Pat Harmon (1) inquired on the town's collection rate of taxes and if the collections are up to date; and (2) suggested that citizens take notice of the field of flags at the South Congregational Church on Forbes Street.

Bill Horan (1) concurred with Councillor Harmon on the sight of the field of flags at South Congregational Church; (2) commented on the placement of flags by the Boy Scouts

in town cemeteries; and (3) stated that East Hartford sports leagues are doing wonderfully and noted that the recent win of the East Hartford High School Girl's Softball team might be due in part to the grand slam homerun hit by sophomore Kevi Oatway, whose batting average is nearly 600, with an on base percentage of over 800.

Mayor Leclerc noted that the annual Spring Clean-up – Mission Possible – will be held on Saturday, May 19th and looks forward to seeing the Councillors at this event. Additionally, the Mayor stated that Project Graduation Golf Tournament will be held on Saturday at Long Hill Country Club.

Raymond Library Addition Project

SUBJ: Referral to Council - Connecticut State Library Construction Grant
Authorizing Resolution (Roof and Mechanicals)

DATE: May 22, 2012

Grant funding is available to library associations and State of Connecticut listed 'distressed municipalities' to provide 20% of the cost of renovations to existing library structures. As you are aware, the Town of East Hartford was recently awarded \$4 million dollars in State of Connecticut bond funds through the State Public Library Construction Grant program to construct an addition to the Raymond Library. We are now seeking funding to address the leaking flat roof on the existing main library as well as replacing and upgrading mechanical systems with more energy efficient ones. The total estimated cost of this project is \$1,000,000 (one million dollars).

The Raymond Library building is owned by the Raymond Library Company (RLC) and leased to the Town for 99 years for \$1. Because of this arrangement, it is the RLC as "owner" that must formally make application for grant funds to the Connecticut State Public Library Construction Grant program. That group authorized a resolution on May 8, 2012 supporting this application. It is our intention to continue to partner with the RLC by providing the 80% of funding necessary to accomplish our shared goal. The Town's portion of funding will be provided by the lease financing of an energy performance contract whereby the guaranteed savings provided by the installation of energy efficient mechanicals will pay for the capital cost and debt service of the installation.

I am requesting that the attached authorizing resolution be placed on the Town Council agenda for their meeting to be held Tuesday, June 5, 2012. It will allow you to execute documents that are necessary to access this funding should the RLC be successful with their application.

The term "Official Notice", as used herein, shall be construed to include, but not be limited to any request, demand, authorization, direction, waiver, and/or consent of the Party(ies) as well as any document(s), including any electronically produced versions provided, permitted, or required for the making or ratification of any change, revision, addition to or deletion from the document, contract, or agreement in which this "Official Notice" specification is contained.

Further, it is understood and agreed that nothing hereinabove contained shall preclude the Parties from subsequently agreeing, in writing, to designate alternate persons (by name, title, and affiliation) to which such notice(s) is(are) to be addressed; alternate means of conveying such notice(s) to the particular party(ies); and/or alternate locations to which the delivery of such notice(s) is (are) to be made, provided such subsequent agreement(s) is (are) concluded pursuant to the adherence to this specification.

- 4.04 That the Second Party shall assume full responsibility for the accuracy of all products of its work or that of any consultants utilized under this Agreement and shall so indicate by having the signature and Connecticut Professional Engineer's Seal of any engineer used to perform work under the terms of this Agreement affixed on the title sheet(s) of all plans and/or documents. In addition, the title sheet(s) of all plans and/or documents will be signed by the authorized individual of the Second Party responsible for receipt of "Official Notices".
- 4.05 That the Second Party shall record the Agreement (including any supplements thereto, if any) in the Land Records of the town(s) wherein the Project is located, at no expense to the State; and the recording shall be done immediately upon notification that the fully executed and approved Agreement is ready to be recorded. - 4.06 The duration of the Agreement shall not be limited by the term of the Permit issued by the State, but shall remain in full force and effect until the State and the Second Party mutually agree in writing to terminate the Agreement. Any such action may be taken by the State for its own convenience.

Both parties agree that it is fair and reasonable for the validity and construction of the Agreement to be, and it shall be, governed by the laws and court decisions of the State of Connecticut, without giving effect to its principles of conflicts of laws. To the extent that any immunities provided by Federal law or the laws of the State of Connecticut do not bar an action against the State, and to the extent that these courts are courts of competent jurisdiction, for the purpose of venue, the complaint shall be made returnable to the Judicial District of Hartford only or shall be brought in the United States District Court for the District of Connecticut only, and shall not be transferred to any other court, provided, however, that nothing here constitutes a waiver or compromise of the sovereign immunity of the State of Connecticut. The Second Party waives any objection which it may now have or will have to the laying of venue of any Claims in any forum and further irrevocably submits to such jurisdiction in any suit, action or proceeding.

The Parties acknowledge and agree that nothing in the Agreement shall be construed as a modification, compromise or waiver by the State of any rights or defenses of any immunities provided by Federal law or the laws of the State of Connecticut to the State or any of its officers and employees, which they may have had, now have or will have with respect to all matters arising out of the Agreement. To the extent that this subsection conflicts with any other subsection, this subsection shall govern.

- 4.09 That all of the Second Party's obligations hereunder shall survive this or any other agreement or action, including, without limitation, any consent decree, or order, between the Second Party and the government of the United States or any department or agency thereof, the State and/or the Municipality.
- 4.10 That this Agreement (including each and every component of the hereinabove specified Supporting Documents as the same may be revised and/or amended) constitutes, when fully executed and approved as indicated, the entire agreement between the parties hereto and shall supersede all previous communications, representations or agreements, either oral or written, between the parties hereto with respect to the subject matter hereof; no

agreement or understanding varying or extending the same shall be binding on either party unless in writing signed by both parties hereto and approved in like fashion; and nothing contained in this Agreement shall be construed as waiving any of the rights of the State under the laws of Connecticut, as may be amended.

- 4.11 That in case of conflict between the Agreement and terms or requirements of any other documents, the Agreement shall govern.

