Debra informed the Board that three bills were received that we now have to pay that were not forecasted in the budget. Mr. Iacaponi asked when do they do budget review? The Director responded that it would be done in spring. Debra said that the full time help request was refused. A bill of discussion ensued with the Board agreeing that Debra put something together to be submitted to the Executive Administrator who denied the previous request because there was not an existing job description for the new person and some of the job description overlapped with current duties of the Director and the Clerk. The Board agreed that if an assistant to the Director couldn't be attained an additional person to the current staff is needed.
