

DESIGN ADVISORY BOARD MEETING

Thursday, October 25, 2012 6:30PM
Deep River Town Hall

AGENDA:

- Shoe Box storefront signage
- Veteran's Green Memorial update
- Brewer Marina update
- 246 Main Street shops update
- P & Z Memo – 10-18-12
- Resolutions

1. The Planning and Zoning Regulations for Deep River's Village Districts should be extended to cover the historic landing areas, or preferably, similar regulations should be approved for all properties within Deep River's designated Gateway areas.

2. Planning and Zoning should require that all builders/developers applying for new construction permits or permits to significantly modify structures should obtain the advice of Deep River's Design Advisory Board. Planning and Zoning, however, will not consider the DAB's recommendations unless the properties are within the boundaries of the designated Village Districts.
