To whom it may concern

My name is Charles Palmieri and I am the Secretary of the Cape and Islands Chapter of the IAEI located in South Eastern Massachusetts.

We are in the process of finalizing plans for our tri-annual preview of the incoming 2020 National Electrical Code. Our chapter has led the South Eastern Massachusetts area in being the first local chapter of the International Association of Electrical Inspectors to preview the incoming NEC for the last 10 (30 years) code cycles. Our attendees include installers, contractors, engineers, and other industry partners from across the New England States. We always schedule our conference which we have called "Super Code" during the month of April preceding adoption of the incoming code. This year our conference dates are Friday April 12th, and Saturday the 13th of 2019.

I send you this correspondence as an invitation to participate in our Trade Show. Each year we hold this event we have been fortunate to have 20 plus manufactures, manufacture representatives, and supply houses support the Cape and Islands Chapter of the International Association of Electrical Inspectors, I am sure you are aware that our organization is dedicated to the development of Code and Industry Training to insure safe electrical installation. Your participation via the purchase of a vendors table will assist our chapter present this important information to our industry partners and enhance their experience. We are offering space for the cost of \$325 per table. The fee includes a 4' X 8' table and breakfast and lunch (April 12th) for one of your representatives. There is an additional \$50 fee per person for additional representatives. The facilities will be available for set up during the evening of April 11th and the conference will begin at 8 AM on Friday the 12th. Our attendees look forward to the trade show portion of this conference and our schedule will provide time during breaks, lunch and in the evening for our guests to meet with you. In the past we have set up a cash bar from 5PM to 7PM for those wishing to meet with our vendors in the evening. If your schedule allows please plan to return for our Saturday morning half day session.

I am attaching a flyer of the event to provide insight to the quality of our scheduled guest speakers; many are code panel members and have firsthand knowledge of circumstances which compelled these changes to our national electrical codes. These knowledgeable individuals will introduce some of the more significant changes that were adopted by their individual Code Making Panels during this 2020 NEC revision cycle.

I am also attaching a separate sheet for vendors to register.

Please contact me at, cjp1268@yahoo.com or via phone at H-781-383-6551, or C- 617-842-4961 to discuss any questions or concerns.

Sincerely,
Charles J. Palmieri

Secretary / Treasure Cape and Islands #190 IAEI

Subject: Super Code registration
Attachments: Introduction Vendor 2019.pdf; 2019 Super Code Participant Registration.pdf

There is only 55 days to the April 12 and 13th 6 Hour Code presentation on the significant changes to the 2020 National Electrical Code.

We have a great list of presenters that are in the room when the code making panels meet. This year we will also have a unique guest speaker none other than Mike Holt.

If you are interested in getting an edge on the new code changes prior to the printing of the document and wish to be on top of your game in our industry. This is a must attend.

Please register now at

<https://www.regonline.com/supercode2019>

Attendee registration is \$175 per person and exhibitor tables are \$325 which includes one table, lunch Friday, and breaks for one representative. Additional representatives are welcome for an additional \$50 per person. If you have any questions please contact our secretary Charles Palmieri at unbeldi12@verizon.net or call 617-842-4961.

Or if you wish fill out the attached registration slip and send it to the address indicated.

Thank you,

Billy Stadelmann
