Persons interested in participating in the evidentiary phase of this proceeding must file a written petition for leave to intervene with the Department no later than the close of business (5:00 p.m.) on **Monday, November 27, 2017**. A petition filed late may be disallowed as untimely, unless good cause is shown for waiver under 220 CMR 1.01(4). Receipt by the

Department, not mailing, constitutes filing and determines whether a petition has been timely filed. A petition for leave to intervene must satisfy the substantive requirements of 220 CMR 1.03. To be allowed, a petition under 220 CMR 1.03(1) must satisfy the standing requirements of G.L. c. 30A, § 10. Responses to petitions to intervene must be filed with the Department no later than the close of business (5:00 p.m.) on **Tuesday, November 28, 2017**. Any person who seeks to intervene in this matter and also desires to comment on the Attorney General's notice of retention of experts and consultants must file such comments no later than the close of business (5:00 p.m.) on **Monday, November 27, 2017**.
