Chilmark, MA 02535-0119

**RE: INSTALLATION OF GROUNDWATER MONITORING WELLS**  
Menemsha Cafe – RTN 4-19707  
24 Basin Rd.  
Chilmark, MA

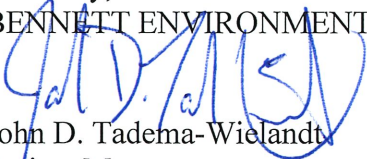

Dear Mr. Emin,

In order to install the two proposed groundwater monitoring wells in the Basin Road roadway layout, in connection with the above Disposal Site, Bennett Environmental Associates, Inc. agrees to the following terms specified by you:

1. The monitoring wells will be installed at least 1-foot off the pavement of Basin Rd.
2. The monitoring wells will be removed within 30-days of the closure of the Site, or when directed to remove them by the town. The Site will then be restored to its original condition.
3. The monitoring wells will be installed in a 5" diameter, locking aluminum road box, flush with grade, so as not to be a trip hazard to the public, or to pose any impediment to the maintenance of the roadside by the town, including mowing and snowplowing.
4. The monitoring well caps will be painted to reduce their visual impact on the roadside.

Installation of the proposed monitoring wells is currently scheduled for Monday, March 19, 2018. Unless otherwise notified, BEA will install the wells on this date.

Sincerely,  
BENNETT ENVIRONMENTAL ASSOCIATES, INC.

  
John D. Tadema-Wielandt  
Project Manager
