

Deerfield Energy Resources Committee

Friday June 5, 2009

Present: MA, Amy, Kathy, Jay, Barbara

Correct minutes to say “get schools to do things” and corrected name to read Karen Herold James. Amy moved to accept and Jay seconded Accepted 5-0

Amy went to Selectboard to talk about 350 and they asked what the Town could. Also, Carolyn talked about street lighting and told Amy that she is working with WMECO. Amy informed DERC that Karen at the would be in charge of MMA

DERC discussed 350, photo voltaic and the use of them at UMASS. MA is sending out e-mail to schools in Town to set up organizational meeting for 350 events in the Fall. The Town also approved that we advocate with Congressional delegation for 350 at Copenhagen conference in Fall.

Barbara asked about harmful effects of proposed Bio-Mass plant in GFLD. Jay explained that the nano particles can get into the lungs if the filters are not checked and maintained.

Next meeting will be held when 350 meeting date is set.

Respectfully submitted

Kathy Melnik
