

Dear Board Members,

Wardrobe Stylist

Wardrobe Stylist Assistant (not all days)

Prop Stylist

Merchandise Coordinator

Motorhome Driver

2-4 models

The dots on the attached map indicate the spots we are interested in shooting at. We would not need to block any traffic or close any streets and we do not need exclusive use of any of the locations. We always work around the public, but typically try to avoid public locations on weekends because they tend to be more congested and we do not want to inconvenience anyone.

Our shoot scenarios involve 2-4 models enjoying the outdoors. We have all handheld equipment so no big lighting set ups, and the timing of our shoot would be roughly from sunrise to sunset.

Would it be possible for us to park our vehicles in the parking lots?

We typically bring a 34' motorhome with us so we have access to a restroom and also so the models have a place to change, it helps keep everyone very contained.

We additionally have an SUV for the photo team, a minivan for production, and a 16' Penske truck for props.

Thank you so much for your time and for considering our photo shoot. Please let me know if there is any further information I can provide, and you are welcome to call (207 844 1099 / 207 552 2562) or email (<mailto:mklein@lbean.com>) if you have any questions.

I will be in town from Maine on Monday - Wednesday if you would like to meet in person?

Looking forward to hearing from you!

Warm regards,

Melissa