EXHIBIT A
STANDARD ENCROACHMENT AGREEMENT SPECIFICATIONS & COVENANTS
CONNECTICUT DEPARTMENT OF TRANSPORTATION
April, 2012

These "Standard Encroachment Agreement Specifications & Covenants, Connecticut Department of Transportation" are primarily intended as an integral component of, and to be used in conjunction with the properly executed written agreement entered into by the State of Connecticut, Department of Transportation and, as the Second Party thereto, any municipality seeking permission to utilize a limited portion of a State highway for a purpose not in conflict with the best interests of the State of Connecticut.

(1) The Second Party shall not perform any maintenance prior to the effective date of the Permit specified as a component of the Supporting Documents identified in the Agreement.

(2) The Second Party shall assume all maintenance of the Project from the effective date of the Permit and through completion of the Project. Such maintenance shall include, but not be limited to, the adequate maintenance and protection of traffic at all times during all phases of the Project in accordance with the terms of the Permit.

(3) The Second Party shall provide, upon the completion of the Project, and upon obtaining written permission of the State on each such occurrence, all physical maintenance of all portions of the Project within the State highway limits, except as may be otherwise specified in the Agreement, which maintenance shall not be the occasion of any cost or expense to the State in any manner whatsoever. Any cost or expense incurred by the State in connection herewith shall be reimbursed to the State upon official notice to the Second Party as specified in this Agreement.

(4) In the event that the State deems it advisable, convenient or necessary to design, construct, reconstruct, install or maintain a highway or portion thereof or any storm drainage facilities or any other highway appurtenance or construction activity within the Project area, the Second Party shall bear the entire cost of relocating the Project that may be required as a result of such future State activity.

(5) The Second Party acknowledges that notwithstanding the fact that it may be eligible for reimbursement from the State under the laws of the State of Connecticut, for its costs to readjust, relocate or remove the Project within or from the State highway right of way, the Second Party, on behalf of itself and its successors in interest, does herein waive any right to reimbursement that it may have against the State with respect to the Project.

This provision shall survive the Agreement.

EXHIBIT B
and Schedules 1-3
MANDATORY STATE AND FEDERAL ADMINISTRATIVE REQUIREMENTS

The Second Party and its invitees shall be cognizant of and fully comply with the following:

- (1) As a condition to receiving federal financial assistance under this Contract/Agreement, if any, the Second Party shall comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. §§ 2000d - 2000d-7), all requirements imposed by the regulations of the United States Department of Transportation (49 CFR Part 21) issued in implementation thereof, and the "Title VI Assurances for Deeds, Licenses, Leases, Permits or Similar Instruments", as set forth in Exhibit B, Schedule 1 (attached herewith and incorporated by reference).
- (2) Executive Orders. This Agreement is subject to the provisions of Executive Order No. Three of Governor Thomas J. Meskill, promulgated June 16, 1971, concerning labor employment practices, Executive Order No. Seventeen of Governor Thomas J. Meskill, promulgated February 15, 1973, concerning the listing of employment openings and Executive Order No. Sixteen of Governor John G. Rowland promulgated August 4, 1999, concerning violence in the workplace, all of which are incorporated into and are made a part of the Agreement as if they had been fully set forth in it. The Agreement may also be subject to Executive Order No. 7C of Governor M. Jodi Rell, promulgated July 13, 2006, concerning contracting reforms and Executive Order No. 14 of Governor M. Jodi Rell, promulgated April 17, 2006, concerning procurement of cleaning products and services, in accordance with their respective terms and conditions. If Executive Orders 7C and 14 are applicable, they are deemed to be incorporated into and are made a part of the Agreement as if they had been fully set forth in it. At the Second Party's request, the State shall provide a copy of these orders to the Second Party.
- (3) The Second Party hereby acknowledges and agrees to comply with the policies enumerated in "Connecticut Department of Transportation Policy Statement Policy No. F&A-10, Subject: Code of Ethics Policy," June 1, 2007, as set forth in Exhibit B, Schedule 2 (attached herewith and incorporated by reference).
- (4) That suspended or debarred contractors, consulting engineers, suppliers, materialmen, lessors, or other vendors may not submit proposals for a State contract or subcontract during the period of suspension or debarment regardless of their anticipated status at the time of contract award or commencement of work.
- (a) The signature on the Agreement by the Second Party shall constitute certification that to the best of its knowledge and belief the Second Party or any person associated therewith in the capacity of owner, partner, director, officer, principal investigator, project director, manager, auditor, or any position involving the administration of Federal or State funds:
 - (i) Is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
 - (ii) Has not, within the prescribed statutory time period preceding this Agreement, been convicted of or had a civil judgement rendered against him/her for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction, violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - (iii) Is not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (a)(ii) of this certification; and
 - (iv) Has not, within a five-year period preceding this Agreement, had one or

more public transactions (Federal, State or local) terminated for cause or default.

- (b) Where the Second Party is unable to certify to any of the statements in this certification, such Second Party shall attach an explanation to this Agreement.

The Second Party agrees to insure that the following certification be included in each subcontract Agreement to which it is a party, and further, to require said certification to be included in any subcontracts, sub-subcontracts and purchase orders:

- (i) The prospective subcontractors, sub-subcontractors participants certify, by submission of its/their proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
 - (ii) Where the prospective subcontractors, sub-subcontractors participants are unable to certify to any of the statements in this certification, such prospective participants shall attach an explanation to this proposal.
- (5) This clause applies to those second parties who are or will be responsible for compliance with the terms of the American with Disabilities Act of 1990 ("Act"), Public Law 101-336, during the term of the Agreement. The Second Party represents that it is familiar with the terms of this Act and that it is in compliance with the Act. Failure of the Second Party to satisfy this standard as the same applies to performance under this Agreement, either now or during the term of the Agreement as it may be amended, will render the Agreement voidable at the option of the State upon notice to the Second Party. The Second Party warrants that it will hold the State harmless and indemnify the State from any liability which may be imposed upon the State as a result of any failure of the Second Party to be in compliance with this Act, as the same applies to performance under this Agreement.
- (6) When the Second Party receives State or Federal funds it shall incorporate the "Connecticut Required Contract/Agreement Provisions, Specific Equal Employment Opportunity Responsibilities" (SEEOR), dated March 3, 2009, as set forth in Exhibit B, Schedule 3 (attached herewith and incorporated by reference), as may be amended from time to time, as a material term of any contracts/agreements it enters into with its contractors, consulting engineers or other vendors, and shall require the contractors, consulting engineers or other vendors to include this requirement in any of its subcontracts. The Second Party shall also attach a copy of the SEEOR, as part of any contracts/agreements with contractors, consulting engineers or other vendors and require that the contractors, consulting engineers or other vendors attach the SEEOR to its subcontracts.

