Subject: Peaked Hill committee

I'm interested in being considered for service on this committee.

I've owned my house at 31 Blue Barque Rd. since 1976, coming with my family during the summers, and moved here permanently last June. My daughter and son-in-law, Mathea and Chioke Morais, recently built their house on Ridge Hill Road thanks to the affordable housing program, and I therefore have first-hand familiarity with its benefits.
