DEEP RIVER, CT.

The April 4, 2011 meeting of the Deep River Fire Commission began at 7:01 P.M. with Spitzschuh, Lee, Kollmer, and Woodcock in attendance. Fire Marshal Nolin was also present. Berardis was absent.

The March 7, 2011 minutes were reviewed and approved with one correction. The Fire Marshal was unaware of the Ambulance Barn's original building coming down until he was advised of it at that meeting. Moved by Kollmer, 2nd by Woodcock. Unan.

The transfer has not come through yet.

There have already been eight calls this month.

An email from Kathy at Town Hall disclosed a call from George Hickey from Firestone Building Supply, stating that the warrantee for the Firehouse was about to expire and asked if it should be renewed. There was a discussion about this, and Woodcock decided to speak with the Selectman about options. He also does not know what the estimate would be to have a new warrantee written.

Radio towers are needed. He will look into forming a Radio Committee.

There was no Deputy's report.

Fire Marshal submitted bills, Activity Report.

He also reports a master key was added to the Knox box at Piano works, which should give access to most of the units.

There was no Engineer's report.

There was no Chairman's report.

There was no Old Business.

Under Other Business, there was a discussion about the expense payments of three or four Members that attended Training in New York City.

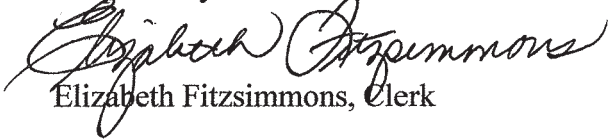

Upcoming events will be a Lime Sale, Roast Beef Diner, and propane training class.

There was also some discussion on the Building Committee and how the Phase I meeting went, and what was expected from the Phase II meeting. There will be a special meeting

of the Building Committee with the Board of Selectmen coming up shortly. Some of the issues will be discussed directly with that Board.