Schedule 1

Enforcement

The Department expects that all employees will comply with all laws and policies regarding ethical conduct. Violations of the law may subject an employee to sanctions from agencies or authorities outside the DOT. Whether or not another agency or authority imposes such sanctions, the Department retains the independent right to review and respond to any ethics violation or alleged ethics violation by its employees. Violations of this policy or ethics statutes, as construed by the DOT, may result in disciplinary action up to and including dismissal from State service.

Prohibited Activities

1. **Gifts:** DOT employees (and in some cases their family members) are prohibited by the Code of Ethics and this Policy from accepting a gift from anyone who is: (1) doing business with, or seeking to do business with, the DOT; (2) directly regulated by the DOT; (3) prequalified as a contractor pursuant to Conn. Gen. Stat. §4a-100 by the Commissioner of the Department of Administrative Services (DAS); or (4) known to be a registered lobbyist or a lobbyist's representative. These four categories of people/entities are referred to as "restricted donors." A list of registered lobbyists can be found on the web site of the Office of State Ethics (www.ct.gov/ethics/site/default.asp). A list of prequalified consultants and contractors, *i.e.*, those seeking to do business with the DOT, can be found on the DOT's Internet site under "Consultant Information" and "Doing Business with ConnDOT," respectively.

The term "gift" is defined in the Code of Ethics for Public Officials, Conn. Gen. Stat. §1-79(e), and has numerous exceptions. For example, one exception permits the acceptance of food and/or beverages valued up to \$50 per calendar year from any one donor and consumed on an occasion or occasions while the person paying or his representative is present. Therefore, such food and/or beverage is not a "gift." Another exception permits the acceptance of items having a value up to ten dollars (\$10) provided the aggregate value of all things provided by the donor to the recipient during a calendar year does not exceed fifty dollars (\$50). Therefore, such items are not a "gift." Depending on the circumstances, the "donor" may be an individual if the individual is bearing the expense, or a donor may be the individual's employer/group if the individual is passing the expense back to the employer/group he/she represents.

This policy requires DOT employees to immediately return any gift (as defined in the Code of Ethics) that any person or entity attempts to give to the employee(s). If any such gift or other item of value is received by other than personal delivery from the subject person or entity, the item shall be taken to the Office of Human Resources along with the name and address of the person or entity who gave the item. The Office of Human Resources, along with the recipient of the item of value, will arrange for the donation of the item to a local charity (e.g., Foodshare, local soup kitchens, etc.). The Office of Human Resources will then send a letter to the gift's donor advising the person of the item's donation to charity and requesting that no such gifts be given to DOT employees in the future.

2. **Contracting for Goods or Services for Personal Use With Department Contractors, Consultants, or Vendors:** Executive Order 7C provides that: "Appointed officials and state employees in the Executive Branch are prohibited from contracting for goods and services, for personal use, with any person doing business with or seeking business with his or her agency, unless the goods or services are readily available to the general public for the price which the official or state employee paid or would pay."

3. ***Gift Exchanges Between Subordinates and Supervisors/Senior Staff:*** A recent change in the Code of Ethics prohibits exchanges of gifts valued at \$100 or more between (*i.e.*, to and from) supervisors and employees under their supervision. The Citizen's Ethics Advisory Board has advised that: (1) the monetary limit imposed by this provision is a per-gift amount; (2) gifts given between supervisors and subordinates (or vice versa) in celebration of a "major life event," as defined in the Code of Ethics, need not comply with the \$100 limit; and (3) the limitations imposed by this provision apply to a direct supervisor and subordinate and to any individual up or down the chain of command. The Citizen's Ethics Advisory Board has also advised that supervisors or subordinates may not pool their money to give a collective or group gift valued at \$100 or more, even though each of the individual contributions is less than \$100.
4. ***Acceptance of Gifts to the State:*** A recent change to the Code of Ethics for Public Officials modified the definition of the term "gift" to limit the application of the so-called "gift to the State" exception. In general, "gifts to the State" are goods or services given to a State agency for use on State property or to support an event and which facilitate State action or functions. Before accepting any benefit as a "gift to the State," DOT employees should contact the Ethics Compliance Officer.
5. ***Charitable Organizations and Events:*** No DOT employee shall knowingly accept any gift, discount, or other item of monetary value for the benefit of a charitable organization from any person or entity seeking official action from, doing or seeking business with, or conducting activities regulated by, the Department.
6. ***Use of Office/Position for Financial Gain:*** DOT employees shall not use their public office, position, or influence from holding their State office/position, nor any information gained in the course of their State duties, for private financial gain (or the prevention of financial loss) for themselves, any family member, any member of their household, nor any "business with which they are associated." In general, a business with which one is associated includes any entity of which a DOT employee or his/her immediate family member is a director, owner, limited or general partner, beneficiary of a trust, holder of 5 percent or more stock, or an officer (president, treasurer, or executive or senior vice president). DOT employees shall not use or distribute State information (except as permitted by the Freedom of Information Act), nor use State time, personnel, equipment, or materials, for other than State business purposes.
7. ***Other Employment:*** DOT employees shall not engage in, nor accept, other employment that will either impair their independence of judgment with regard to their State duties or require or induce them to disclose confidential information gained through their State duties.

Any DOT employee who engages in or accepts other employment (including as an independent contractor), or has direct ownership in an outside business or sole proprietorship, shall complete an Employment/Outside Business Disclosure Form (see attached) and submit it to the Department's Human Resources Administrator. Disclosure of other employment to the DOT Human Resources Administrator shall not constitute approval of the other employment for purposes of the Code of Ethics for Public Officials.

Inquiries concerning the propriety of a DOT employee's other employment shall be directed to the Office of State Ethics to assure compliance with the Code of Ethics for Public Officials. Employees anticipating accepting other employment as described above should give ample time (at least one month) to the Office of State Ethics to respond to such outside employment inquiries. No employee of the DOT shall allow any private obligation of employment or enterprise to take precedence over his/her responsibility to the Department.

