APPROVAL OF MINUTES

May 7, 2013 Executive Session/Blanks

MOTION By Barbara Rossi  
seconded by Eric Thompson  
to **approve** the minutes of the May 7, 2013 Executive Session/Blanks.  
Motion carried 9/0.

May 7, 2013 Regular Meeting

MOTION By Barbara Rossi  
seconded by Pat Harmon  
to **approve** the minutes of the May 7, 2013 Regular Meeting.  
Motion carried 9/0.

COMMUNICATIONS AND PETITIONS

Responses to Questions Asked of Administration

Fire Truck for Rent – Chair Kehoe explained that the town had leased a fire truck from the City of Hartford while one of East Hartford's fire trucks was under repair. The City of Hartford leases the truck and therefore a "for rent" sign was on the fire truck.

Manhole Covers on Oak and Brewer Streets – Chair Kehoe stated that several manhole covers exceeded the mandated tolerance level on Oak Street due to the work that the MDC had recently performed on that street. It will be the MDC's responsibility to correct the problem which they will do as part of their repair project. Additionally, AT&T is responsible for repairing the manhole cover on Brewer Street and is in the process of doing so.

NEW BUSINESS

CDBG 39<sup>th</sup> Program Year Action Plan

MOTION      By Ram Aberasturia  
                  seconded by Linda Russo  
                  to **adopt** the following resolution:

**WHEREAS**, The Town of East Hartford is entitled to Thirty-ninth Program Year funding under Title I of the Housing and Community Development Act of 1974, as amended, estimated at \$494,097; and

**WHEREAS**, receipt of this entitlement grant is contingent upon the submission of a Thirty-ninth Program Year Action Plan, and Certifications of Compliance; and

**WHEREAS**, citizen input was obtained, in accordance with the Grants Administration Office's Citizen Participation Plan, at three Public Hearings held on November 7, 2012 and March 11, 2013.

**NOW, THEREFORE, BE IT RESOLVED** that the Town Council of the Town of East Hartford recognizes the need for funding the objectives contained in the Thirty-ninth Program Year Action Plan and endorses this Plan as reflecting the Town's Community Development needs.

**AND, FURTHER, BE IT RESOLVED** that the Town Council does support and authorize the submission of the Thirty-ninth Program Year Action Plan, and Grantee Certifications to the U.S. Department of Housing and Urban Development and authorizes its Mayor, Marcia A. Leclerc, to act as representative of the Town and to enter into contract and any amendments thereof with the U.S. Department of Housing and Urban Development.

On call of the vote, motion carried 9/0.

------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----------

<u>TOTAL</u>	<u>\$494,097</u>
--------------	------------------

Flood Protection System Rehabilitation:

MOTION By Barbara Rossi  
seconded by Linda Russo  
to (1) **authorize** the town to enter into a contract for the construction of the Bulkhead Replacement Project with Arborio Corporation, the low bidder for this project, for the amount of \$1,774,930.20; (2) to **waive** the bidding requirements pursuant to Section 10-7 (c) of the East Hartford Code of Ordinances and **authorize** the town to enter into an inspection contract with GEI Consultants, Inc. to provide the necessary construction administrative and inspection services for the Bulkhead Replacement Project, in an amount not to exceed \$273,697.48; and (3) to increase the GEI Consultants Inc. contract for the Civil Works and Closure Structure Repair Project, originally approved by the Town Council on April 20, 2011 by \$15,100, which amendment will result in a net cost savings to the Town and limit disruption to Great River Park by completing all work necessary to the floodwall in the Bulkhead Replacement Project.  
Motion carried 9/0.

U.S. Department of Agriculture/University of Connecticut Grant: Childhood Obesity Prevention

MOTION By Linda Russo  
seconded by Barbara Rossi  
to **adopt** the following resolution:

**WHEREAS**, the United States Department of Agriculture (USDA) Center for Collaborative Research on WIC Nutrition Education Innovations at the USDA/ARS Children's Nutrition Research Center at Baylor College of Medicine has announced the availability of funds for researcher-initiated projects to demonstrate innovative approaches to nutrition education for the Special Supplemental Nutrition Program for Women, Infants and Children (WIC); and

**WHEREAS**, the University of Connecticut (UCONN) is submitting a Small-Grants Research Program proposal to the USDA for funding to support a project entitled "Coordinating Nutrition Messages between WIC, Head Start and Pediatrician Offices to Prevent Childhood Obesity"; and

**WHEREAS**, the Town of East Hartford Health and Social Services' WIC Program desires to participate in the aforementioned project as a sub-recipient and receive \$12,210.00 for the period October 15, 2013 through March 31, 2016 if awarded.

**NOW, THEREFORE, BE IT RESOLVED** that Marcia A. Leclerc, Mayor of the Town of East Hartford is hereby authorized to execute any and all documents as may be required by the USDA with respect to the aforementioned grant.

On call of the vote, motion carried 9/0.

Bid Waiver: East Hartford Police Department re: Commission on Accreditation for Law Enforcement Agencies - Sole Source Vendor

MOTION By Bill Horan  
seconded by Barbara Rossi  
that pursuant to Section 10-7 (c) of the Town of East Hartford Code

of Ordinances, the Town Council **waive** the bidding requirements of Section 10-7 to allow the Town of East Hartford Police Department to enter into a contract with the Commission on Accreditation for Law Enforcement Agencies (CALEA) as it is a sole source vendor for national and international law enforcement accreditation.  
 Motion carried 9/0.

Refund of Taxes

MOTION By Marc Weinberg  
 seconded by Eric Thompson  
 to **refund** taxes in the amount of \$8,453.05  
 pursuant to Section 12-129 of the Connecticut General Statutes.  
 Motion carried 9/0.

Referral to Fees Committee: Lease Renewals – “Circle of Life: Arts for All” and St. Isaac Jogues Church Parking Lot

MOTION      By Ram Aberasturia  
                  seconded by Barbara Rossi  
                  to refer to the Fees Committee the lease renewal and fee for  
                  “Circle of Life Arts for All, Inc.” located at 50 Chapman Place  
                  in the East Hartford Cultural Community Center and the  
                  parking lot lease at St. Isaac Jogues’ Church with instructions to  
                  review the matter and report back to the Town Council with its  
                  recommendations, if any.  
                  Motion carried 9/0.

East Hartford Rotary Charitable Fund Duck Race

MOTION      By Barbara Rossi  
                  seconded by Esther Clarke  
                  to approve the outdoor amusement permit application entitled  
                  “East Hartford Rotary Charitable Fund Duck Race” submitted by  
                  Brian Liss, East Hartford Rotary Club Secretary, to conduct a  
                  duck boat race, with food, beverages and a band, in Great River  
                  Park (behind Two Rivers Magnet School) on Sunday, June 2, 2013  
                  from Noon to 4PM with music during those same hours, subject to  
                  compliance with adopted codes and regulations of the State of  
                  Connecticut, the Town of East Hartford, and any other stipulations  
                  required by the Town of East Hartford or its agencies; and to waive  
                  the associated permitting fee under the provisions of Section 5-6 (c)  
                  of the Town of East Hartford Code of Ordinances as this is a  
                  charitable fund-raising event.  
                  Motion carried 9/0.

**Reference Librarian/Cultural Assets Manager**

MOTION By Marc Weinberg  
seconded by Barbara Rossi  
to **approve** the revised job description, entitled "Reference Librarian/Cultural Assets Manager" – with the added words "accredited college" under Qualifications – as presented to and unanimously approved by the Personnel & Pensions Subcommittee at its meeting held on May 2, 2013 .  
Motion carried 9/0.

TITLE:	Reference Librarian/Cultural Assets Manager	LEVEL: 7
DEPARTMENT:	Library	DATE: 03/13/13

**GENERAL DESCRIPTION:**

Works under the general supervision of the Library Director. Plans, organizes, and supervises the services and activities of the reference services division, including reference, community outreach programs and interlibrary loans and overseeing the management of East Hartford's cultural assets.

Independently performs a full range of duties involving the interpretation, conservation and exhibition of small and major historical museum collections. Performs professional library services in assisting library patrons in the selection and use of library materials.

**ESSENTIAL JOB FUNCTIONS:**

- Receives oral or written directions from the Library Director.
- Plans work according to established library schedule or standard procedures.
- Establishes tasks priorities within working unit.
- Assigns regular and daily tasks to library assistants and clerks.
- Assists in near term and long range planning of library services.
- Develops reading, reference, and research materials through selection and purchase of books, materials and equipment.
- Maintains reference collections, periodicals, and coordinates activities with branch librarians to assure currency of materials.
- Coordinates interlibrary loan program.
- Promotes interest in library as a community resource by visiting and speaking to school, civic, cultural and social organizations.
- Oversees and prepares materials to promote library services.
- Plans and organizes special programs involving the use of library resources.
- Prepares brochures, new releases, bulletins, posters and other public relations materials to promote library services
- Recommends the employment, promotion and retention of employees within division.
- Regularly evaluates performance of staff members.
- Provides supervision and training to professional staff, library assistants, clerks, and part-time employees.

- Prepares statistical and narrative reports of some complexity for the Director.
- Recommends policy changes to the Director.
- Opens and closes library building according to security procedures.
- Reports achievement of goals to Director
- Performs research required for exhibition of cultural assets such as preparation of bibliographies or compilation of biographical information
- Abstracts or summarizes historical sources materials relating to museum collections or exhibits; determines need for restoration work and prioritizes work, monitoring progress of contractors or preservation specialists engaged in repair or restoration of historic structures and museum artifacts;
- Accessions, registers and catalogs collection items and new acquisitions; organizes public educational programs such as school trips, tours, lectures and workshops to facilitate the public understanding of the collections;
- Prepares correspondence to interested groups and individuals concerning collections or exhibits; speaks before groups concerning museum and its collection;
- Identifies private and public sector grants and prepare grant applications for funding; seeks out individual sponsorships;
- Completes and maintains inventory of historical property and equipment; maintains master log and other computer record systems;
- Plans, designs and oversees collection exhibits;
- Assists in the development of brochures, newsletter, guides and publications; leads fundraising efforts by writing articles and publicity materials or attending civic meetings; oversees the creation and maintenance of the Cultural Assets Website;
- Establishes working relationships with funding sources, community groups, business community, government officials, and donors; networks throughout the local region to build up contacts to share information and resources and possible cost sharing partnerships and multi site exhibitions and events;
- Performs related work as required.

#### **ADDITIONAL JOB FUNCTIONS:**

- Assumes responsibility for direction of the library in the absence of the Assistant Director and Director.
- Examines professional publications and other sources for selection of books, periodicals, and other materials.
- Attends meetings and participates in professional library organizations.

#### **KNOWLEDGE, SKILLS, AND ABILITIES:**

- Ability to apply principles of library science to solve practical problems in situations where only limited standardization exists.
- Ability to prepare and deliver brief, concise and attractive reports of library services and facilities both orally and in writing.
- A working knowledge of computer applications for library services desirable.
- Ability to work effectively with library staff and library patrons.
- Ability to relate to students.
- Ability to understand and implement modern automated library procedures including Connect circulation and bib maintenance, Internet, on-line and stand-alone CD-ROM products and databases, Request, OCLC products, E-Mail, WP5i, and PC applications.
- Considerable knowledge of American history with particular reference to social, cultural and technological trends as reflected in museum collections and themes;
- Considerable knowledge of methods used in cataloging, preservation, restoration and storage of historic collections;
- Knowledge of basic research materials; substantial interpersonal skills; considerable oral and written communications skills;
- Considerable ability to perform historic research;
- Considerable ability to prepare exhibits of museum collections; ability to utilize computer software;

#### **PHYSICAL AND MENTAL EFFORT, AND ENVIRONMENTAL CONDITIONS:**

- Works in office setting subject to continuous interruptions and background noise.
- Includes exposure to video display terminals on a daily basis.
- Ability to operate equipment requiring eye and hand coordination and mechanical aptitude.

**JOB QUALIFICATIONS**

- Master's Degree in Library Science from an accredited college and three years of progressively responsible public Library experience.

**LICENSING REQUIREMENTS:**

None

**NOTE:** The above tasks and responsibilities are illustrative only. The description does not include every task or responsibility.

- Coordinates labor relations contract proposals.
- Assists in recommending economic guidelines for settlements.
- Conducts research into current labor relations issues.
- Prepares information and testimony concerning negotiated contracts.
- Advises Town Officials on matters of contract interpretation.
- Assists in preparing and presenting interest arbitration cases.
- May serve as a witness.
- May conduct grievance conferences with Town and Union officials on behalf of Town employees.
- Attends Board and Commission meetings, as necessary, and provides advice.
- Confers with Town officials, employees, attorneys, State or Federal employees and members of the public in pursuing Town interests.
- Assists Assistant Corporation Counsels as needed and as directed by Corporation Counsel.
- Reports work accomplished to the Corporation Counsel.

