

**SAFE PATHWAYS COMMITTEE MEETING
JUNE 23, 9AM TOWN HALL**

The meeting was called to order at 9:05 AM by John Callahan.

Present: John Callahan, Susan Psaledakis, Dianna Dalida, Catherine and Bob Irzyk and Madonna McKenzie.

The minutes of the May 13,2015 and June 10,2015 were read and accepted with minor corrections.

Madonna brought us up to date on the Mass. Federal Mandate Storm Water Management plan. No impermeable substance such as concrete can be used for sidewalks. Susan offered to contact a member of the Concord Pathways Committee to discuss this change. As we had considered concrete for the pathway we will need to rethink the choice of surface. Susan also offered to find out the highway standards from Mass. DOT.

Future plans for the direction of this committee were discussed. It was suggested we develop a master plan of pathways to link the center of town to other significant places within walking distance. We feel it is necessary to communicate closely with the highway department, conservation, water and recreation committees in order to integrate any overlapping plans. Tracy Hutton, Town Administrator, will be invited to meet with us at our next meeting.

The meeting was adjourned at 11AM. Our next meeting to be scheduled late August or early September.

Agenda Items for next meeting:

1. Meet newTown Administrator
2. Election of committee officers.
3. Review status of High to Highland Street proposed pathway.
4. Initial look at east of Town Hall on 113.
5. Plan year goals.

Submitted by Catherine Irzyk, Recording Secretary.