8. ***Outside Business Interests:*** Any DOT employee who holds, directly or indirectly, a financial interest in any business, firm, or enterprise shall complete an Employment/Outside Business Disclosure Form (see attached) and submit it to the Department's Human Resources Administrator. An indirect financial interest includes situations where a DOT employee's spouse has a financial interest in a business, firm, or enterprise. A financial interest means that the employee or his spouse is an owner, member, partner, or shareholder in a non-publicly traded entity. Disclosure of such outside business interests to the DOT Human Resources Administrator shall not constitute approval of the outside business interest under this Policy or the Code of Ethics for Public Officials. DOT employees shall not have a financial interest in any business, firm, or enterprise which will either impair their independence of judgment with regard to their State duties or require or induce them to disclose confidential information gained through their State duties. Inquiries concerning the propriety of a DOT employee's outside business interests shall be directed to the Office of State Ethics to assure compliance with the Code of Ethics for Public Officials.
9. ***Contracts With the State:*** DOT employees, their immediate family members, and/or a business with which a DOT employee is associated, may not enter into a contract with the State, other than pursuant to a court appointment, valued at \$100 or more unless the contract has been awarded through an open and public process.
10. ***Sanctioning Another Person's Ethics Violation:*** No DOT official or employee shall counsel, authorize, or otherwise sanction action that violates any provision of the Code of Ethics.
11. ***Certain Persons Have an Obligation to Report Ethics Violations:*** If the DOT Commissioner, Deputy Commissioner, or "person in charge of State agency procurement" and contracting has reasonable cause to believe that a person has violated the Code of Ethics or any law or regulation concerning ethics in State contracting, he/she must report such belief to the Office of State Ethics. All DOT employees are encouraged to disclose waste, fraud, abuse, and corruption about which they become aware to the appropriate authority (see also Policy Statement EX.O.-23 dated March 31, 2004), including, but not limited to, their immediate supervisor or a superior of their immediate supervisor, the DOT Office of Management Services, the Ethics Compliance Officer, the Auditors of Public Accounts, the Office of the Attorney General, or the Office of the Chief State's Attorney.
12. ***Post-State Employment Restrictions:*** In addition to the above-stated policies of the Department, DOT employees are advised that the Code of Ethics for Public Officials bars certain conduct by State employees *after they leave State service. Upon leaving State service:*
 - ***Confidential Information:*** DOT employees must never disclose or use confidential information gained in State service for the financial benefit of any person.
 - ***Prohibited Representation:*** DOT employees must never represent anyone (other than the State) concerning any "particular matter" in which they participated personally and substantially while in State service and in which the State has a substantial interest.

DOT employees also must not, for one year after leaving State service, represent anyone other than the State for compensation before the DOT concerning a matter in which the State has a substantial interest. In this context, the term "represent" has been very broadly defined. Therefore, any former DOT employee contemplating post-State employment work that might involve interaction with any bureau of DOT (or any Board or Commission administratively under the DOT) within their first year after leaving State employment should contact the DOT Ethics Compliance Officer and/or the Office

of State Ethics.

- **Employment With State Vendors:** DOT employees who participated substantially in, or supervised, the negotiation or award of a State contract valued at \$50,000 or more must not accept employment with a party to the contract (other than the State) for a period of one year after resigning from State service, if the resignation occurs within one year after the contract was signed.

13. **Ethical Considerations Concerning Bidding and State Contracts:** DOT employees also should be aware of various provisions of Part IV of the Code of Ethics that affect any person or firm who: (1) is, or is seeking to be, prequalified by DAS under Conn. Gen. Stat. §4a-100; (2) is a party to a large State construction or procurement contract, or seeking to enter into such a contract, with a State agency; or (3) is a party to a consultant services contract, or seeking to enter into such a contract, with a State agency. These persons or firms shall not:

- With the intent to obtain a competitive advantage over other bidders, solicit any information from an employee or official that the contractor knows is not and will not be available to other bidders for a large State construction or procurement contract that the contractor is seeking;
- Intentionally, willfully, or with reckless disregard for the truth, charge a State agency for work not performed or goods not provided, including submitting meritless change orders in bad faith with the sole intention of increasing the contract price, as well as falsifying invoices or bills or charging unreasonable and unsubstantiated rates for services or goods to a State agency; and
- Intentionally or willfully violate or attempt to circumvent State competitive bidding and ethics laws.

Firms or persons that violate the above provisions may be deemed a nonresponsible bidder by the DOT.

In addition, no person with whom a State agency has contracted to provide consulting services to plan specifications for any contract, and no business with which such person is associated, may serve as a consultant to any person seeking to obtain such contract, serve as a contractor for such contract, or serve as a subcontractor or consultant to the person awarded such contract.

DOT employees who believe that a contractor or consultant may be in violation of any of these provisions should bring it to the attention of their manager.

Training for DOT Employees

A copy of this policy will be posted throughout the Department, and provided to each employee either in hard copy or by e-mail. As set forth above, State law requires that certain employees involved in contractor/consultant/vendor selection, evaluation, or supervision must undergo annual ethics training coordinated or provided by the Ethics Compliance Officer. If you believe your duties meet these criteria, you should notify your Bureau Chief to facilitate compilation of a training schedule. In addition, the DOT Ethics Compliance Officer can arrange for periodic ethics training provided by the Office of State Ethics. Finally, the Department will make available, on its web site or otherwise, a copy of this policy to all vendors, contractors, and other business entities doing business with the Department.