**KNOWLEDGE, SKILLS AND ABILITIES**

- Considerable knowledge of State and federal laws, statutes, regulations and guidelines.
- Considerable knowledge of collective bargaining and labor relations.
- Knowledge of rules of evidence and hearing procedures before administrative bodies.
- Knowledge of employee classification and compensation.

- Knowledge of the principals and practices of employee compensation and benefits.
- Considerable interpersonal skills, oral and written communications skills
- Negotiations skills.
- Skill in writing technical contract provisions
- Ability to interpret and apply Town ordinances and regulations, and State statutes.
- Ability to assist in preparing cases for arbitrations or other administrative hearings.
- General knowledge of municipal law and interrelationships between municipalities and State and Federal governments.
- Ability to make well-reasoned, persuasive legal arguments, orally and in writing.
- Ability to analyze laws, regulations, proposed changes, contracts, and legal issues to determine their legal impact on the Town.
- Ability to meet and deal tactfully and effectively with public officials, employees and the general public.

#### PHYSICAL AND MENTAL EFFORT AND ENVIRONMENTAL CONDITIONS:

- Works in office setting subject to continuous interruptions and background noise.
- Must be able to work under stress from demanding deadlines and changing priorities and conditions.
- Ability to move throughout the Town Hall and other town buildings and sites.
- Ability to get into and out of an automobile.
- Ability to sit at a desk or stand at an assigned location and work continuously for extended periods of time.
- Attend and participate in numerous extended night meetings during the year.
- Ability to work independently with minimum supervision.
- Ability to hear normal sounds with some background noise and to communicate effectively.
- Ability to attend to task/function for more than 60 minutes at a time.

#### JOB QUALIFICATIONS

- Graduation from an accredited four year college in Public Administration, Social Sciences or a closely related field.
- Eight years professional experience with some labor relations and labor contract negotiations experience for a municipality.

#### LICENSING REQUIREMENTS:

- Requires valid Motor Vehicle Operator's License.

**Note:** The above Tasks and responsibilities are illustrative only. The description does not include every task or responsibility.

#### OPPORTUNITY FOR COUNCILLORS TO DIRECT QUESTIONS TO THE ADMINISTRATION

Ram Aberasturia reminded all about the upcoming 26<sup>th</sup> Annual Memorial Mile Race, which will feature a challenge among the Town Council, the Board of Education and the State Representatives. The funds raised from the challenge will go to the top-placed East Hartford High School student, both male and female, who participates in the race.

Esther Clarke (1) inquired on the feasibility of having a USGA Green Section Turf Advisory Service Report done at the East Hartford Golf Course as was recommended by the Mayor and the Golf Course Task Force Committee; *The Mayor said she would consider it, but cautioned that the implementation of the Report would cost a considerable amount of money;* and (2) asked when Habitat for Humanity would start work on 48 Branch Drive. *The Mayor stated that it would take about 90 days to close on the bank-owned property and estimated work could begin late Summer or early Fall.*

## COUNCIL ACTION ON EXECUTIVE SESSION MATTERS

### Brenda rose v. Town of East Hartford – Superior Court case

No action taken.

## OPPORTUNITY FOR RESIDENTS TO SPEAK

Reginald Thibault, 42 Chester Street, had submitted to the Town Council several proposed revisions to the Sexually Oriented Business ordinance and asked when those revisions would be reviewed.

Mayor Leclerc announced the following events and dates they will take place: (1) May 22<sup>nd</sup> – Town of East Hartford's 10-Year Plan of Conservation and Development workshop; (2) May 25<sup>th</sup> – the first Pops Concert at Great River Park; (3) MDC started the repaving of Oak Street (curb to curb) from the Glastonbury line to Hills Street; (4) the town's new Bookmobile dedication is tomorrow, May 22<sup>nd</sup>; (5) street sweeping has begun and is on-going; (6) curb replacement has also begun, with a dedicated crew, and residents may call Public Works to add any missing curbing to the list; (7) spraying for mosquito control has started; and (8) June 1<sup>st</sup> – Congressman Larson will join with the Mayor for the Connecticut Trails Clean-up, which will start at 9AM with the clean up of 2 miles of the Hockanum Trail.

Mayor Leclerc announced that Governor Malloy today announced that the East Hartford Housing Authority will receive \$2M for subsidized housing, development and re-investment. The Mayor has also been working with the Connecticut Housing Investment Trust to establish a rehabilitation low-interest loan program funded with \$800,000 to use in East Hartford for housing reinvestment. Mayor Leclerc (1) stated that the town is working on acquiring two bank-owned properties, located in the south end of town that are adjacent to each other; and (2) said that the building at 223 High Street is in the process being demolished.

Councillor Linda Russo volunteered at the town's annual low-cost rabies clinic held on Saturday, May 18<sup>th</sup> which was coordinated by Town Clerk Robert Pasek. Councillor Russo thanked the individuals who also volunteered that day: Rosalie Tavigian, Ken Sayers, Sandy Benson, Melodie Wilson, Linda's sister Betsy, Eddie Ruiz, and Dr. Wilfred Barrios and his technician Precious.

Minority Leader Eric Thompson announced that he will not be seeking re-election to the Town Council. He said his three terms on the Council had been an enlightening experience and thanked the Councillors for their support throughout his tenure.

Councillor Marc Weinberg stated that Councillor Thompson's term on the Council has made East Hartford a better place to live. Councillor Weinberg wished all a Happy Memorial Day weekend and asked that we remember those who paid the ultimate price for our freedom. He also wished Happy Birthday to Councillor Linda Russo and Corporation Counsel Scott Chadwick.

Chair Kehoe reminded all residents that the town's annual Memorial Day parade will be held on Monday, May 27<sup>th</sup> at 10:30 a.m. Additionally, a brief memorial service will be held on Sunday, May 26<sup>th</sup> at 6PM at Bicentennial Park.

ADJOURNMENT

MOTION      By Eric Thompson  
                  seconded by Bill Horan  
                  to **adjourn** (9:00 p.m.).  
                  Motion carried 9/0.

The Chair announced that the next meeting of the Town Council would be on June 4, 2013.

Attest

TOWN OF EAST HARTFORD  
OFFICE OF THE MAYOR

## East Hartford Public Schools

Nathan D. Quesnel  
Superintendent of Schools

1110 Main Street, East Hartford, CT 06108 Tel: (860) 622-5107 Fax: (860) 622-5119

### PROJECT: SECURITY TASK FORCE

#### OBJECTIVE:

To develop a collaborative partnership between East Hartford Public Schools (EHPS), Police Department, Fire Department and Emergency Management Department titled the Security Task Force. The objective of this task force is to review, analyze and audit current security practices in order to develop specific recommendations towards enhanced school safety practices.

#### KEY PARTNERS:

- East Hartford Board of Education
- East Hartford Public Schools Administration
- The Town of East Hartford and Office of the Mayor
- East Hartford Police Department
- East Hartford Fire Department
- East Hartford Emergency Response Team

#### TASK FORCE MEMBERSHIP:

- Nathan Quesnel, Superintendent of Schools
- Al Costa, Director of Facilities
- Michael Moan, Director of Security
- Tom Dillon, Residency Coordinator
- Matthew Ryan, High School Principal
- Anthony Menard, Middle School Principal
- Beverly Lawrence, Elementary School Principal
- Chris Gentile, Board Member
- Mark Sirois, Chief of Police
- John Oates, Chief of Fire
- Dan Dube, Emergency Management Coordinator

#### RATIONALE:

The safety of children in our public schools is the basic and primary charge of all public school systems. As we respond to the tragedy that has taken place in our state, EHPS remains committed to ensuring that our students are safe and that our school security protocols are of the highest quality. To this endeavor, EHPS, joined by the East Hartford Police, Fire, and Emergency Management Departments have agreed to a continued working partnership to review, analyze and audit current school security practices. Core focus points will include building level security operations, infrastructure, the School Resource Officer Program, emergency response protocols, security training for staff and our cross walk security programming.

#### TASKFORCE OUTCOMES:

The workgroup met on five occasions between the months of February through April. Meetings occurred at the East Hartford Board of Education in the third floor conference room. The outcomes of these meetings served as a basis for the following report on the focus areas as well as current recommendations towards improved practice. The Security Task Force outcomes will serve as a blueprint for continued improvement for school safety for EHPS.

**SPECIFIC ACTION POINTS:**

- School Safety Structures (Facilities)
- School Safety Staffing (EHPS Security)
- Transportation Safety Programming (Crossing Guards, Bus Security)
- Emergency Response Plans (Internal Security Practices)
- Emergency Response Plans (External Police/Fire Response)
- Emergency Shelter Engagement Protocols
- Opportunities for future partnerships

## TASK FORCE OUTCOMES

*The following outcomes were derived through the three month process of analyzing and auditing security planning, staffing and infrastructure for EHPS. The outcomes are organized by commendations of the current system as well as recommendations made to improve practice. It should be noted these suggestions are in accordance with the purpose of the Security Task Force which are general in nature. Please note that although more granular and operational details were discussed and reviewed, these have not been listed in this executive report. As further work progresses, the level of detail and operational language will intensify.*

### COMMENDATIONS OF CURRENT SECURITY SYSTEMS:

The Security Task Force noted EHPS has benefited from a long standing commitment to school security. This commitment has been evidenced by the investment in planning, staffing and significant infrastructure development throughout all district schools. Specifically, EHPS has taken great steps to establish the structure and capability of addressing security needs within all district schools. Security operations throughout the district are facilitated by a Director of Security who in turn leads a large security team that is strategically deployed throughout the district. Through this leadership, an Emergency Operations Plan (EOP) for the district was created in 2007 that currently continues to serve the district. This EOP details how the district will operate during critical incidents affecting students, faculty, staff or facilities. It is designed to provide guidance for personnel who discover or are notified of any emergency situation. In addition, significant work has been done within the district to integrate training procedures and protocols in alignment with best practice. Multiple administrators have benefited from training by National Incident Management Systems (NIMS), and Incident Command Systems (ICS). In addition, an Incident Management Team (IMT) has been established to manage a response to emergency situations. Finally, EHPS has made an investment on an infrastructure level in regards to building electronic security systems, fire prevention systems, school alarm and security video capabilities and locking/security hardware. Safety is our number one priority at East Hartford Public Schools.

The following commendations were listed by the Security Task Force in regards to current practice:

1. The District evidences a strong commitment to organizational planning in regards to planning and systems development:
  - Critical Incident Plans (CIP) have been developed for all sixteen schools that itemize procedural safeguards in response to a school level crisis. These plans are updated on an annual basis and provide school leaders with tools to use in the advent of need.
  - Lockdown Drills have an established, written and disseminated procedure. These procedures itemize preventive and proactive steps all staff are expected to follow in response to the need to put the building into a lockdown. Lockdown drill training is conducted three times within the school year with a growing emphasis on different scenarios.
  - An Emergency Operations Plan (EOP) for the district has been developed and widely disseminated. The EOP provides school and district leaders with a general sense District Plan - currently updated yearly or when staff changes affect team rosters.
2. The District evidences a strong commitment to the professional development to security staffing:
  - Critical Incident Teams have been developed and annually trained at all district schools. Teams generally have 10-11 members that are assigned specific roles and duties.
    - Reviewed or updated once a year, per school, or when needed due to staff changes
    - Critical Incident Team meetings to review duties and assignments for each member
  - Robust Security Team: EHPS currently nineteen (19) Security Officers assigned to schools in our district
  - SRO Program: EPHS benefits from the generous partnership with the Town of East Hartford where four officers are a functional part of school community life at both our high school and middle school.
3. The District evidences a strong commitment to improving and upgrading its security infrastructure/facilities:
  - Video Surveillance equipment installed at the BOE, EHHS, EHMS, CIBA, and Facilities Department
  - A-Phone Visitor Access Control Systems at all locations and Central Office
  - Access Control Systems (keyless swipe card systems) in all but four locations
  - Sonitrol Alarm Systems in all district locations

#### RECOMMENDATIONS FOR FUTURE PRACTICE:

In addition to the commendations listed above, the Security Task Force provided EHPS with multiple important and salient recommendations towards improved security practice within the district. These recommendations were provided at the end of each session in response to specific focused presentations that were delivered by either a school professional or a representative from the East Hartford Fire, Police or Emergency Management Departments. The recommendations listed in this report provide a general sense for the next steps to enhance current practices. These general steps are in the process of being addressed by a district timeline and schedule for implementation. The recommendations follow the format previously described in the commendation section.

