

DEERFIELD ENERGY RESOURCES COMMITTEE

AGENDA | October 24th, 2013 | Deerfield Town Hall, Room 130 | 4:00 PM

1. Establish minute taker
2. Minutes Review:
Review 9/26/13 Minutes
3. 12/12 Campaign:
 - a. 12/12 sign currently compares to previous year. Started in 2012, “revised history” is that we want to reduce 12% starting in 2012. Real history was comparison to baseline at 2011. Compared to 2011 the town has reduced use ~3-7%/month, but less in comparison to 2012. So, should we change sign to be “2011” as opposed to “last year?” We had agreed to think about it for a month.
 - b. Brochure to explain the sign (see above).
 - c. Number of residents receiving audits since January (WMECO/Berkshire Gas)
4. Green Communities:
 - a. Update on clarification of GC spending for DES project
 - b. Update on WWTP PV Array RFP progress
 - i. Meeting with Jim Barry
 - ii. DERC recommendations sent to Town Administrator
 - c. Update on midnight shutoff presentation to Selectboard
 - i. Lumen reduction
 - ii. Edits to list as per Selectboard
 - d. School’s ventilation louvers
5. Discuss next steps on residential advocacy campaign:
 - a. Update on efforts improving home audits
 - b. Community solar project possibilities
6. Schedule next meeting
