

Deep River Board of Fire Commissioners

57 Union Street • Deep River, CT 06417

May 7, 2019

The May 6, 2019 meeting of the Deep River Fire Commission began at 7:08 P.M. with Bowden, Budney, Dube, Tim Lee, and David in attendance. Engineer Tom Lee, A. McDonald, and Rep Jeff from VIS were also present.

The minutes of the April 1, 2019 were reviewed and accepted as written. Moved by Lee, 2nd, Bowden. Unan.

The meeting began with Jeff the Rep. reviewing supplemental Insurance, and answering questions about the coverage.

Financial Statements were reviewed. The Vehicle Maintenance budget is high, McDonald said the Town would work with the Commission to obtain necessary equipment as needed.

Chief reports six calls last month.

A joint training they had with Essex went well.

He is working with CIRMA to get a set, set of standards for physicals, so Department members can have options to where they get their physicals.

There was no Deputy's report.

There was no Engineer's report.

The Fire Marshal submitted his Activity Report (two month), and it was reviewed.

Chairman reported it looks good for new apparatus. McDonald was there to support and explain how this would work.

Bowden and McDonald also meet with DEEP, and the Civil Engineer to see if the build was possible. It seems some areas will need to be elevated to above flood level to come up to code.

Discussed was retitling the new Firehouse, to renovated Firehouse.

Under Old Business, S. Budney handed out flyers for the car show, and a fund raiser.

Under Other Business, the old false alarm letter was further reviewed, and seems as it was null and void after another vote on the subject was voted into place.

This meeting adjourned at 8:20. Moved by David, 2nd, Budney. Unan.

Respectfully Submitted,

Elizabeth Thompson
Clerk