The following recommendations were listed by the Security Task Force in regards to current practice:

1. The District needs to improve the quality, clarity and wide spread understanding of district security protocols as listed in the Critical Incident Plans:
  - Revamp/update & revise all security plans to focus on the following themes:
    - Focus plans on clarity/brevity
    - Specificity (noted protocols, distances, locations, responsibilities)
    - Communicable (plans to be shared within school, with Police, Fire & First Responders as well)
2. The District needs to focus on the professional development offered to all staff regarding building security and the process of exercising security plans:
  - Security Staff Training: Continue yearly training with nineteen (19) security officers assigned to schools in our district. Current training has included: Self-Defense, First Aid, CPR, AED, DCF Mandates, Bullying, Basic Workplace Security Awareness, Active Shooter, NIMS, ICS, and FEMA.
  - Teacher/Administration Internal Staff Training Calendar: Develop and provide a clear training calendar for all school staff with the following NIMS and ICS considerations:
    - Training three deep – Critical Incident Team – per school
    - Train with different scenarios
    - Train often
  - External relationships/Emergency Responder Training and Communication
    - Develop a calendar of joint training with Police, Fire, & First Responders to occur throughout the year
3. The District needs to focus on continuing to update, complete and install security infrastructure/security management devices throughout the district:
  - Facility Upgrades (Budget for proposal included on page 5)
    - Complete Access Control System, (keyless entry card system), at EHHS
    - Complete Access Control System at Norris, Pitkin, and Stevens Schools and the Facilities Department
    - Provide interior door shades for all classrooms in all schools
    - Explore the possibility of Silent Alarm (panic buttons) for all school locations
    - Upgrade Camera systems three locations
4. The District needs to pursue further discussion on the following topics in their relation to school security:
  - SRO agreement
  - Emergency Shelter protocol development

COST ANALYSIS/BUDGET

The following cost analysis or budget provides a general estimate for costs that fulfill the recommendations of the Security Task Force. The prices listed in this report represent a beginning level of competitive marketing.

RECOMMENDATION	DESCRIPTION	COST PROJECTION	PRIORITY
Planning	Security Plan Refresh/Update	\$0	1
Security Infrastructure	Access Control System <ul style="list-style-type: none"> <li>• Norris</li> <li>• Pitkin</li> <li>• Synergy</li> <li>• EHHS (Cost to complete the system)</li> </ul>	\$53,707	1
Security Infrastructure	Yearly Maintenance Warranty Cost for newly installed systems)	\$14,414	1
<b>Priority 1 Cost Total</b>		<b>\$68,121</b>	
Security Staffing Professional Development	Contract with Professional Agencies/Consultants for Scheduled Training Year	\$7,000	2
Security Infrastructure	EHHS Upgrade Camera System	\$16,000	2
Security Infrastructure	O'Brien Expand Access Control	\$10,000	2
Security Infrastructure	Facilities Expand Access Control & Camera Upgrade	\$13,897	2
<b>Priority 2 Cost Total</b>		<b>\$46,897</b>	
Security Infrastructure	Classroom Door Shades (All Schools)	\$45,000	3
Security Infrastructure	Silent Panic Alarms (including 20 additional units)	\$11,000	3
Security Infrastructure	EHMS Upgrade Camera System	\$8,000	3
<b>Priority 3 Cost Total</b>		<b>\$64,000</b>	
<b>Total Cost</b>		<b>\$179,018</b>	

# SECURITY TASK FORCE SUMMARY

Michael Moan, Director of Security  
Nathan Quesnel, Superintendent of Schools

## AGENDA

- Task Force Objective
- Task Force Process
- Task Force Outcomes

## OBJECTIVE

- Security Audit
- System Improvement
- Develop Core Partnerships/Collaborative Opportunities

## TASK FORCE MEMBERS

- Nathan Quesnel, Superintendent of Schools
- Al Costa, Director of Facilities
- Michael Moan, Director of Security
- Tom Dillon, Residency Coordinator
- Matthew Ryan, High School Principal
- Anthony Menard, Middle School Principal
- Beverly Lawrence, Elementary School Principal
- Chris Gentile, Board Member
- Mark Sirois, Chief of Police
- John Oates, Chief of Fire
- Dan Dube, Emergency Management Coordinator

## TASK FORCE PROCESS

- EHPS Security Procedures/Processes I/II
- EHPS Facility/Infrastructure Review
- Emergency Response Protocols and Procedures
- Identification of key commendations/ recommendations from Task Force Analysis

## TASK FORCE OUTCOMES

- Commendations:
  - The District evidences a strong commitment to organizational planning in regards to planning and systems development.
  - The District evidences a strong commitment to developing human capital in regards to security staffing.
  - The District evidences a strong commitment to improving and upgrading its security infrastructure/facilities.

## TASK FORCE OUTCOMES

- Recommendations:
  - The District needs to improve the quality, clarity and wide spread understanding of district security protocols as listed in the Critical Incident Plans.
  - The District needs to focus on the professional development offered to all staff regarding building security and the process of exercising security plans.
  - The District needs to focus on continuing to update, complete and install security infrastructure/security management devices throughout the district.
  - The District needs to pursue further discussion on the following topics in their relation to school security.

**DATE:** May 28, 2013  
**TO:** Richard Kehoe, Chair  
**FROM:** Mayor Marcia A. Leclerc   
**RE:** RESOLUTION: Historic Document Preservation Grant

Clare Fravel, Grants Administrator, has made us aware of an account that was established under Public Act 00-146 to allow our Town Clerk to charge an extra three dollars per land record recorded by their office. The Town Clerk's office will retain one dollar and submit two dollars to the State.

Also, as in the past, we are eligible to receive a grant to continue converting microfilmed pages to digital images, saving staff time and document preservation. The amount of this non-competitive grant is \$6,500 through the Connecticut State Library.

Please place the attached Resolution on the agenda for June 4, 2013 to approve applying for these grant funds.

**C:** C. Fravel, Grants Administrator  
M. Walsh, Finance Director  
R. Pasek, Town Clerk

MARCLA A. LECLERC  
MAYOR

TOWN OF EAST HARTFORD

(860) 291-7230

740 Main Street

FAX (860) 291-7238

TOWN CLERK'S OFFICE

East Hartford, Connecticut 06108

CERTIFIED RESOLUTION

I, Robert J. Pasek, Town Clerk of the Municipality of East Hartford, do hereby certify the following is a true and correct copy of a resolution duly adopted at a meeting of the Town Council duly held and convened on the 4<sup>th</sup> day of June, 2013, at which a constituted quorum of the Town Council was present and acting throughout, and further certify that such resolution has not been modified, rescinded, or revoked, and is, at present, in full force and effect.

**RESOLVED: That Marcia A. Leclerc, Mayor, is empowered to execute and deliver in the name of and on behalf of this municipality, a contract with the Connecticut State Library for a Historic Preservation Grant.**

IN WITNESS THEREOF, the undersigned has affixed his signature and the Town Seal this 5<sup>th</sup> day of Junr, 2013.

---

Robert J. Pasek  
Town Clerk  
Town of East Hartford

seal

**TOWN OF EAST HARTFORD  
TOWN CLERK'S OFFICE  
MEMORANDUM**

**DATE:** May 23, 2013

**TO:** Mayor Marcia A. Leclerc

**CC:** Clare Fravel, Grants Administrator

**FROM:** Robert J. Pasek – Town Clerk

**RE:** Referral to Council – Historic Document Preservation Grant

Public Act 00-146 “An Act Concerning Real Estate Filings and the Preservation of Historic Documents”, established an account to support the costs of preservation and management of historic documents. This Public Act allows an extra Three dollar charge per land record document recorded by the Town Clerk. Two dollars is returned to the State. The Town receives One dollar for each recording.

For the eleventh year, East Hartford is eligible to receive a non-competitive grant in the amount of \$6,500 through the Public Records Administration of the Connecticut State Library.

I am recommending that East Hartford use these grant funds to convert 40,625 microfilmed pages to digital images. Currently the images available on our computer system date back to November 8, 2002, volume 2155. This grant will allow the image availability to go back to December 6, 2001, volume 2039. These digital images will then be linked to our land record index; allowing title searchers, the public, and staff the ability to view and print the document from the internet or from the office without having to remove the volume from the vault. This will save the volumes from the wear and tear of being copied, save the staff the time and energy of having to stop what they are doing to help make copies, and give the public the convenience of viewing and copying a document from their home computer for a fee.

**No matching funds are required under this program.** A final report on the work performed is the only requirement for receiving these funds.

I am requesting that the attached Certified Resolution be placed on the June 4, 2013 Agenda of the Town Council. The Certified Resolution authorizes you, as Mayor, to make application and contract with the Connecticut State Library to receive this funding for the Town.

GRANTS ADMINISTRATION

I, Angela M. Attenello, the duly appointed Clerk of the Town Council of the Town of East Hartford, a corporation organized and existing under the laws of the State of Connecticut, hereby certify that the following is a true copy of a resolution adopted at a meeting of the East Hartford Town Council of said corporation, duly held on the 4th of June, 2013.

**RESOLUTION**

**WHEREAS**, the Connecticut Neighborhood Assistance Act Tax Credit Program provides State of Connecticut tax credits to businesses who contribute to community programs benefiting low income or handicapped individuals in such areas as: job training, job education, community services, and energy conservation, and;

**WHEREAS**, sixteen proposals have been received from area agencies, listed on the 2013 State of Connecticut Neighborhood Assistance Act Proposal Summaries sheet as attached, and have requested to be included in the 2013 State of Connecticut tax credit program through the Town of East Hartford, and;

**WHEREAS**, a Public Hearing to present these applications was held on May 15, 2013, as required by the State of Connecticut.

**NOW, THEREFORE, LET IT BE RESOLVED:** That Marcia A. Leclerc, Mayor of the Town of East Hartford, is authorized to forward these applications to the State of Connecticut Department of Revenue Services for their review and inclusion into the 2013 Neighborhood Assistance Act Tax Credit Program.

AND I DO FURTHER CERTIFY that the above resolution has not been in any wise altered, amended, or repealed, and is now in full force and effect.

IN WITNESS WHEREOF, I do hereunto set my hand and affix the corporate seal of said Town of East Hartford this \_\_\_\_ day of June, 2013.

SUBJ: Referral to Council – Connecticut Neighborhood Assistance Act  
DATE: May 16, 2013

Sixteen (16) community programs have asked to be included in the Town of East Hartford's annual participation in the State of Connecticut "Neighborhood Assistance Act Program". The Neighborhood Assistance Act provides State tax credits to businesses who contribute to community programs benefiting low income or handicapped individuals in such areas as: job training, job education, community services, and energy conservation. It is important to note that these are State, not municipal, tax credits. The "Tax Credit Program" was authorized under Connecticut General Statute SS 12-630aa, as amended. Energy conservation programs are awarded a 100% credit; all others receive a 60% credit.

Those programs wishing to participate are listed on the attached summary. Complete proposal forms as required by the State's Department of Revenue Services will be placed on file in the Town Clerk's Office and another set will be forwarded directly to the Town Council Office for their review. All sixteen proposals were presented at a Public Hearing held May 15, 2013.

I am requesting that the attached Resolution be placed on the June 4, 2013 agenda of the Town Council for their approval. If approved, these proposals will be forwarded to the State of Connecticut Department of Revenue Services by July 1, 2013.

Representatives from these organizations have been asked to attend the Council meeting to answer questions regarding their programs.

Attached: Resolution  
Proposals Summary

**TOWN OF EAST HARTFORD: PROPOSAL SUMMARIES (16 TOTAL)  
2013 STATE OF CONNECTICUT NEIGHBORHOOD ASSISTANCE ACT PROGRAM**

MEMORANDUM

DATE: May 23, 2013  
TO: Mayor, Marcia A. Leclerc  
FROM: Iris K. Laurenza, Collector of Revenue  
SUBJECT: Suspense List

The attached is a list of accounts I am requesting be transferred into the Suspense Rate Book. I have also attached a Collector's Certificate giving reference to this amount. It is anticipated that this list will be acted upon on the June 4, 2013 Town Council meeting.

I am requesting that all outstanding taxes for Personal Property, Motor Vehicle and Motor Vehicle Supplemental taxes on the 10-1-2009 Grand List be transferred into suspense.

This year also includes a request to suspend a couple of real estate accounts. Included is 63 Bantle Rd, which there is prior years in suspense and a distressed property. The additional parcel had a mobile home that was removed and replaced with a new one; it has become impossible to collect on these since they were disposed of years ago without a removal statement. Going forward to avoid unlawful removal of these homes, a removal statement must be completed and signed by the assessor and collector, who verify taxes are paid in full prior to the removal and placement of a new home.

