Meeting – April 30, 2015

Present: Steve Barrett, Ben Byrne, Brian Dejnak, Bob Cowles
Absent: Louie Misiun, Jr.

The meeting was called to order at 7:05 with Steve presiding. Members of the Commission introduced themselves and minutes of the March meeting were approved.

New Business:

- **NOI – Merrigan Way - (DEP # 142-0201)** Associated Builders representing NENB – Kim Masiuk, Tim Houle, and John Broucek (NENB)

New England Natural Bakers is preparing to build a new facility on a portion of the Oxford property. Portions of the project will involve activity in the resource area of Sugarloaf Brook. Ms. Masiuk presented a plan that included stormwater management for a hundred year storm, as well as practices to be followed once the project is complete.

Following a brief period discussion **a motion was made by Steve Barrett, seconded by Ben Byrne, and unanimously voted, to approve the plan based upon the NOI, dated 3/27/2015 with accompanying plans dated 4/30.2015.**

- **Enforcement Order – 5 Captain Lathrop Dr.**
In response to a report of dumping on Bloody Brook at the above address, a letter was sent advising the property owner to cease and desist. However, the letter, sent certified, was not received in a timely fashion; in the meantime a great deal of work was done. Acting with approval of DEP, an Enforcement Order with conditions requiring the hiring of a wetlands consultant approved by DEP and an acceptable plan for restoration and stabilization be presented for approval by dates certain.

Old Business:

- **Certificate of Compliance – Mill Village Riverbank Stabilization (DEP# 142-0175)**
New England Environmental (NEE) has completed a five year monitoring of the riverbank stabilization and has requested release. The Commission conducted a site visit prior to the meeting and voted to sign the Certificate, relieving NEE from further monitoring.

Next meeting: The date of May 28, 2015 at 7:00 pm was set for the next meeting.

The meeting adjourned at 8:13 pm.

Respectfully submitted,
Priscilla Phelps
