

Dear Selectman,

I would like to be on your agenda to bring to your attention the eviction notice the harbor dept sent to Emmett Carroll dated November 28, 2018.

As per The Chilmark Waterways Rules and Regulations section VII D allows discussion in front of the selectman.

I'd like to thank you in advance for your attention to this.

Emmett has and still is maintaining a commercial license. I would ask for what basis is he being evicted? What data has been collected from all of those who hold commercial slips? What points to Emmett as being noncompliant?

Thank you

Marshall Carroll

Could you forward this to the members of the harbor advisory committee
