The Chair called the public meeting to order at 6:30 p.m. on **March 20, 2014** in room 304.

- I. Open Hearing- Cecil Smith/Mary Robinson Landfill re: Discussion on Mitigation Measures to Recommend to the DEP.** – The Select Board is holding an emergency meeting to discuss the decision that will be made on March 25, 2014, regarding the capping of the landfill. The Select Board will enter into mitigation to ask for the top three issues of importance to be addressed. Anything we bring up at mitigation, we have been told by the DEP, may be approved but it will come at the cost on extra soil added to the height.

We will stay at the 5% slope in order of ranking our concerns to the DEP before we submit:

1. Surety Protection Bond - for the residential wells and dust mitigation.
 2. Performance Bond – to assure the work is completed within a three year time frame.
 3. Traffic Controls- prohibiting work on Saturdays, bus route connection and a 9-5 weekday schedule.
- *After a motion was made by Selectwoman Lara Stone, and seconded by Vice Chair Michael Watson, it was unanimously voted to approve the mitigation points.*

Attest:

David G. Cressman, Town Administrator