It is strongly recommended that every DOT employee read and review the following:

CONNECTICUT REQUIRED CONTRACT/AGREEMENT PROVISIONS SPECIFIC EQUAL EMPLOYMENT OPPORTUNITY RESPONSIBILITIES

1. General:

a) Equal employment opportunity requirements not to discriminate and to take affirmative action to assure equal employment opportunity as required by Executive Order 11246, Executive Order 11375 are set forth in Required Contract Provisions (Form PR-1273 or 1316, as appropriate) and these Special Provisions which are imposed pursuant to Section 140 of Title 23 U.S.C., as established by Section 22 of the Federal-Aid Highway Act of 1968. The requirements set forth in these Special Provisions shall constitute the specific affirmative action requirements for project activities under this contract and supplement the equal employment opportunity requirements set forth in the Required Contract Provisions.

b) "Company" refers to any entity doing business with the Connecticut Department of Transportation and includes but is not limited to the following:

Contractors and Subcontractors
Consultants and Subconsultants
Suppliers of Materials and Vendors (where applicable)
Municipalities (where applicable)
Utilities (where applicable)

c) The Company will work with the Connecticut Department of Transportation (ConnDOT) and the Federal Government in carrying out equal employment opportunity obligations and in their review of his/her activities under the contract.

d) The Company and all his/her subcontractors or subconsultants holding subcontracts not including material suppliers, of \$10,000 or more, will comply with the following minimum specific requirement activities of equal employment opportunity: (The equal employment opportunity requirements of Executive Order 11246, as set forth in volume 6, Chapter 4, Section 1, subsection 1 of the Federal-Aid Highway Program Manual, are applicable to material suppliers as well as contractors and subcontractors.) The company will include these requirements in every subcontract of \$10,000 or more with such modification of language as necessary to make them binding on the subcontractor or subconsultant.

2. Equal Employment Opportunity Policy:

The Company will develop, accept and adopt as its operating policy an Affirmative Action Plan utilizing the ConnDOT Affirmative Action Plan Guideline. This Plan shall be designed to further the provision of equal employment opportunity to all persons without regard to their race, color, religion, sex or national origin, and to promote the full realization of equal employment opportunity through a positive continuation program.

3. Equal Employment Opportunity Officer:

The Company will designate and make known to ConnDOT contracting officers an Equal Employment Opportunity Officer (hereinafter referred to as the EEO Officer) who will have the responsibility for and must be capable of effectively administering and promoting an active equal employment opportunity program and who must be assigned adequate authority and responsibility to do so.

4. **Dissemination of Policy:**

a. All members of the Company's staff who are authorized to hire, supervise, promote and discharge employees, or who recommend such action, or who are substantially involved in such action, will be made fully cognizant of, and will implement, the Company's equal employment opportunity policy and contractual responsibilities to provide equal employment opportunity in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

(1) Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the Company's equal employment opportunity policy and its implementation will be reviewed and explained. The meeting will be conducted by the EEO Officer or other knowledgeable company official.

(2) All new supervisor or personnel office employees will be given a thorough indoctrination by the EEO Officer or other knowledgeable company official, covering all major aspects of the Company's equal employment opportunity obligations within thirty days following their reporting for duty with the Company.

(3) All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer or appropriate company official in the Company's procedures for locating and hiring minority group employees.

b. In order to make the Company's equal employment opportunity policy known to all employees, prospective employees and potential sources of employees, i.e., schools, employment agencies, labor unions (where appropriate), college placement officers, etc., the Company will place their equal employment opportunity policy in areas readily accessible to employees, applicants for employment and potential employees. The Company will bring the equal opportunity policy to the attention of employees through meetings, employee handbooks, or other appropriate means.

5. **Recruitment:**

a. When advertising for employees, the Company will include in all advertisements the notation: "An Equal Opportunity Employer". All such advertisements will be published in newspapers or other publications having a large circulation among minority groups in the area from which the project workforce would normally be derived. The Company shall comply with this provision and the recruitment requirements outlined in their ConnDOT approved Affirmative Action Plan.

b. The Company will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minority group applicants, including, but not limited to, State employment agencies, schools, colleges and minority group organizations. To meet this requirement, the Company will, through his/her EEO Officer, identify sources of potential minority group employees, and establish with such identified sources, procedures whereby minority group employees, and applicants may be referred to the Company for employment consideration.

In the event that the Company has a valid bargaining agreement providing for exclusive hiring hall referrals, he/she is expected to observe the provisions of that agreement to the extent that the system permits the Company's compliance with equal employment opportunity contract provisions. (The U.S. Department of Labor has held that where implementation of such agreements have the effect of discriminating against minorities or women, or obligates the Company to do the same, such implementation violates Executive Order 11246, as amended.)

c. The Company will encourage his/her present employees to refer minority group applicants for employment by posting appropriate notices or bulletins in areas accessible to all such employees. In addition, information and procedures with regard to referring minority group applicants will be discussed with employees.

6. **Personnel Actions:**

Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoffs, and termination, shall be taken without regard to race, color, religion, sex, or national origin, etc. The company's personnel actions shall comply with this provision and the requirements outlined in their ConnDOT approved Affirmative Action Plan.

a. The Company will conduct periodic inspections of project sites to insure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b. The Company will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The Company will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the Company will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d. The general contract provision entitled A(76) Affirmative Action Requirements is made part of this document by reference.

7. **Training and Promotion:**

a. The Company will assist in locating, qualifying, and increasing the skills of minority group and women employees, and applicants for employment.

b. Consistent with the Company's work force requirements and as permissible under Federal and State regulations, the Company shall make full use of training programs, i.e., apprenticeship, and on-the-job training programs for the geographical area of contract performance. Where feasible, 25 percent of apprentices or trainees in each occupation shall be in their first year of apprenticeship or training. In the event the Training Special Provision is provided under this contract, this subparagraph will be superseded.

c. The Company will advise employees and applicants for employment of available training programs and the entrance requirements for each.

d. The Company will periodically review the training and promotion potential of minority group and women employees and will encourage eligible employees to apply for such training and promotion.

8. **Unions:**

If the Company relies in whole or in part upon unions as a source of employees, the Company will use his/her best efforts to obtain the cooperation of such unions to increase opportunities for minority groups and women within the unions, and to effect referrals by such unions of minority and female employees. Actions by the Company either directly or through a contractor's association acting as agent will include the procedures set forth below:

- a. The Company will use best efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minority group members and women for membership in the unions and increasing the skills of minority group employees and women so that they may qualify for higher paying employment.
- b. The Company will use best efforts to incorporate an Equal Opportunity clause into each union agreement to the extent that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex or national origin.
- c. The Company is to obtain information as to the referral practices and policies of the labor union except to the extent that such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the Company, the Company shall so certify to the Connecticut Department of Transportation (ConnDOT) and shall set forth what efforts have been made to obtain such information.
- d. In the event the union is unable to provide the Company with a reasonable flow of minority and women referrals within the time limit set forth in the collective bargaining agreement, the Company will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, national origin; making full efforts to obtain qualified and/or qualifiable minority group persons and women. (The United States Department of Labor has held that it shall be no excuse that the union with which the contractor has a collective bargaining agreement providing for exclusive referral failed to refer minority employees.) In the event the union referral practice prevents the Company from meeting the obligations under Executive Order 11246 as amended, and these special provisions, such Company shall immediately notify ConnDOT.

