Dear Superintendent D'Andrea,

We are in receipt of your letter of 3 April 2019 sent on behalf of the MVRHS School Committee.

Could you please relay the following response to the Committee and ask them to respond directly to the Chilmark Board of Selectmen.

After a thorough review of the Regional Agreement and its articles, we have the following questions for the Committee.

- 1 - What is the proposed composition of the Regional Agreement Sub-Committee?
- 2 - Is the proposed review of the High School funding formula seeking to amend the current regional agreement?
if so, is the amendment intended modify or alter the funding of the operating budget, the funding of the capital expense budget or both budgets?
- 3 - It is our assumption that the proposed Regional Agreement Sub-Committee will consist of representative of the funding towns. It is our position, with all due respect, that the Office of the Superintendent is not a participant in a process of how the towns share funding for the Public Schools.
- 4 - Could you give us an estimated time line for the process so that we can make sure to have a representative available for all meetings.
