**Transfer Station Bid**

The Board reviewed a bid submitted by Brookview Gardens, Inc. for work to be done at the transfer station. The work involved finishing the grade around the newly poured cement pad and adding paving around it. A paving patch will be installed between two dumpsters where a hole exists where previous paving crumbled. Both paving jobs will be 2 inches deep when compacted per Mr. LaMarre by phone to Mr. Parkin. The pavement should hold up for at least two years if no roll-offs or heavy equipment crosses over it.

The Board approved the proposal for \$4,100.00.

Board would like to find someone to cut the grass at the transfer station monthly especially around the fencing. Secretary will check with Conservation Secretary to find out who cuts Town property.

Board signed a septic permit to replace a D-Box.

The meeting adjourned at 7:40 P.M.