1. These taxes will remain collectible for fifteen years from the due date, but at this time we feel that it is unlikely that we will be collecting these taxes and therefore they should be removed from the books as a receivable for the Town of East Hartford. All taxes transferred into suspense will show as due and payable during any inquiry for unpaid taxes or parking tickets on our system.
2. If these taxes are transferred into suspense, the prior year taxes will then present a more realistic figure as to what is actually collectible and will be useful in any future budget considerations and bonding issues.
3. By carrying only the current year taxes plus two prior years motor vehicle taxes as open items, we are working in concert with the blockage of motor vehicle registrations and the motor vehicle department. Registrations are renewed every two years. The Department of Motor Vehicle will carry a blockage on their records for 24 months. If we are unable to collect delinquent motor vehicle taxes within that time, our chances of collecting them later are very slim.
4. We have done our very best to collect personal property taxes. In most cases, those accounts not paid are either out of business, in bankruptcy, foreclosure, moved or continue to struggle with the poor economy.
5. The act of placing these accounts in suspense in no way diminishes our efforts or impedes our ability to pursue these delinquent tax amounts.

If I can be of further assistance or if additional information is needed, please feel free to contact me.  
Thank you for your attention to this matter.

CC: Michael P. Walsh, Director of Finance

**COLLECTORS' CERTIFICATE TO THE TOWN COUNCIL RECOMMENDING TRANSFER OF UNCOLLECTIBLE UNCOLLECTED PROPERTY TAXES TO THE SUSPENSE RATE BOOK.**

**TO THE TOWN COUNCIL:**

Members:

Attached is a list of uncollected taxes for transfer to the suspense rate book which is respectfully submitted for your examination and approval.

LIST YEAR	PERSONAL PROPERTY	MOTOR VEHICLE	MOBIL HOMES	63 Bantle Road Country Way Dev
2009	\$44,375.62	\$303,415.29		
2009 – 2011			\$855.20	
2011				\$1,017.12

Total amount to be transferred to Suspense: \$ 349,663.23

I hereby certify that to the best of my knowledge and belief, each tax in the above statement has not been paid, is uncollectible and should be transferred to the suspense tax book.

Dated at East Hartford, Conn. The 23<sup>rd</sup> Day of May 2013

Respectfully Submitted,

  
 Iris K. Laurenza, CCMC  
 Collector of Revenue

**ACTION TAKEN BY THE TOWN COUNCIL**

TO: Iris K. Laurenza, Tax Collector of the Town of East Hartford

(Name of Collector)

(Name of Taxing District)

A detailed examination has been made of the above statement, dated \_\_\_\_\_ day of \_\_\_\_\_, 2013 recommending the transfer of uncollected taxes to the suspense tax book. The taxes listed in such statement and numbered \_\_\_\_\_ are believed to be uncollectible and pursuant to section 12-165 of the Connecticut General Statutes, authority is hereby given you to transfer such taxes, in accordance with law, to the suspense book.

Dated at EAST HARTFORD, Conn., the \_\_\_\_\_ day of \_\_\_\_\_ 2013.

**TO:** Richard Kehoe, Chair  
**FROM:** Mayor Marcia A. Leclerc   
**RE:** FLOOD PROTECTION SYSTEM-Toe Drain Replacement Project

Attached is information from our Public Works Department Engineering Division, with regard to the authorization to sign a professional services contract . This is for the design of the Toe Drain Replacement Project, Phase 2 and is in the amount of \$482,775.

I have also attached a memo from Nick Casparino, Civil Engineer, that explains what the contract includes for this Toe Drain Replacement Project, Phase 2 of the Flood Protection System Rehabilitation Program.

I am forwarding this request for inclusion on the June 4, 2013 Town Council Agenda for review and approval for the signing of this contract. Thank you.

Flood Protection System Rehabilitation  
Toe Drain Replacement Project – Phase 2  
Design Contract Authorization

---

Attached is a request for the Town Council to authorize the signing of a professional services contract associated with the design of the Toe Drain Replacement Project Phase 2.

The Toe Drain Replacement Project Phase 2 is being undertaken to meet the United States Army Corps of Engineers January 2014 deadline to complete the project design and submit a construction schedule.

Please request that this item be placed on the upcoming Town Council agenda which will authorize the Town to enter into the professional services contract in the amount of \$482,775 with GEI Consultants, Inc.

## MEMORANDUM

**TO:** Tim Bockus, Public Works Director

**FROM:** Nick Casparino, Civil Engineer *NSC*

**DATE:** May 28, 2013

**RE:** Referral to Council  
Flood Protection System Rehabilitation  
Toe Drain Replacement Project – Phase 2  
Design Contract Authorization

---

The Engineering Division has developed a scope of services for the professional services contract with GEI Consultants, Inc. for the Toe Drain Replacement Project – Phase 2. Design activities for the project are anticipated to begin in late June 2013.

The Contract covers the development of bid documents for repairs to the collector drains and the replacement of toe drains associated with the Cherry Street and Meadow Hill Pump Stations. The projects limits are from the Rail Road Crossing to Interstate 84 (Cherry St. Station) and from Route #2 to Brewer Lane (Meadow Hill Station). The replacement of the drainage system is required to provide the appropriate factors of safety associated with seepage / stability of the levee for the 500 year flood event (design event for the flood protection system). The project will include the installation of features to assist the Town in future maintenance operations and CCTV inspection of the system.

The USACE has previously approved the Town's evaluation of the existing toe drain system. The Town's evaluation reviewed the entire levee system and determined that approximately ½ of the toe drain system was no longer necessary as the appropriate factor of safety exists without a functioning toe drain system in these reaches. Some of the identified reaches that do not need the toe drains are a result of installing seepage cut-off walls as part of past Town efforts on the levee.

1. Approximately 5,495 linear feet of existing toe drain will be left in place with no further action taken.
2. Approximately 4,400 LF of existing toe drain will be decommissioned. The decommissioning process will likely include a combination of removing segments of drain as well as grout filling segments of drain. The actual plan will be subject to approval by the USACE.
3. Approximately 9,860 LF of toe drains will be replaced as part of previously approved Toe Drain Replacement Project – Phase 1 and the current Toe Drain Replacement Project – Phase 2.

The decommissioning of a portion of the Toe Drain System will result in current design costs to obtain USACE approval of the Flood Protection System Modification as well as construction costs to complete the decommissioning process. The Town will realize future cost savings as the decommissioned drains will not need to be maintained or inspected in the future. The Town will

only be responsible to maintain 9,860 LF of toe drains out of the original length of 19,755 LF once the USACE modification is approved.

The other component of the project includes the completion of the right of way survey for the entire Flood Protection System from Greene Terrace to Brewer Lane. Two previous phases of the right of way survey are being completed as an element of the other flood protection system projects. The right of way survey is being utilized as part of three tasks.

1. Development of existing condition plans necessary for the various construction plans.
2. Modification of the Flood Protection System right of way limits. The Town has sold various portions of the right of way since the construction of the System. In numerous cases, no evidence of USACE approval is available. The Town intends to work with the USACE to establish the current limits of the right of way necessary to operate and maintain the System.
3. Development of a list of encroachments to the Flood Protection System. Over time, a large number of encroachments have occurred within the levee right of way. The modification of the right of way noted above and the current survey will allow the Town to identify all of the encroachments to the System that need to be addressed. The Town intends to develop an encroachment policy and address all of the encroachment to the satisfaction of the USACE. The 2010 USACE Periodic Inspection requires the Town to address the various encroachments.

Cost of Professional Service Contract for the Toe Drain Replacement Project – Phase 2 is \$482,775.

The USACE's 2010 Periodic Inspection requires that the design of the toe drain replacement for the Flood Protection System be complete as well as a submission for the construction schedule for the project submitted by January 2014.

Please place a request on the upcoming Town Council agenda for the Council to authorize the Town to enter into professional services contracts totaling \$482, 775 with GEI Consultants, Inc. Thank you for your assistance.

May 28, 2013  
Proposal 617754

Ms. Denise Horan, P.E.  
Town Engineer  
740 Main Street  
East Hartford, CT 06108

Dear Ms. Horan:

**Re: Proposal for Engineering Services for Toe Drain Design – Phase 2  
East Hartford Flood Control System  
East Hartford, Connecticut**

We are pleased to submit this proposal to provide engineering design services for a portion of the toe drain system for the East Hartford flood control system. This work is associated with Bid #12-01 Professional Engineering Design Services for the rehabilitation of the Town's flood protection system.

### **Background**

We previously performed an evaluation of the toe drain system and presented our findings and recommendations in reported titled "Toe Drain System Evaluation Summary" dated September 2012. In our report we separated the toe drain system into six segments and provided recommendations for each segment. The toe drain system segments as defined by GEI are summarized below:

- Toe Drain Segment 1, Sta. 33+27 to Sta. 95+00
- Toe Drain Segment 2, Sta. 99+20 to Sta. 125+80
- Toe Drain Segment 3, Sta. 132+25 to Sta. 161+50
- Toe Drain Segment 4, Sta. 161+50 to 189+00
- Toe Drain Segment 5, Sta. 189+00 to 213+43
- Toe Drain Segment 6, Sta. 213+43 to 240+00

We are currently under contract to design repairs to Toe Drain Segment 3. That design work has been defined as Phase 1. The work included in this contract includes designing and preparing construction contracts documents for repairs to Toe Drain Segments 1, 2, 4, 5, and 6 of the toe drain system and is defined as Phase 2.

Our Toe Drain System Evaluation Summary Report provided recommendations for repairs to specific reaches of each Segment of the Toe Drain System. In summary, the recommendations (excluding Segment 3) were:

- About 5,495 linear feet of toe drain be left in place with no action (Sta. 40+05 to 95+00).
- About 9,860 linear feet of toe drain be replaced (Sta. 99+20 to 125+80, Sta. 161+50 to 184+00, and Sta. 201+20 to 219+50).
- About 4,400 linear feet of toe drain be decommissioned (Sta. 33+50 to 40+05, Sta. 184+00 to 201+20, and Sta. 219+50 to 239+75).

The Phase 2 toe drain design project and contract documents will address the above recommendations for decommissioning and replacement in the Toe Drain System Evaluation Summary (GEI, 2012). Decommissioning of the manholes is proposed to consist of grouting select locations, including laterals to the collector drains.

Replaced toe drain segments will include access points about every 300 linear feet for future maintenance activities.

### **Scope of Service**

Based on the recommendations above, we propose the following scope of service:

1. Site Visit: We will visit the site to evaluate work areas, design considerations and site access. We will also use this visit for site reconnaissance in preparation of the subsurface explorations (see Task 2). We have budgeted for two separate site visits.
2. Subsurface Explorations: In reaches where toe drain replacement is recommended we will perform a subsurface exploration program consisting of test pits to characterize the levee and foundation materials at the proposed toe drain locations and aid in the engineering design of the toe drain. We will also perform a CCTV inspection of the collector drain pipes that will collect and conduct seepage waters from the proposed toe drain. We will use this information to supplement information collected during the 2007 CCTV inspection of the collector drain and 2008 investigation of the toe drain system.

A GEI engineer or geologist will be on site full time during the subsurface exploration and CCTV inspection to coordinate the activities and to observe and document the conditions.

For the test pits, we will prepare a Field Exploration Work Plan which will outline test pit locations, depths, and excavation/backfill procedures. We will submit the Work Plan for USACE approval before we begin the test pits.

We will engage Geologic Earth-Explorations, Inc. to perform five days of test pit excavations with a hydraulic excavator along the landside toe of the levee and proposed locations of the toe drain. We anticipate 14 test pits will be excavated to a depth of up to 10 feet. Additionally, we will perform some excavations to expose manholes that have

been buried. We assumed the quantity, and approximate timing for the test pits will follow:

- Segment 1: Excavate two test pits (1/2 Day)
- Segment 2: Excavate three tests pits, Locate 5 manholes (2 Days)
- Segment 4: Excavate five test pits, Locate 2 manholes (1 Day)
- Segment 5: Excavate two test pits, Locate 3 manholes (1 Day)
- Segment 6: Excavate two test pit, Locate 1 manhole ( 1/2 Day)

The manholes will be left exposed once they are located unless they are more than 1 foot deep. We anticipate two manholes (No. 7 and No. 26) are buried by more than 5 feet of soil. If the excavations are too deep to safely keep the manhole exposed, we will stake the manhole and backfill. We anticipate the remaining manholes are less than a few feet below the existing ground surface. If the manholes are necessary to remain exposed to perform CCTV inspection, we will leave steel plates over the excavation and backfill after the CCTV inspections have been performed.

Test pits will be backfilled with the excavated materials and compacted in 6-inch loose lifts with a vibratory compactor. GEI's engineer or geologist will observe and document the compaction. Geologic's proposal is included in Attachment A.

We will perform geotechnical laboratory testing on soil samples collected from the test pits. The laboratory testing will include gradation with hydrometers and Atterberg limits tests. The laboratory testing will aid in soil classification and evaluation of filter design criteria.