9. **Subcontracting:**

- a. The Company will use his/her best efforts to solicit bids from and to utilize minority group subcontractors, or subcontractors with meaningful minority group and female representation among their employees. Companies shall obtain lists of minority-owned construction firms from the Division of Contract compliance.
- b. The Company will use its best efforts to ensure subcontractor compliance with their equal employment opportunity obligations.

10. **Records and Reports:**

- a. The Company will keep such records as are necessary to determine compliance with equal employment opportunity obligations. The records kept by the Company will be designed to indicate:
 - 1. The number of minority and non-minority group members and women employed in each classification on the project;
 - 2. The progress and efforts being made in cooperation with unions to increase employment opportunities for minorities and women; (applicable only to contractors who rely in whole or in part on unions as a source of their work force),
 - 3. The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minority and female employees; and
 - 4. The progress and efforts being made in securing the services of minority group subcontractors, or subcontractors with meaningful minority and female representation among their employees.

b. All such records must be retained for a period of three years following completion of the contract work and shall be available at reasonable times and places for inspection by authorized representatives of ConnDOT and the Federal Highway Administration.

c. The Company will submit an annual report to ConnDOT each July for the duration of the project, indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on Form PR 1391. If on-the-job training is being required by "Training Special Provision", the Company will be required to furnish Form FHWA 1409.

11. Affirmative Action Plan

Companies with contracts, agreements or purchase orders valued at \$10,000 or more will submit a ConnDOT Affirmative Action Plan.

TOWN OF EAST HARTFORD
OFFICE OF THE MAYOR

TO: Mayor Marcia A. Leclerc

SUBJ: Referral to Council – Connecticut Neighborhood Assistance Act
DATE: May 18, 2012

Sixteen (16) community programs have asked to be included in the Town of East Hartford's annual participation in the State of Connecticut "Neighborhood Assistance Act Program". The Neighborhood Assistance Act provides State tax credits to businesses who contribute to community programs benefiting low income or handicapped individuals in such areas as: job training, job education, community services, and energy conservation. It is important to note that these are State, not municipal, tax credits. The "Tax Credit Program" was authorized under Connecticut General Statute SS 12-630aa, as amended. Energy conservation programs are awarded a 100% credit; all others receive a 60% credit.

Those programs wishing to participate are listed on the attached summary. Complete proposal forms as required by the State's Department of Revenue Services will be placed on file in the Town Clerk's Office and another set will be forwarded directly to the Town Council Office for their review. All sixteen proposals were presented at a Public Hearing held May 16, 2012.

I am requesting that the attached Resolution be placed on the June 5, 2012 agenda of the Town Council for their approval. If approved, these proposals will be forwarded to the State of Connecticut Department of Revenue Services by July 2, 2012.

Representatives from these organizations have been asked to attend the Council meeting to answer questions regarding their programs.

RE: SUSPENSE LIST

Attached a memorandum from the Tax Collector detailing dates and reasons for requesting a transfer of delinquent taxes into the suspense rate book. Also attached is the actual list and amounts.

Please place this memo and list on the Town Council Agenda for the June 5, 2012 meeting to be reviewed and acted upon. Thank you.

C: M. Walsh, Finance Director
I. Laurenza, Tax Collector

MEMORANDUM

DATE: May 23, 2012
TO: Marcia L. Leclerc, Mayor
FROM: Iris K. Laurenza, Collector of Revenue
SUBJECT: Suspense List

The attached is a list of accounts I am requesting be transferred into the Suspense Rate Book. I have also attached a Collector's Certificate giving reference to this amount. It is anticipated that this list will be acted upon on the **June 5, 2012 Town Council meeting**.

I am requesting that all outstanding taxes for Personal Property, Motor Vehicle and Motor Vehicle Supplemental taxes on the 10-1-2008 Grand List be transferred into suspense.

This year also includes a request to suspend a couple of real estate accounts. Included is 63 Bantle Rd, which there is prior years in suspense and is a distressed property. The additional parcels had a mobile home that was removed and replaced with a new one; it has become impossible to collect on these since they were disposed of so many years ago. Going forward to avoid unlawful removal of these homes, a removal statement must be completed and signed by the assessor and collector, who verify taxes are paid in full prior to the removal and placement of a new home.

1. These taxes will remain collectible for fifteen years from the due date, but at this time we feel that it is unlikely that we will be collecting these taxes and therefore they should be removed from the books as a receivable for the Town of East Hartford. All taxes transferred into suspense will show as due and payable during any inquiry for unpaid taxes or parking tickets on our system.
2. If these taxes are transferred into suspense, the prior year taxes will then present a more realistic figure as to what is actually collectible and will be useful in any future budget considerations and bonding issues.
3. By carrying only the current year taxes plus two prior years motor vehicle taxes as open items, we are working in concert with the blockage of motor vehicle registrations and the motor vehicle department. Registrations are renewed every two years. The Department of Motor Vehicle will carry a blockage on their records for 24 months. If we are unable to collect delinquent motor vehicle taxes within that time, our chances of collecting them later are very slim.
4. We have done our very best to collect personal property taxes. In most cases, those accounts not paid are either out of business, in bankruptcy, foreclosure, moved or continue to struggle with the poor economy.
5. The act of placing these accounts in suspense in no way diminishes our efforts or impedes our ability to pursue these delinquent tax amounts.

If I can be of further assistance or if additional information is needed, please feel free to contact me.
Thank you for your attention to this matter.

RE: REFERRAL: Town Ordinance Committee-Ordinance for withholding Building and Health Permits

Please place this on the June 5, 2012 Town Council meeting agenda for a referral to the Town Ordinance Committee. Attached is a memo requesting approval to create an ordinance on the building/health permit section to withhold either building or health permits when taxes are delinquent.

Thank you.

