At 5:00 PM Chairman Doty called meeting to order in the Selectmen's meeting room. Chairman Doty said with the Harbor Master here he would like to address any items about the harbor first on the agenda.

Harbor Department - Employment Appointments Update:

Harbor Master Rossi said he recommends that Spider (Edward) Andresen and Daniel Lee be appointed Assistant Harbor Masters and Christian Carroll and Aidan Coombs be appointed Assistant Wharfingers.

Mr. Malkin moved to appoint the recommendations from the Harbor Master for the Seasonal Employees. Mr. Rossi seconded the motion. **SO VOTED: 3 Ayes**

Chairman Doty asked for updates on the various Harbor related projects.

Harbor Master Rossi said the electrical wiring project is almost complete with just a few items to wrap up.

- A fire extinguisher box
- Some lighting issues to correct at the completion of electricity being turned on in Menemsha

HM Rossi said John Packer will be coming to Menemsha harbor this month to do the pile driving project and we have added an additional piling that was recently damaged. HM Rossi said Mr. Packer will also be doing some dredging while he is in Menemsha of some slips.

Chairman Doty said we have a progress payment request from Powers Electric for the Menemsha project. Bill Rossi confirmed that this was a progress payment and not the final. Chairman Doty said Cole Powers has done a very good job on this project having to push to get the project finished before our season started was frustrating at times but overall a very good first class job.

Bill Rossi asked to get a copy of the final electrical inspection before we issue the final payment on the Menemsha Electrical project.

Chairman Doty asked how the Dockwa system was working for Menemsha Harbor. Harbor Master Rossi reported that the Harbor has already made \$92,000.00 in revenues within 2 weeks and that is already about 50% of 2018 revenues. Harbor Master Rossi said he has been working closely with the Accountant and Treasurer to ensure clear communication of information and revenues between the town of Chilmark and DockWa.

Harbor Master Rossi asked for clear policy on gratuities in Chilmark for our Seasonal Employees. Chairman Doty said any municipal employee is not allowed to take tips/gratuities. Bill Rossi said this should be written down and posted at the harbor.

Mr. Malkin said as the Selectmen liaison to the Harbor Department he can report that the transition to our new Harbor Master and setup of the harbor for the season has gone very well.

Even Keel Excursions - Jesse Burton preliminary discussion:

Jessie Burton and his wife Laia Roig presented their proposal to run a boat excursion company out of Menemsha. The vessel proposed is 23' Harbor Launch holding up to 12 passengers; 4-6 tours in Chilmark waters a day at a rate less than other island on the water tours.

Selectmen recommended that Jessie and Laia present this proposal to the Harbor Advisory Committee. Bill Rossi said it would be really important to nail down where you will dock your boat and where you will pick up your customers and where they will park. Mr. Malkin said he would ask Chairman of the Harbor Advisory to call a meeting within the next 2 weeks to discuss this proposal and to have Harbor Master Rossi present at the meeting as well.

Fire Chief Screening Committee- Firefighter G. Robinson letter:

Mr. Rossi said Tim Rich has agreed to be on the Committee that we appointed him to last meeting. Chairman Doty said at that meeting we also appointed Bill Rossi the Chairman of the Committee. There is another position on the committee to fill with a Chilmark firefighter. Chairman Doty said we have a good letter from Gary Robinson asking to be appointed to the committee.

Mr. Malkin moved to appoint Gary Robinson as the third member on the Fire Chief Screening Committee. Mr. Rossi seconded the motion. **SO VOTED: 3 Ayes**

Chairman Doty said we will discuss this particular request after we discuss our plan for this year for 12 to 18 passenger vans in Chilmark. Chairman Doty opened discussion on a working plan on how to manage the vans in Chilmark during the height of our summer season. Discussion ensued. Chairman Doty and Police Chief Klarèn will work on a guideline to present to each tour driver/company that comes to Chilmark.

Jeffrey Corr and Robert Breth presented their request to the Selectmen. Police Chief and Selectmen said the proposal before them was clear and reasonable. Mr. Carroll said we now have to post a public hearing and advertise for the street license. Mr. Rossi recommended scheduling this for the June 18, 2019 meeting. Mr. Carroll said this will be on July 2, 2019 with the required guidelines rather than June 18th.

Chilmark Community Center - HVAC project update:

Mr. Carroll reported that we did not receive a single bid even after extending the deadline 1 week per a potential bidder's request. Mr. Carroll called the contractors who requested the specs. and asked if they would consider the job. Some did not return his call one said they could not commit to the time line the other said they were still interested in doing the project but did not get the cost from their suppliers in time to submit at the deadline. Chairman Doty said we will still pursue getting the large room part of the project done for this season.

Pedestrian Path - Basin Rd. update:

Chairman Doty said we have contractors John Keene and David Merry who are prepared to do the work on this pedestrian path but we need to get a signoff from Mr. Dimaura before we begin. Mr. Carroll said it is with their attorney now. Mr. Malkin suggested Chairman Doty could contact Mr. Dimaura directly and say between our attorneys this is not getting done.

Pedestrian Path - Basin Rd. update continued...

Mr. Carroll said it is with the attorneys now because the owner thought it was already too late to start the work. Chairman Doty said he would make a call within 2 days about moving this project forward. Mr. Carroll said when we get the go-ahead the completion of pathway will be within 2 weeks.