We will engage The Environmental Quality Company (EQ Northeast) to perform a CCTV inspection of the pipes that will collect and conduct seepage waters from the proposed toe drain. We will use this inspection of the collector drains to explore the current alignment, uses, and condition of the collector drain. We will provide up to 4 days of CCTV inspection. We anticipate our CCTV investigation will be performed at the following locations:

- Collector Drains North of Cherry Street Pump Station (about 675 feet of pipe)
- Collector Drains South of Cherry Street Pump Station (about 1,275 feet of pipe)
- Collector Drains from Station 170+00 to Station 185+00 (about 1,725 feet of pipe)
- Collector Drains and Town Storm Drain along Pitkin St. from the Meadow Hill Pond Inlet channel to Main Street (about 2,100 feet of pipe)
- Collector Drain on the east side of Main Street from Manhole 26 to end of the existing collector drains (about 1,250 feet of pipe).

The toe drains from Manhole 26 to the end of the existing system are proposed to be abandoned, however we will still CCTV to observe the condition of the collector drains as they surface drainage from the parking areas behind Town Hall.

We have assumed we will access the pipes via manholes and catch basins. If we locate a blockage, plug, or damaged pipe, the inspection will be terminated however, if access is available from the other side (via another manhole or catch basin), we will continue the CCTV inspection on that side to assess the extent of the blockage. We have assumed police details will be required for 2 days to perform the work. We have assumed that no bypass pumping or dewatering of the pipes will be necessary. We will not provide any cleaning of the pipes within this scope of work. EQ Northeast's quote is included in Attachment B.

We will prepare a brief data report summarizing the test pits and observations from the CCTV inspections. Included in our data report will be a DVD copy of the CCTV inspections and EQ's PACP sewer report.

During the Phase 1 work we encountered heavy petroleum odor and staining in soils adjacent to the former bulk oil terminal property (now the Riverpoint Condominium building) and environmental soil characterization was performed. We have assumed no environmental soil characterization is necessary, however see as described in Task 4 below, we will perform a Corridor Land Use Evaluation. If warranted, we may recommend environmental samples be collected for characterization on select properties.

Optional Task 2A: As an optional task, EQ will perform a cleaning of sediment within the collector drain pipe. The sediment will be removed via a jet washing from a truck at the downstream end of the pipe. Additionally, a vacuum truck will collect sediment and water as it is washed out the pipe and the sediment and water collected will be disposed. For the purpose of this proposal, we have assumed the half of the collector pipes inspect will be approximately 10% filled with sediment. Our assumed quantities are based on this assumption as follows:

- 5 days of pipe cleaning
- 70 tons of sediment will be collected and disposed
- (1) 3,000 gallon water truck will be used per day supplied
- (1) 3,000 gallon of water will be collected and disposed per day.

3. Survey: We will engage BSC Group to perform a survey to provide a base map as a basis for our design. The survey area for this work will consist of the entire length of toe drain repair areas outlined above. In addition, BSC will incorporate their previous survey work to develop a set of right-of-way maps for the entire East Hartford Flood Control System. BSC Group's specific survey scope of work and work area boundaries is included in Attachment C.
4. Corridor Land Use Evaluation: We will perform a corridor land use evaluation in general accordance with CTDOT Division of Environmental Compliance, Tasked Based Contaminated Soil/Groundwater Scope, Task 110. Work will include
  - a. Perform site visit to walk the alignment and review the corridor,
  - b. Compile and review available historical sources of information about the

properties along the corridor. Historical sources to be utilized include: town land records (including Tax Assessor's and street directories), ConnDOT Sanborn Maps, CTDEEP aerial photographs, current and historical USGS quadrangle maps, and commercial data base inventories of standard federal and state environmental records (per ASTM Standard Section 7 .2.1.1 E-1527).

- c. Prepare an inventory and tabulate present and former land uses of the properties adjacent to the work areas. Each land use in the inventory will be tabulated by Assessor's recorded map, block and parcel numbers. We will identify the ownership of each parcel in the inventory, and list the facilities, materials and activities typically associated with each land use.
- d. Identify the relative environmental risk (low, moderate or high) associated with each parcel in accordance with the CTDOT criteria based upon the available information

We will prepare a Corridor Land Use Evaluation report. The report will include the following sections:

- a. Background: Including a description of the nature of the assignment, the evaluation team and key research dates;
- b. Project description: Including the location and scope of the project;
- c. Discussion of Present Land Uses: Including a general characterization of current uses, discussion of federal and state requirements associated with any regulated land uses identified, and discussion of any factors suggesting the presence of moderate or high risk land uses;
- d. Discussion of Past Land Uses: Same as above;
- e. Summary and Conclusions: Including recommendations for further evaluation;
- f. Land Use Tabulation and Property Risk Evaluation Table;
- g. Appendices: Project Location Map, Cell Map, commercial data base inventories of standard federal and state environmental records (per ASTM Standard Section 7 .2.1.1 E- 1527), and Standard Land Use Evaluation Sheets.

5. East River Drive and Pitkin Street Utility Company Coordination: We anticipate that the toe drain repairs may need to cross East River Drive. We will coordinate planning and design with the following utilities:

- Comcast
- Fiber Technologies Networks, LLC
- Level 3 Communications, LLC
- AT&T Connecticut
- WiTel Communications, LLC
- Northeast Utilities Service Company

- Connecticut Natural Gas Corporation
- Metropolitan District Commission
- Exxon Mobil

Our coordination efforts will consist of mailing PDF copies of the 90% Design Drawings, follow-up telephone calls, and revising the plans and specifications based on the utility company review comments. We will provide hard copies of the drawings if requested by the utility companies.

No test pit or utility location effort is included in this scope of work.

6. CTDOT Coordination: Portions of the toe drain system are crossing or immediately adjacent to CTDOT property. We will coordinate assist the Town in coordinating with CTDOT. Our efforts will include an initial meeting with the CTDOT, providing design submittals to the CTDOT for review, follow-up telephone calls, and incorporating comments CTDOT comments in to subsequent design submittals. We also propose to participate in up to two meetings with CTDOT to discuss the project.
7. USACE Coordination: We anticipate the USACE will want to review proposed modifications to the system at a conceptual design stage. We have budgeted time for us to coordinate with the USACE for modifications, existing and proposed, to the toe drain system. Our coordination efforts will consist of providing 35% Design Drawings, follow-up telephone calls, and revisions based on USACE comments. We do not plan on developing specifications as part of the 35% Design. We will attend up to two meetings with the USACE to discuss the propose design, process for toe drain decommissioning and the proposed final toe drain system upon completion of the project. We will prepare a figure illustrating the proposed final toe drain system for the full levee system which will highlight known modifications since the original system construction.
8. Toe Drain Repair Contract Documents: We will prepare construction drawings and contract documents for the toe drain repairs including:
  - Construction Drawings. We will provide up to 43 construction drawings. Our assumed list of drawings is as follows:
    - Cover Sheet/Drawing List (1 sheet)
    - General Notes (1 sheet)
    - Erosion and Sediment Control Notes and Details (1 sheet)
    - Survey Layout (1 sheet)
    - Existing Conditions – (from BSC Survey)
    - Toe Drain Repair Plan and Profile – Segment 1 (1 sheet)
    - Toe Drain Repair Plan and Profile – Segment 2 (5 sheets)
    - Toe Drain Repair Plan and Profile – Segment 4 (5 sheets)
    - Toe Drain Repair Plan and Profile – Segment 5/6 (7 sheets)
    - Toe Drain Sections –Segment 1 (1 sheet)
    - Toe Drain Sections –Segment 2 (4 sheet)

- Toe Drain Sections –Segment 4 (4 sheets)
- Toe Drain Sections –Segment 5 (2 sheet)
- Toe Drain Sections –Segment 6 (4 sheet)
- Typical Sections and Details (6 sheets)

Note: No maintenance and protection of traffic plans are included. We anticipate requiring the contractor to provide maintenance and protection of traffic plans for the various work areas if necessary.

- Construction Contract including Bid Forms and Schedule, General Conditions, and Special Provisions.
- Project technical specifications including:
  - Summary of Work
  - Measurement and Payment
  - Project Management and Coordination
  - Submittal Procedures
  - Temporary Facilities and Controls
  - Traffic Control
  - Project Permits and Environmental Controls
  - Control of Water
  - Layout of Work and Survey
  - Project Closeout
  - Site Clearing
  - Selective Demolition
  - Excavation
  - Fill and Backfill
  - Erosion and Sediment Control
  - Bituminous Concrete Paving
  - Granite Curbing
  - Subdrainage
  - Reinforced Concrete Pipe
  - Manholes, Catch Basins, Frames, and Covers
  - Abandonment of Existing Utilities
  - Site Restoration
  - Seeding
  - Basic Concrete Materials
  - Cast-In-Place Concrete
  - Non Shrink and Epoxy Anchor Grout
- Opinion of Probable Construction Cost Estimate and Schedule.

We have budgeted to provide the following design submittals:

Submittal	Distribution	Copies			
		PDF	Drawings		Specs
			Full Size	Half Size	
35% Design	Town	1	0	1	0
	USACE	1	0	1	0
90% Design	Town	1	1	1	1
	CTDEEP	1	1	1	1
	USACE	1	0	1	1
Issued for Approval	Town	1	2	2	2
	CTDEEP	1	1	1	1
	USACE	1	0	1	1
Issued for Bid	Town	1	2	2	2
	CTDEEP	1	1	1	1
	USACE	1	0	1	1
	Totals	11	8	11	11

We will summarize comments received by the Town and USACE into a response document for each submittal. The response document will be included with the subsequent submittal. We will provide the Town with CAD files and PDF files of the drawings and contract documents.

9. Permit Coordination: We will assist the Town in permitting the Phase 2 Toe Drain Repair. Replacement of the toe drain system was included in previous state, federal permit applications associated with the 2010 FEMA Accreditation Repair Project. Our scope will be limited to the following:

- Local Permits
  - Preparing a local permit application for sediment and erosion control plan.
  - Preparing a local permit application for natural resources and filling.
  - Providing a project description for the Town's 8-24 Referral.
- State Permits
  - Coordinating with the CTDEEP to obtain written authorization under the current Dam Safety permit for the proposed work.
- Federal Permits
  - Coordinating with the USACE to obtain written authorization under the current USACE permits for the proposed work.
  - Coordinating with the USACE to obtain written authorization to modify the levee to include the proposed modifications.

This work will include completion of application forms, posting of public notice signs for local permits, and attending one public meeting/hearing. The drawings attached to the applications will include the 90% design drawings.

Two copies of the draft version of each of the applications, including attachments will be provided to the Engineering Department for review. The applications will be revised based on the Engineering Departments comments. We will prepare 12 copies of the soil erosion and sediment control. We will provide 2 copies of the full size drawings and 12 copies of the half size drawings for the applications.

We assume that no additional CTDEEP permits are required for this activity (new permits or modifications to the existing permit).

We assume that we will not need to prepare a local application for permission to conduct a regulated activity within inland wetlands because a dam construction permit is required. The proposed work does not include any wetland or ecological surveys. We will indicate the wetland limits and other ecological information in the drawings and applications based on information available from Town and State GIS internet sites.

We assume that we will not need to prepare a local site plan application as no new building construction is proposed. We assume that we will not need to prepare a flood hazard zone development permit application as the proposed work is located on the landside of the flood control system.

We assume no additional federal environmental permitting is required. We will send a letter requesting the USACE – New England District approve the project. We will coordinate with the USACE to obtain written authorization under the current permit for the proposed work. We assume the review and approval will occur at the District level and no additional documentation besides updated design plans and specifications will be required.

10. Toe Drain Repair Contract Bidding Support: We will support the Town's bidding process by completing the following scope items:

- Host Bid Documents on our Sharefile FTP Server.
- Attend a Pre-Bid Meeting with Contractors.
- Address Bid Questions, as necessary. For budgeting, we have assumed ten bid questions.
- Prepare Bid Addendum, as necessary. For budgeting, we have assumed one addendum with minor modifications, clarifications or revisions on three specification sections and three drawings.
- Summarize Bids. We will provide a summary memorandum of our review of the bids. The summary will include a table of the bids as well as comparison to the engineer's opinion of probable cost.

### **Assumptions**

Our proposal includes the following assumptions in addition to the assumptions described in our scope description above:

- The Town will obtain right-of-entry to Town property to perform survey work.
- No coordination meetings between GEI and the Town will be required.
- Existing federal and state permitting has already been obtained as part of the 2010

FEMA Accreditation Repair Project.

- No wetland delineation is required.
- No environmental soil characterization will be performed.
- No contract documents associated with environmentally-impacted soils are necessary.

**Cost**

We will perform the above scope of service, (except Optional Task 2A) for a lump sum fee of \$482,775. The breakdown of our proposed costs is included in Table 1.

The quantity of sediment in the collector drains is unknown and will affect the overall effort and costs to perform the Optional Task 2A pip cleaning work. Therefore we propose to perform that work on a unit cost basis. Our proposed unit prices and estimated quantities are included in Table 2. Based on the assumptions stated above, we recommend establishing a budget of \$46,670.

Invoices will be submitted monthly based on the estimated percent complete at the end of the billing period.