Memorandum

Date: May 14, 2012

To: Mayor Marcia A. Leclerc

From: Iris K. Laurenza, Collector of Revenue 

Re: Ordinance for withholding Building and Health Permits

From time to time the scenario arises that someone requests a permit and owes delinquent taxes to the Town. When considering permits, Building and Inspections could be faced with legal consequences if they were to hold back on issuing permits without an ordinance allowing them to do so. Therefore, I'm requesting that you refer the attached Tax Collection Policies of the Town, to the Town Council Ordinance Committee so they can meet and create an ordinance on the building/health permit section. The policy includes language of when the Town will withhold either building or health permits when taxes are delinquent.

Thank you.

Town of East Hartford
Tax Collection Policy, including Delinquent Accounts
Updated as of March 28, 2012

The Tax Collection Policy: The tax collection policy on all accounts (Real Estate, Personal Property, and Motor Vehicles) includes a legal notice published by the Collector in June noticing the community of taxes due for a grand list year and is followed closely by the issuance of a tax bill. A second legal notice is published by the Collector in December noticing the community of taxes due related to the second installment for a grand list year.

For real estate tax collections, in instances where the two actions detailed above did not result in full payment to the town, the Collector will issue a delinquent notice to the property owner in the fall. Should full payment not be secured through the Collector's delinquent notice, the Collector will then send a demand notice to the property owner in the spring. If amounts remain due, the Collector will send a notice of intention to lien to each property owner. Finally, all delinquent accounts are liened annually by the Collector with the Town Clerk by grand list year.

For motor vehicle tax collections, in instances where the two actions detailed above did not result in full payment to the town, the Collector will issue a demand notice closely followed by the issuance of an alias tax warrant. This process will be repeated semi-annually for up to 15 years. During this time, the Collector, through the tax collection system, will place a flag on all delinquent motor vehicle accounts, and on a quarterly basis, this file will be downloaded to MVD. As a result of this flag, MVD registrations will not be renewed by until the town is paid all delinquent taxes due.

For personal property taxes, in instances where the two actions detailed above did not result in full payment to the town, the Collector will issue a demand notice.

The Delinquent Tax Collection Policy: Enforcement action could include strict foreclosure, foreclosure by sale, a tax lien sale, a rent receivership, or a payment plan. Any payment plan must extinguish the outstanding tax debt and interest within 3 years.

Permits – Building and Health

The Town of East Hartford will not issue building or health permits where delinquent taxes are due to the town. However, in certain instances, the town will issue a building permit to a property where taxes are delinquent when the withholding of the permit would jeopardize the safety of the occupants of the building or the integrity of the structure.

The Town will also issue building and health permits if the owner of a property with delinquent taxes establishes and maintains a payment plan to include at least a 25% down payment of delinquent taxes due, has no other property code violations, makes timely monthly payments, and remits the July and January installments of newly levied taxes timely.

Real Estate

Commercial Properties: Enforcement action will commence when outstanding taxes on an account (properties owned individually or collectively by one owner) exceed \$10,000, or outstanding taxes are owed wholly or in part from three different grand list years.

Residential Properties: Enforcement action will commence when outstanding taxes on an account (properties owned individually or collectively by one owner) exceed \$10,000, or outstanding taxes are owed wholly or in part from three different grand list years.

Personal Property

Enforcement action will commence when outstanding taxes on an account exceed \$5,000.

Mobile Homes: Enforcement action will commence when outstanding taxes on an account (properties owned individually or collectively by one owner) exceed \$3,000, or outstanding taxes are owed wholly or in part from three different grand list years.

Additional Discussion:

When a mobile homeowner fails to pay the land rent or maintenance costs, an owner of a mobile home park may evict that tenant. To do so, they must follow both the general summary process rules (47a-42) AND some of the rules with respect to mobile homes (21-80). Unfortunately, these statutes set up two unique summary process procedures. 47a-42 contains the traditional eviction procedures where a tenant is evicted and his/her belongings brought to the curb for the Town to pick up and auction. 21-80 provides an alternative eviction method which involves the sale of the mobile home by the mobile home park owner.

Owners of mobile home parks have tried to force the Town to remove mobile homes (at the Town's) expense after an eviction. They have made an argument that under 47a-42, the mobile home is like personal property. So, just like the Town has to remove and store the TV and stereo that are put to the side of a curb, so too do we have to remove and store the trailer. In conversations with counsel for similarly situated municipalities (i.e. municipalities with large mobile home parks) we understand that the position of mobile home park owners (that the Town must remove the trailer) has some judicial support (although there have been no reported decisions). It appears that these courts have considered the foreclosure provisions of 21-80 as an alternative method that is at the option of the mobile home park owner, not the Town. Accordingly, it appears that other Towns have been forced to remove, store and sell a mobile home after the eviction of a tenant.

With respect to taxes, the town loses under both scenarios. Evictions normally happen when mobile homes are worthless. So, regardless of the methods employed in getting rid of the mobile home, overdue taxes are rarely paid off. The Town has a double loss however, when it is forced to bear the expense of the removal and sale of the mobile home (i.e. summary process under 47a-42).

The decision by a mobile home park owner to proceed under 47a-42 (summary process) or 21-80 (a "foreclosure" type sale by the owner) will be driven by the value of the mobile home. If the owner determines that he can pay expenses of sale and taxes and make a profit on the sale of the mobile home, he will do so. If not, he will work under 47a-42 and demand that the Town pick up the mobile home. If it appears that the Town may be facing a large number of situations in which it may bear the expense of removing and selling mobile homes (\$1,000-2,000) the Town should consider negotiating with mobile home park owners to conduct the sale on site and see if the owner may be willing to bid on the mobile home or somehow bear/share the expense of the removal of the trailer and its destruction if there are no bidders at the sale.

**Re: Outdoor Amusement Permit Application -
"East Hartford Little League Jamboree"**

Dear Chairman Kehoe:

Attached please find the amusement permit application submitted by the **East Hartford Little League by Brian Oatway, its President**. The applicant seeks to conduct baseball games, skills competition, awards ceremony and a family BBQ in Gorman Park with food and musical entertainment on **Saturday, June 16, 2012 from 9AM to 1 PM with cleanup ending at approximately 6 PM**. Three (3) to four (4) people will be in the park on the evening of Friday, June 15th and remain overnight to tend the BBQ smoker. Music to be provided via an MP3 player, using the park's PA system and held during the same hours.

