Tri-Town Beach Meeting Minutes

Present: Sue Monahan, Edith Ostrowski, Bill Skroski, Sharyn Paciorek, Dana Lavigne, Betty Orloski

Issues discussed:

Water: Beach is closed until the test numbers come down to meet the state guidelines. Testing will be done daily for the next 2 days, longer if numbers are still failing.

Picnic: Weather was not great. Seniors did come and stay. A good time was still had, went through a lot of food. People that came stayed for quite a while. Success.

Lifeguard staffing. They need to check cars for passes. Cell phone use seems excessive. We will meet with all staff at the next meeting to discuss issues. Also need to look into getting umbrellas that tilt so the guards can stay shaded while in the chairs.

Frontier Day Camp and Bement Camp: They have not come this summer, no issues.

Next meeting to be held Monday, August 15 at 6:30pm at the beach.

AGENDA for 8/15/11: Speak with staff about beach procedures/expectations.

Water tests.