**Schedule**

We are prepared to begin work within one week of receiving an NTP. We anticipate completing the scope as outlined in the attached Schedule.

**Conditions**

Our services will be provided under the Conditions of Engagement dated April 23, 2008, previously negotiated with the Town of East Hartford. The Conditions of Engagement are included in Attachment D.

Thank you for the opportunity to submit this proposal. We look forward to continuing our work with you on this project. Please call me at 781-721-4023 if you have any questions.

Sincerely,

GEI CONSULTANTS, INC.

James F. Nickerson, P.E.  
Project Manager

Geologic's Test Pit Proposal

**Geo Logic-Earth Exploration, Inc.****PROPOSAL***WBE Certified in All New England States*

7 Sherwood Drive, Norfolk, MA 02056

via EMAIL

Tel: (508) 384-4434 FAX: (508) 384-4452

Date: January 21, 2013  
Revised 5-28-2013

Subject: East Hartford Levee - Test Pits

To: Mike Flynn  
GEI Consultants, Inc.Tel:  
cell: 781.697.0087  
e:mail [mflynn@geiconsultants.com](mailto:mflynn@geiconsultants.com)**Scope of Work:**

Perform five days of test pits at the East Hartford Levee site. The excavations are to be between 5' and 10' in depth to locate and inspect the toe drain. Upon completion of each test pit the soil will be returned to the hole and compacted with a plate compactor in 12" lifts. Geologic will be responsible for reseeding the excavation areas as well. There is no police detail required for this project. This work does not fall under the Davis Bacon Act. Geologic will supply a bond to the City of East Hartford and obtain an encroachment permit for the project. The cost below includes the bond and permit cost plus the project manager's time to obtain the permit.

ITEM	DESCRIPTION	UNIT \$	ESTIMATED QUANTITY	TOTAL \$
1)	Mobilization/Demobilization - Excavator	800.00 /ls	2 ls	1,600.00
2)	Day Rate - Excavator & Crew	1,575.00 /day	6 days	9,450.00
3)	Overtime after 8 hours on site	245.00 /hr	12 hrs	2,940.00
4)	Plate Compactor Rental	150.00 /day	6 days	900.00
5)	Digsafe	300.00 /ls	1 ls	300.00
6)	Grass Seed	100.00 /bag	1 bag	100.00
7)	Encroachment Permit includes PM time	550.00 /ls	1 ls	550.00
8)	Top Soil	14.75 /bag	100 bags	1,475.00
9)	Mobilization/Demobilization - Steel Road Plates	1,250.00 /ls	1 ls	1,250.00
10)	8'x10' Steel Road Plates (assume 4 for 1 month)	275.00 /week	16 week	4,400.00

**ESTIMATED TOTAL: \$22,965.00**

Quantities listed are considered estimates not to be exceeded without notification of the Client. Price quotations will be held firm for a period of ninety days unless otherwise specified. Changes in project quantities or requirements may be cause for revision of prices as listed.

Thank you for the opportunity to submit this proposal. Feel free to call with any questions or comments.

EQ Northeast CCTV Inspection Proposal

May 23, 2013

Mr. Hugo DelRosso  
The Environmental Quality Company  
1 Prestige Drive, Suite 212,  
Meriden, CT 06450

Dear Mr. DelRosso:

**Re: Task Order No. 1  
Toe Drain Repair Project Phase 2  
East Hartford Flood Control System  
East Hartford, Connecticut**

The following summarizes the work to be performed by The Environmental Quality Company (EQ) for the East Hartford Flood Control System Phase 2 Toe Drain Repair Project in East Hartford, Connecticut.

### **Scope of Service**

The Task Order No. 1 Scope of Services includes:

- I. CCTV Inspection: Provide Closed Circuit Televisions (CCTV) inspection of the following pipes (as shown on the attached plans):
  - Collector Drains North of Cherry Street Pump Station (about 675 feet of pipe),
  - Collector Drains South of Cherry Street Pump Station (about 1,275 feet of pipe),
  - Collector Drains between Station 170+00 to Station 185+00 (about 1,725 feet of pipe),
  - Collector Drains along Pitkin St. from Intersection of Main Street to inlet that the Meadow Hill Storage Pond (about 1,500 feet of pipe), and
  - Collector Drain on the east side of Main Street from Manhole 26 to end of the existing collector drains (about 1,250 feet of pipe).

All CCTV inspection work shall be performed by National Association of Sewer Service Companies (NASSCO), Pipeline Assessment & Certification Program (PACP) certified personnel. The results of the inspection will be provided on a DVD and documented on a printed summary report for each run.

Inspection work will be limited to remote video surveillance. No pipe cleaning or sediment or water removal shall be performed.

Provide confined space entry into all manholes locations to facilitate inspection. All confined space entry shall be compliant with OSHA and State regulations.

Provide all traffic control devices required to perform the work. These will include appropriate cones, barricades and signs to comply with the latest CTDOT Manual on

Uniform Traffic Control Devices for Streets and Highways. Police detail will be required while working on Pitkin Street.

### Payment and Budget

Payment for the work will be on a unit cost basis, based on the unit costs provided on the attached quotation dated February 20, 2013. We have established a budget of up to \$19,960 for this work, based on our estimate of quantities (summarized in the table below). Do not exceed the estimated quantities without written authorization.

Item	Description	Rate	Quantity	Total
1	CCTV Inspections	\$3,740	5	\$18,700
2	Police Detail (5 Hour Min.)	\$395	0	\$0
3	Police Detail (8 Hours)	\$630	2	\$1260
		Total:		\$19,960

### Schedule

We anticipate issuing a Notice to Proceed in mid July 2013. Begin the work within two weeks of receiving a Notice to Proceed. Complete the CCTV inspections within 3 weeks after beginning the work. Provide a final DVD and inspection report within two week of completing the CCTV Inspections.

### Conditions

Services will be provided under the GEI-EQ Subcontract Agreement previously negotiated.

### Closing

If you have any questions, please call me at 781-721-4023.

Sincerely,

GEI CONSULTANTS, INC.

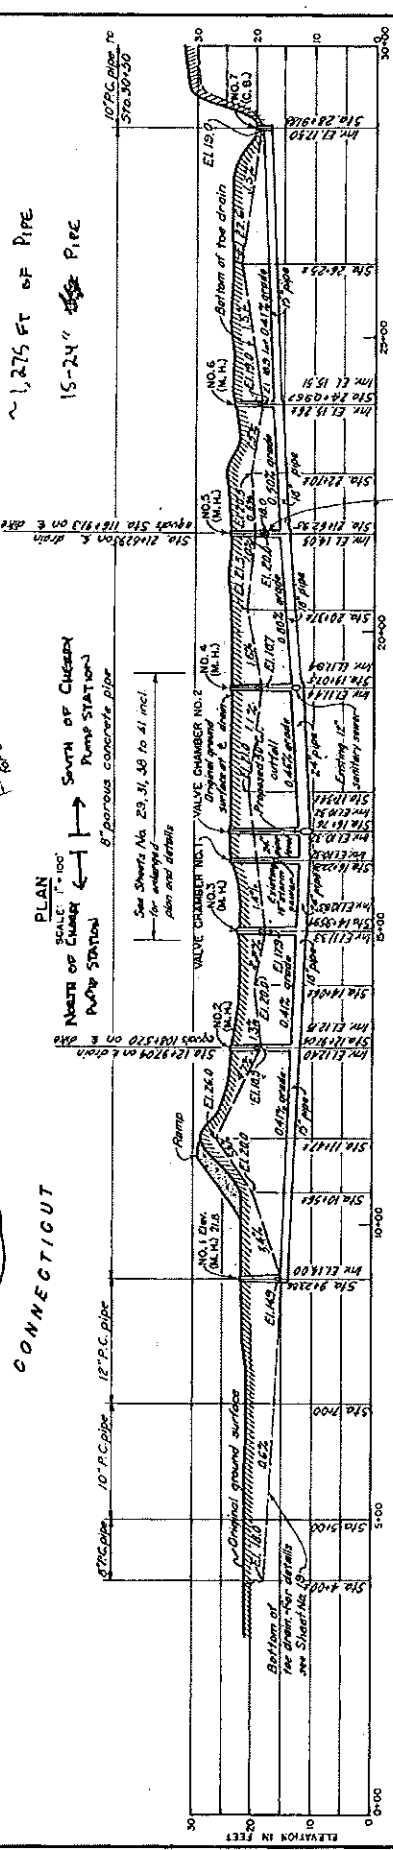

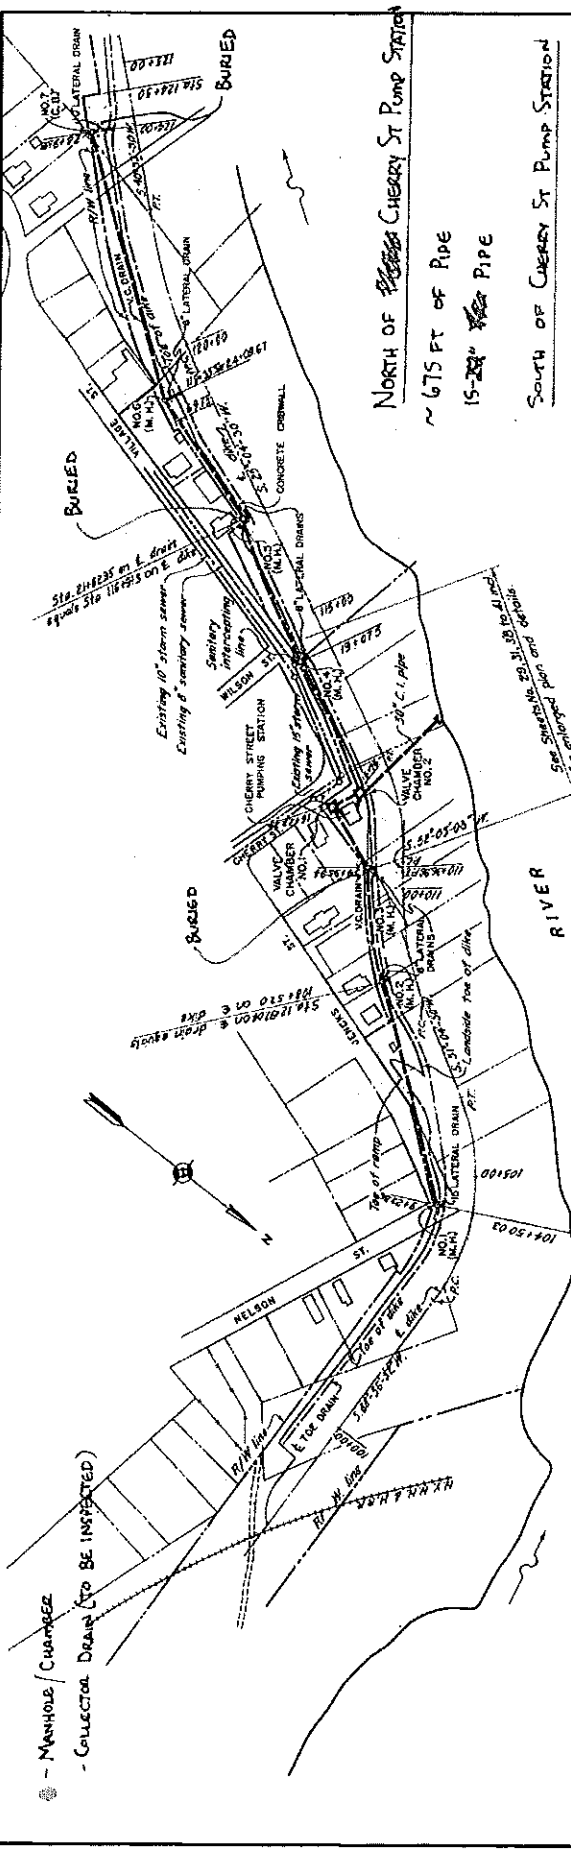

Jim Nickerson, P.E.  
Project Manager

## QUOTATION # CTH021713 R1

FEBRUARY 20, 2013

MR. MICHAEL FLYNN  
GEI CONSULTANTS, INC.  
400 UNICORN PARK DRIVE  
WOBBURN, MA 01801

Dear Mr. Flynn,

Thank you for inquiring with EQ for pricing on this project. This quotation is provided to perform CCTV inspection of the collector drain system in the area of the Pitkin Street Pump Station as requested in your February 18<sup>th</sup> email. Access to the piping will be through a series of manholes and there will be no cleaning, by-pass pumping or dewatering required.

Please note that EQ maintains ISO 9001, 14001 & OSHAS 18001 registrations at all of our locations throughout the country. As part of the registration process we have created and implemented a very detailed Quality Environmental Health and Safety Management program. All employees are required to follow these procedures in their day to day activities. EQ is one of the few environmental management companies that has taken the time and expense to implement such an extensive program which has paid many benefits. I have attached a brochure that provides additional information about our program. We hope that you understand the value that this brings to you and your clients.

