

Chilmark Energy Committee

To: Board of Selectmen

28 December 2018

CC: Town Administrator
Energy Committee

As part of our efforts to achieve Green Communities status for Chilmark, the Energy Committee requests that a warrant article approving the adoption of the Stretch Building Code (780 CMR 115.AA) be added to the 2019 Annual Town Meeting agenda. Please note that the Building Inspector has been briefed on the Stretch Code and that we intend to hold public informational meetings on the Green Communities program and the Stretch Code after the first of the year.

Respectfully,

Rob Hannemann, Chair
Chilmark Energy Committee