Applicant is requesting use of the Town's large pavilion tent.

As the applicant was unaware of the Town Ordinance that requires the submission of the application thirty (30) days prior to the event, he respectfully requests that under the provisions of (TO) 5-2(a), **the Town Council waive the time requirement for the filing of this application.**

Pursuant to Town Ordinance (TO) 5-3, a review of the application was completed by the Directors of the Fire, Health, Parks & Recreation, and Public Works Departments. The **Health and Fire Departments** approve the application as submitted.

The **Parks & Recreation Department** conducted a review of the application and recommends the application be approved as submitted and states that **the requested tent is not available for use.**

The **Public Works Department** conducted a review of the application and recommends approval subject to the following conditions:

- Applicant shall coordinate use of Gorman Park with Park programming.
- Applicant shall coordinate the placement of additional trash and recycling barrels with Public Works Waste Services Division.

- Areas used for the event shall be returned to pre-event conditions by the applicant including trash pickup, removal of signs or banners, etc.

The **Inspections and Permits Department** recommends the application be approved and states that tents and generators need permits.

The **Risk Management Department** states that the East Hartford Little League will need to submit a Certificate of Insurance in the amount of One (1) Million dollars general liability, naming and endorsing the Town of East Hartford as an additional insured for all liabilities associated with the event.

The **Police Department** conducted a review of the application and the following comment/recommendation is made:

- The Police Department can provide adequate police protection for this event. The proposed site is suitable for the proposed amusement, the crowd is of moderate size, and the area has sufficient parking available.
- This event can be conducted with a minimal impact upon the surrounding neighborhoods and a near-normal flow of traffic on the streets adjacent to the site can be maintained.
- In the event that the police manpower required for this event exceeds the Department's normal patrol complement, some overtime hiring may be necessary. The number of officers and cost of such overtime hiring is yet to be determined. As an event that is not Town sponsored, this expense will have to be borne by the applicant.

Sincerely,

Mark J. Sirois

Carol:

Please find attached our insurance certificate.

In the past we have 4-5 people in the park setting up on Friday late into the evening. Then myself and one or maybe two other people spend the night in the park tending the BBQ smoker. Mostly trying to get a little sleep in our cars but the BBQ needs to be maintained every hour or so. I am the President and the address below can be used for all communications.

As we discussed yesterday I was not aware that the application was required to be submitted 30 days prior to the event hence it was submitted only 29 days prior. I am sorry for this and going forward we will be more aware of the ordinance language. As a result of my error I am requesting a waiver of the 30 day application requirement.

We also discussed a couple of clarifications needed in the application:

First regards music....we will NOT have a band or DJ in the park but will be using the PA system that is installed at the Gorman baseball stadium to make announcements and play some music from an MP3 player similar to how we use that equipment for our nightly baseball games.

The time of the event is called for Saturday June 16th 9am until 1pm. We will have volunteers in the park setting up Friday evening beginning about 5pm, overnight in the park cooking Friday night and then after the event cleaning up until about 6pm Saturday.

Thank you for your help in expediting this application and again my apologies for it being tardy. This is our fifth year of this event and it is truly a great day for our youngest players and their families.

**Re: Outdoor Amusement Permit Application -
"Concierta de Alabanza"**

Dear Chairman Kehoe:

Attached please find the amusement permit application submitted by **The United Pentecostal Church by Shakera Brown, its Event Coordinator**. The applicant seeks to conduct a free outdoor music conference for Town residents to be held on the **Town Green**, on **Saturday June 23, 2012** from **10 AM to 2 PM** with music from **11 AM - 1 PM**.

The applicant respectfully requests a **waiver of the associated permit fee**, under the provisions of (TO) 5-6(c), due to the Town of East Hartford as this is a charitable organization.

Pursuant to Town Ordinance (TO) 5-3, a review of the application was completed by the Directors of the Fire, Health, Parks & Recreation, and Public Works Departments. The **Health and Fire Departments** approve the application as submitted.

The **Parks and Recreation Department** recommends the application be approved subject to the conditions set forth:

- There will be a \$200.00 charge to the applicant for the park ranger, gazebo/electrical, trash and a port-o-john cleaning and removal.
- Applicant will be responsible for clean up and returning the Town Green back to the condition it was in prior to the event.
- The applicant must provide all equipment necessary to operate the event.
- Certificate of Insurance is needed in the amount of \$1 Million comprehensive liability coverage naming the Town of East Hartford specifically as the additional insured.
- The applicant must complete a Parks & Recreation Department Facility Use application.
- The applicant should be aware that the Town Green has only one portable lavatory facility. If that is insufficient for the size of the crowd, the applicant will be responsible for the cost of leasing

additional units.

The **Public Works Department** recommends the application be approved with the following conditions:

- A separate permit must be obtained from the Parks & Recreation Department to use Alumni Park for the event and all conditions set forth in that permit shall become conditions of this approval.
- Two portable toilets are required for the expected number of attendees. One toilet must be handicapped accessible.
- Additional waste containers must be provided.
- All costs incurred by the Town for services and support shall be paid for by the applicant including those required for overtime, waste disposal, and restoration.

The **Risk Management Department** states the Church will need to submit a certificate of liability insurance for 1 million dollars naming and endorsing the Town as an additional insured.

The **Police Department** conducted a review of the application and the following comment/recommendation is made:

- The Police Department can provide adequate police protection for this event. The site is suitable for the proposed amusement, the crowd is of a small size, and the area has sufficient parking available.
- This event can be conducted with a minimal impact upon the surrounding neighborhoods and a near-normal flow of traffic on the streets adjacent to the site can be maintained.
- In the event the police manpower required for this event exceeds the Department's normal patrol complement, some overtime hiring may be necessary. The number of officers and cost of such overtime hiring is yet to be determined. As an event that is not Town sponsored, this expense will have to be borne by the applicant.

Hi Carol-the United Pentecostal Church will need a certificate of ins. Showing a 1 million dollar per occurrence ins policy and the Town will need to be endorsed on that liability policy as an additional insured for liabilities associated with the music event.
