Master Plan update, according to Sue the homework was on answering questions relating to Cultural and Historic happenings in town.

Paul talked about how the Cemetary Commission should be at the next meeting with the engineer Eric to discuss how BSC Group could help with the Cemetary reconstruction.

John talked about the seminar he attended about trails and how to approach DRLT to see if they would like to join forces to mark and maintain trails.

In previous years we borrowed the NMCOG's GPS and John in their office generated the maps after we retrieved the data.

Do we want to check with Tracey or NMCOG to see if we can use their equipment and who can transfer the data onto maps, and maintenance of the trails?

Sue suggested a class taught in morning regarding trails and work on trails in the afternoon.

John will see when Tracey can attend a Safe Pathways meeting to suggest our committee take over the Complete Streets Initiative in January 2018.

Maybe invite DRLT and Conservation to our February 2018 meeting.

John will get names of people for talks at the Trustees of the Reservation.

Dianna to contact NMCOG to see who would oversee deciphering data onto maps.

Sue made a motion to adjourn the meeting and Catherine 2<sup>nd</sup> the motion the meeting was adjourned at 8:45 PM

Our next meeting will tentatively be Thursday January 18, 2018 at 7:00 PM