### **Video:**

<i>CCTV Inspection</i>	<i>\$3,740.00 - Day</i>
<i>Police detail (if required)</i>	<i>\$395.00 – 5 hours</i>
	<i>\$630.00 – 8 hours</i>

### **Cleaning (if necessary):**

<i>Daily rate (8 hours on site)</i>	<i>\$5,300.00 - Day</i>
<i>Transportation and Disposal – Solids/Sediment</i>	<i>\$140.00 – Ton</i>
<i>Transportation and Disposal – Water (3,000 g capacity)</i>	<i>\$450.00 - Load</i>
<i>Supplied water for cleaning (3,000 g capacity)</i>	<i>\$180.00 – Load</i>

Thank you for this opportunity - EQ appreciates your interest in our services. I believe this quotation meets your specifications but please contact me at 860.993.7518 if you have any questions. We are prepared to proceed with the above described work upon issuance of your purchase order or by your signature on this quotation. Please return by fax or email to the location below.

Best regards,  
Hugo DelRosso

Account Executive

## EQ STANDARD TERMS AND CONDITIONS

The Agreement between the Customer and EQ – The Environmental Quality Company and/or its member companies (hereinafter "EQ") related to or associated with Delivered Waste, as herein defined, shall be governed by the following Standard Terms and Conditions in addition to the terms and conditions contained in any Waste Characterization Report, Customer Approval Quote Confirmation, Generator Approval Notification, Notice of Waste Approval Expiration, and/or Credit Agreement associated with such Delivered Waste.

The Customer may use its standard forms (such as purchase orders, acknowledgments of orders, and invoices) to administer its dealings under this Agreement for convenience purposes, but all provisions thereof in conflict with these terms and conditions shall be deemed stricken.

### Definitions

The following definitions shall apply for purposes of this Agreement:

"Acceptable Waste" shall mean any hazardous waste, as defined under applicable State or federal law, determined by EQ as acceptable for treatment and/or disposal in accordance with this Agreement.

"Delivered Wastes" shall mean all wastes (i) which are transported, delivered, or tendered to EQ by the Customer; (ii) which the Customer has arranged for the transport, delivery or tender to EQ; or (iii) which are transported, delivered, or tendered to EQ under a Credit Agreement between the Customer and EQ.

"Non-Conforming Wastes" shall mean wastes that (a) are not in accordance in all material respects with the warranties, descriptions, specifications or limitations stated in the Waste Characterization Report and this Agreement; (b) have constituents or components of a type or concentration not specifically identified in the Waste Characterization Report (i) which increase the nature or extent of the hazard and risk undertaken by EQ in treating and/or disposing of the waste, or (ii) for whose treatment and/or disposal a Waste Management Facility is not designed or permitted, or (iii) which increase the cost of treatment and/or disposal of waste beyond that specified in EQ's price quote; or (c) are not properly packaged, labeled, described, or placarded, or otherwise not in compliance with United States Department of Transportation and United States Environmental Protection Agency regulations.

### Control of Operations.

EQ shall have sole control over all aspects of the operation of any treatment and/or disposal facility of EQ receiving Delivered Wastes under this Agreement (hereinafter,

"Waste Management Facility"), including, without limitation, maintaining EQ's desired volume of Acceptable Wastes being delivered to any Waste Management Facility by the Customer or any other person or entity.

### Identification of Waste.

For each waste material to be transported, delivered, or tendered to EQ under this Agreement, the Customer shall provide, or cause to be provided, to EQ a representative sample of the waste material and a completed Waste Characterization Report containing a physical and chemical description or analysis of such waste material, which description shall conform with any and all guidelines for waste acceptance provided by EQ. On the basis of EQ's analysis of such representative sample of the waste material and such Waste Characterization Report, EQ will determine whether such wastes are Acceptable Wastes. EQ does not make any guarantee that it will handle any waste material or any particular quantity or type of waste material, and EQ reserves the right to decline to transport, treat and/or dispose of waste material. The Customer shall promptly furnish to EQ any information regarding known, suspected or planned changes in the composition of the waste material. Further, the Customer shall promptly inform EQ of any change in the characteristic or condition of the waste material which becomes known to the Customer subsequent to the date of the Waste Characterization Report.

### Non-Conforming Wastes.

In the event that EQ at any time discovers that any Delivered Waste is Non-Conforming Waste, EQ may reject or revoke its acceptance of the Non-Conforming Waste. The Customer shall have seven (7) days to direct an alternative lawful manner of disposition of the waste, unless it is necessary by reason of law or otherwise to move the Non-Conforming Waste prior to expiration of the seven (7) day period. If the Customer does not direct an alternative disposal, at its option, EQ may return any such Non-Conforming Wastes to the Customer, and the Customer shall pay or reimburse EQ for all costs and expenses incurred by EQ in connection with the receipt, handling, sampling, analyses, transportation and return to the Customer of such Non-Conforming Wastes. If it is impossible or impractical for EQ to return the Non-Conforming Waste to the Customer, the Customer shall reimburse EQ for all costs, of any type or nature whatsoever, incurred by EQ, solely because such Delivered Waste was Non-Conforming Waste (including, but not limited to, all costs associated with any remedial steps necessary, due to the nature of the Non-Conforming Waste, in connection with material with which the Non-Conforming Waste may have been commingled and all expenses and charges for analyzing, handling, locating, preparing for transporting, storing and disposing of any Non-Conforming Waste).

### Customer Warranty - Acceptable Wastes.

All Delivered Wastes shall be Acceptable Wastes and shall conform in all material respects to the description and specifications contained in the Waste Characterization Report. The information set forth in the Waste Characterization Report or any manifest, placard or label associated with any Delivered Wastes, or otherwise represented by the Customer or the generator (if other than the Customer) to EQ, is and shall be true, accurate and complete as of the date of receipt of the involved waste by EQ.

### Customer Warranty - Title to Wastes.

Either the Customer or the generator (if other than the Customer) shall hold clear title, free of any all liens, claims, encumbrances, and charges to Delivered Waste until such waste is accepted by EQ.

### Customer Warranty - Compliance with Laws.

The Customer shall comply with all applicable federal, state and local environmental statutes, regulations, and other governmental requirements, as well as directives issued by EQ from time to time, governing the transportation, treatment and/or disposal of Acceptable Wastes, including, but not limited to, all packaging, manifesting, containerization, placarding and labeling requirements.

**Customer Warranty - Updating Information.**

If the Customer receives information that Delivered Waste or other hazardous waste described in the Waste Characterization Report, or some component of such waste, presents or may present a hazard or risk to persons, property or the environment which was not disclosed to EQ, or if the Customer or generator (if other than the Customer) has changed the process by which such waste results, the Customer shall promptly report such information to EQ in writing.

**Customer Indemnity.**

The Customer shall indemnify, defend and hold harmless EQ, and its affiliated or related companies, and all of their respective present or future officers, directors, shareholders, employees and agents from and against any and all losses, damages, liabilities, penalties, fines, forfeitures, demands, claims, causes of action, suits, costs and expenses (including, but not limited to, reasonable costs of defense, settlement, and reasonable attorneys' fees), which may be asserted against any or all of them by any person or any governmental agency, or which any or all of them may hereafter suffer, incur, be responsible for or pay out, as a result of or in connection with bodily injuries (including, but not limited to, death, sickness, disease and emotional or mental distress) to any person (including EQ's employees), damage (including, but not limited to, loss of use) to any property (public or private), or any requirements to conduct or incur expense for investigative, removal or remedial expenses in connection with contamination of or adverse effect on the environment, or any violation or alleged violation of any statutes, ordinances, orders, rules or regulations of any governmental entity or agency, caused or arising out of (i) a breach of this Agreement by the Customer, (ii) the failure of any warranty of the Customer to be true, accurate and complete, or (iii) any willful or negligent act or omission of the Customer, or its employees or agents in connection with the performance of this Agreement.

**Force Majeure**

EQ shall not be liable for any failure to accept, receive, handle, treat, and/or dispose of Delivered Waste due to an act of God, fire, casualty, flood, war, strike, lockout, labor trouble, failure of public utilities, equipment failure, facility shutdown, injunction, accident, epidemic, riot, insurrection, destruction of operation or transportation facilities, the inability to procure materials, equipment, or sufficient personnel or energy in order to meet operational needs without the necessity of allocation, the failure or inability to obtain any governmental approvals or to meet Environmental Requirements (including, but not limited to voluntary or involuntary compliance with any act, exercise, assertion, or requirement of any governmental authority) which may temporarily or permanently prohibit operations of EQ, the Customer, or the Generator, or any other circumstances beyond the control of EQ which prevents or delays performance of any of its obligations under this Agreement.

**Governing Laws**

This Agreement shall in all respects be governed by and shall be construed in accordance with the laws of the State of Michigan applied to contracts executed and performed wholly within such state.

BSC Group's Survey Proposal

providing solutions that create value

May 21, 2013

Mr. James Nickerson, P.E.  
GEI Consultants, Inc.  
400 Unicorn Park Drive  
Woburn, MA 01801

RE: Proposal for Survey Services  
East Hartford Flood Control System  
Toe Drain System Repairs Phase 2

180 Glastonbury Blvd.  
Suite 103  
Glastonbury, CT 06033

Tel: 860-652-8227  
800-288-8123  
Fax: 860-652-8229

www.bscgroup.com

Dear Mr. Nickerson:

BSC Group-Connecticut, Inc. (BSC) is pleased to submit this proposal to GEI Consultants, Inc. (GEI) to provide land surveying services in support of Phase 2 of your levee Toe Drain repair project on Town of East Hartford (the Town) flood control system. The proposed scope of services include surveying, preparation of base mapping to support Phase 2 design, and preparation of compiled mapping for the entire levee.

**1.0 SCOPE OF SERVICES**

BSC has prepared this proposal based upon the following understanding of your needs and circumstances that have affected the scope of services:

1. BSC's scope of services has been based on the scope elements and survey areas required by GEI as described in your e-mail dated February 12, 2013, Town of East Hartford scope elements summarized in their correspondence dated April 29, 2013, and our subsequent communications with you individually, and a teleconference with you and Mr. Nick Casparino of the Town of East Hartford.
2. The survey will address levee Toe Drain Segments 1, 2, 4, 5, and 6. The area to be surveyed is shown on Attachments 1-5 (Survey Areas: Segments 1-2 and 4-6) and is generally bounded as follows: The survey area for each segment is generally the limits of the Dike Right-of-Way, to include at least 40-feet past the landside toe of the levee. The survey will also map all of the land area between the levee and water's edge between station 50+00 and station 100+00 in Segment 1, and station 230+00 and station 238+00 in Segment 6, but will not include the limits of the Meadow Hill Storage Pond in Segment 5. A potential 10' right-of-way in favor of the Town of East Hartford in the vicinity of Floradale Drive and Main Street in Segment 1 will be addressed. Previous work performed by BSC in Toe Drain Segment 2 will be supplemented with additional research and field survey data to bring it up to the standards required of this project, as well as a portion of Main Street in the vicinity of the I-84 overpass between the Town Hall/Fire House and Pitkin Street in Segment 5. Property line information in this area and south to the Main Street Closure Structure will be addressed. Previous work performed by BSC for the Town Hall/Fire House will be updated to reflect consistent Dike Right-of-Way terminology. Additionally, Town of East Hartford GIS Mapping will be utilized to supplement the field data in inaccessible areas, specifically I-84 in the vicinity of the Bulkeley Bridge in Toe Drain Segment 2 and Main Street in Toe Drain Segment 5, and Route #2 between Toe Drain Segments 4 and 5.

Engineers  
Environmental  
Scientists  
GIS Consultants  
Landscape  
Architects  
Planners  
Surveyors

3. The base mapping prepared by BSC will be utilized by GEI as base mapping for your design efforts.
4. The mapping product will be classified as a "Right of Way Survey" intended to obtain, compile, and portray existing conditions within the surveyed area, including boundaries, topography, and utilities.
5. The scope of services includes preparation of a consolidation map of all portions of the levee system surveyed by BSC, including previous work between about station 99+00 to 185+00 and station 213+00 to 225+00. This mapping product will be classified as a "Right of Way Survey" and is intended to portray a seamless joining of all BSC mapping into one comprehensive map.
6. The survey and map will be prepared under the direction of a Connecticut-licensed Land Surveyor, pursuant to the Regulations of Connecticut State Agencies (RCSA) Sections 20-300b-1 through 20-300b-20 and the "Standards for Surveys and Maps in the State of CT" as adopted by the CT Association of Land Surveyors (CALs) on September 26, 1996.

Our proposed Scope of Services is comprised of the following specific tasks:

#### **Task 1 – Record Review**

BSC will meet with the representatives of the Town's Engineering Division to obtain copies of existing maps and other documentation, positional data for any previously established survey control points, and discuss any specific survey requirements or concerns that will need to be addressed for the proper and timely completion of the work.

