

Deep River Board of Fire Commissioners

57 Union Street • Deep River, CT 06417

June 4, 2019

The June 3, 2019 meeting of the Deep River Fire Commission began at 7:09 P.M. with Bowden, Budney, and Tim Lee. Engineer Tom Lee, and S. Budney were also present. Dube and David were absent.

The minutes of the May 6, 2019 were reviewed and accepted as written. Moved by Budney, 2nd, Bowden. Unan.

Financial Statements were reviewed. The Vehicle Maintenance budget is high, Hose and ladder testing still need to be done. Someone will ask the Town how to code any other bills on that account, after McDonald said the own would work with the Commission. All other bills were normal.

Chief reports 14 calls last month.

They had another successful Community Breakfast, but he didn't feel it was as well attended as others.

There was an extensive conversation on low band radios, and conversations with VSCC on the matter. Although they work very well with Deep River's terrain, it is getting harder to purchase parts needed to keep them running. There will be communication from VSCC coming out to address this subject. They will also ask for a meeting with the Selectman to further address this issue.

There was no Deputy's report.

There was no Engineer's report.

The Fire Marshal submitted his Activity Report. It was reviewed.

Chairman reports he had an opportunity to speak with the Selectman about the budget and where the money would come from.

He also said that Munger needed to into Headquarters this Wednesday to continue working on updated plans for a renovated/new firehouse.

Under Old Business, J. Budney reported that there are standards for physicals for members over the age of 60.

There was no Other Business.

There was no new business.

This meeting adjourned at 7:40. Moved by Budney, 2nd, Bowden. Unan.
Respectfully Submitted.

Christina Pappas
Clerk

**Office of the Fire Marshal
Town of Deep River**