#### **Task 2 - Research**

1. BSC will perform research at Town offices such as the Tax Assessor, Town Clerk, and Engineering Division and other agencies that may be sources of information. This research is intended to obtain pertinent data such as property and adjoining owners' parcel information, filed deeds, easements, property maps, and street right-of-way maps. We will also obtain pertinent record information from the Connecticut Department of Transportation (ConnDOT). We assume that there is an existing easement in favor of Buckeye Pipe Line Company (or its' assigns) over and across portions of areas to be surveyed. We will coordinate with the Town Engineering Division to obtain information on other easements and land use agreements (i.e. leases) which should be included on the survey map.

The record deeds and survey maps will be processed and plotted. The closure accuracy of the record deeds and survey maps will be evaluated if the document is to a level of detail sufficient for a closure calculation. Once all of the recorded deeds and survey maps are plotted, they will be compiled into worksheet form to be used in the field survey reconnaissance.

2. BSC will perform research to obtain record data on utility facilities at the Site. This task will be based upon our review of available mapping (to include the utilities shown on the Dike Right-of-Way mapping, as well as other sources) and requests for information to

the following utility owners and operators: Connecticut Light & Power, Connecticut Natural Gas, the Town, the Metropolitan District Commission, and Comcast. It is our understanding that AT&T does not provide record utility data upon request. Additionally, BSC will coordinate with GEI to obtain other relevant utility plans and data to be included on the survey map. We assume that locations of existing toe drains will be based upon record flood control system drawings to be provided by GEI. Inadequate record data requiring the surveyor to employ techniques of subsurface exploration to locate utilities will be an additional service subject to change order approval.

3. BSC will perform flood plain research on the Federal Emergency Management Agency (FEMA) website to obtain a current Flood Insurance Rate Map (FIRM) for the area to be surveyed. BSC will determine the flood zone designation(s) for the area to be surveyed and identify flood zone boundaries as scaled from and defined by the FIRM.
4. BSC assumes that no new field wetland delineation will be performed. BSC will perform research of the Town's existing wetland mapping. We have assumed that the Town Engineering Division will provide us with a suitable document from which we can readily obtain any previously delineated wetlands to be portrayed on the survey map.

### **Task 3 - Field Survey**

1. Once the research task has been completed and record data has been compiled, BSC's survey crew will mobilize to perform a field survey. This task will begin with reconnaissance activities to recover evidence of boundary lines and apparent lines of occupation. This will include property corner markers, fences, walls, Right-of-Way (ROW) bounds and natural monumentation.
2. BSC will establish a horizontal and vertical control network in a linear fashion through the center of the surveyed areas with spur points as site-appropriate. This task will begin with efforts to recover existing survey control points in the direct vicinity of the area to be surveyed. The control network will be configured in such a way to keep angles and distances between the stations generally balanced to ensure that a proportioned positional adjustment can be achieved. BSC will establish reference ties to aid in the future recovery of control stations, including existing control points and any new points established in the course of the current field effort.
3. Utilizing the control stations, BSC will record the horizontal locations of the boundary evidence recovered during the reconnaissance effort.
4. Utilizing the control stations, BSC will perform a topographic survey to record the horizontal and vertical positions of visible site improvements. This task will include, but not be limited to, the limits of existing buildings, paved areas, fences and walls, utility structures (manholes, clean outs, catch basins, etc.) solitary trees four (4) inches or greater in diameter, tree lines of wooded areas, edges of landscaped or planted areas, drainage swales, and additional natural features such as rock outcrops. Top and toe of slopes will be located throughout the site as well as the outlines of erosion control measures.
5. To augment the owner/operator-provided records, BSC will field-locate existing Call-

Before-You-Dig (CBYD) utility markings identified in the field. We assume that GEI will be responsible for contacting CBYD, and any such markings will be placed prior to our mobilizing for the field survey effort.

6. BSC will physically obtain pipe invert information on accessible utility structures including sanitary and storm water facilities.
7. BSC will field-locate approximately 11 manholes and catch basins uncovered by GEI at the following locations:
  - Segment 2: Nos. 1,2, 3, 5, and 7
  - Segment 4: Nos. 18 and 19
  - Segment 5: Nos. 21, 21A, and 21B
  - Segment 6: No. 26

We have assumed that the location of these manholes will require re-mobilization of the survey crew after the manholes have been uncovered.

#### **Task 4 - Boundary Determination and Data Reduction**

1. Upon completion of the field work, BSC will process the control network to determine the positional accuracy of the raw field data. Using standard survey practices, the locations of the boundary evidence can be calculated and plotted using a Computer Aided Drafting (CAD) program.
2. BSC will utilize the record information obtained in the land record research task together with the field locations to perform a determination for boundary lines within the areas to be surveyed, including the levee centerline and ROW, abutting property sidelines, and easement lines. Resolution and/or reconciliation of discrepancies or encroachments will not be included, other than identification of same on the survey map. Parcels located between the levee and the edge of the river will be depicted utilizing assessor's data and the town's "Dike Deed Index" only, e.g. no deed/record research will be conducted. Surveys adjacent to Connecticut Route 2 will extend to the back of guardrail.
3. The survey will be horizontally and vertically positioned in the North American Datum of 1983 (NAD 83) and the North American Vertical Datum of 1988 (NAVD 88), respectively.
4. BSC will generate a triangulated irregular network (TIN) for the surveyed area and depict contour lines at an interval of one (1) foot with spot elevations at surface structures and in other areas as may be appropriate.

#### **Task 5 - Final Mapping**

1. BSC will prepare a digital survey map in accordance with the following project requirements:
  - Boundary, easement, and levee centerline and ROW lines, including lengths and bearings on straight lines, and radius, point of tangency, and length of curved lines.

- Boundary monumentation found, including data relating the existing point locations to the record or theoretical positioning. BSC anticipates that this will include offset notations with bearings and distances as well as detail sketches as may be required.
  - Property identifiers including the owner's names, Assessor's lot designation, street address, and the volume and page of the record deed for the subject and abutting parcels. Parcels located between the levee and the edge of the Connecticut River will be depicted with a parcel line and block/lot number only.
  - Graphic and numeric scale.
  - Map legend identifying definitions of abbreviations and symbols used
  - Spot elevations on paving or other hard surfaces to the nearest .01 foot; on other surfaces, to the nearest .10 foot.
  - Surveyor's notes, including a schedule of reference maps and other relevant information.
  - Utilities, including top of frame elevations for sanitary, drainage, telephone, electric, and water manholes, and invert/flowline information for accessible sanitary and drainage structures.
  - Site improvements and topography.
  - Survey control points with coordinate values and recovery ties.
  - "D" size sheets (22" x 34").
2. BSC will provide draft copies of the survey map to GEI and the Town Engineering Division for review and comment.
3. The project deliverables will include reproducible transparencies, paper prints, and digital files, including drawing (AutoCAD .dwg), surface (Carlson .tin), coordinates in ASCII format (.txt or .csv), and portable document (Adobe .pdf). The survey will bear the signature and seal of a Connecticut-licensed Land Surveyor.

#### **Task 6 - Consolidation Mapping**

BSC will prepare consolidated mapping of the entire levee system that will include survey data from previous work. The consolidated survey mapping is based upon the overall project goal of accumulating comprehensive base mapping for the system, and will include data from all BSC surveys up to date. Specific tasks will include reconciliation of drawing layers, notes and symbols to achieve consistency as well as reestablishment of control stations as may be required to reconnect the linear traverse. BSC assumes that this process will include office calculations and CAD work and that field resurvey will not be required. The project deliverables will be as defined in Task 5 above. Please note that the process of consolidating all previous survey data into one contiguous survey will make previous surveys somewhat incompatible to the consolidated map. For example: some survey control point numbers will not coincide with the numbers of control points established on previous mapping.

#### **2.0 SERVICES NOT INCLUDED**

The following services are not included as a part of our proposed scope of services. These services may become necessary based upon the conclusions derived from the performance of the proposed services. If required, these services will be performed for an additional fee to be negotiated by change order.

1. Subsurface exploration/detection of utility features.
2. Boundary line agreements including resolution of property line and/or street line discrepancies or encroachments, other than identification of same on the survey map.
3. In-water survey work. For water bodies or basins we will delineate edge of water.
4. Construction phase survey services.
5. Wetland delineation or environmental services.

**3.0 SCHEDULE FOR SERVICES**

BSC's survey team is prepared to initiate work upon your authorization to proceed. We will coordinate with you to define a project schedule work with the stakeholders to develop a project schedule. The following is a proposed timetable for survey services:

<b>Task</b>	<b>Anticipated Task Start/Finish</b>
Notice to Proceed	6/3/13
Draft Survey	6/3/13 – 9/20/13
Town Review	9/20/13 – 10/18/13
Final Survey	10/18/13 – 11/15/13

BSC will perform services in a timely manner, but it shall be agreed between the parties to this proposal that BSC cannot be responsible for delays occasioned by factors beyond its control, nor by factors which could not reasonably have been foreseen at the time this proposal was prepared nor by the time an agreement is executed. In such instance, BSC will inform GEI of the cause of the delay.

**4.0 FEE FOR SERVICES**

BSC proposes to provide GEI the services described in Section 1.0 for the lump sum fee of \$70,000 including all direct expenses.

**5.0 GENERAL CONSIDERATIONS**

- 5.1 BSC will perform all services in a timely manner, but it is agreed between the parties that BSC cannot be responsible for delays occasioned by weather, other factors, or parties beyond its control, nor by factors which could not reasonably have been foreseen at the time this proposal was prepared and executed. Delays of this nature shall extend the completion date.
- 5.2 BSC's submittal will depend on the timely receipt of any required information from other project team members and/or the Client.
- 5.3 During the performance of the services described within this proposal, the Scope of Services, and compensation therefore, may be adjusted by mutually agreed upon Amendments to this Agreement.
- 5.4 This proposal is valid for a period of sixty (60) days.

*Proposal for Land Surveying Services  
East Hartford Flood Control System  
Toe Drain System Repairs Phase 2  
May 21, 2013

## Conditions of Engagement

## CONDITIONS OF ENGAGEMENT

Where referenced below, "Client" is the Town of East Hartford; "GEI" includes GEI Consultants, Inc. and its subcontractors.

1. **CONTRACT.** The Contract is the Proposal, Agreement or other Project document that is signed and dated by GEI Consultants, Inc. (GEI) and is signed and dated or accepted in writing by the Client, and that includes by reference these **Conditions for Engagement**. These Conditions shall apply to any and all subsequent amendments, additions, or modifications to the scope of work performed under this Contract unless specifically agreed in writing by both parties.
2. **COMPENSATION FOR SERVICES AND PAYMENT TERMS.** Client agrees to pay GEI in accordance with the fee schedule and payment terms provided in the Contract. GEI will submit invoices monthly or upon completion of a specified scope of service, as described in the Contract. Payment is due within 30 days after receipt of the invoice.
3. **RIGHT OF ENTRY.** Client agrees to furnish GEI with the right-of-entry to Town Property where GEI will perform its services. GEI's subcontractor will obtain Public Works Permits and post bonds according to the requirements of Addendum 1 of these Terms and Conditions.
4. **UNDERGROUND STRUCTURES.** (Text Deleted)
5. **CONSTRUCTION SERVICES.** If included in the scope of services in the Contract, GEI will provide personnel to observe the specific aspects of construction stated in the Contract and to ascertain that construction is being performed, in general, in accordance with the plans and specifications.
6. **RENEGOTIATION OF CONTRACT FOR PRESENCE OF HAZARDOUS MATERIALS.** This paragraph will not apply if the scope of services for this Contract includes services relating to hazardous waste, oil, asbestos, or other hazardous materials, as defined by federal, state and/or local laws or regulations. If the scope of services does not include such hazardous materials and if such materials are discovered during GEI's work, Client agrees to negotiate appropriate revisions to the scope of services, the budget estimate, and the terms and conditions of the Contract. When such hazardous materials are suspected, GEI will have the option to stop work until a new Contract is reached without financial penalty. If a mutually satisfactory Contract cannot be reached between both parties, the Contract will be terminated. Client agrees to pay GEI for all services rendered.
7. **DISPOSAL OF SAMPLES AND WASTES CONTAINING REGULATED CONTAMINANTS.** In the event that samples collected by GEI or provided by Client or wastes generated as a result of site investigation activities contain or potentially contain substances or constituents which are or may be regulated contaminants as defined by federal, state, or local statutes, regulations, or ordinances, including but not limited to samples or wastes containing hazardous materials, said samples or wastes remain the property of the Client and the Client will have responsibility for them as a generator. If set forth in the Contract, GEI will, at Client's expense, perform necessary testing, and either (a) return said samples and wastes to Client, or (b) using a manifest signed by Client as generator, have said samples and/or wastes transported to a location selected by Client for disposal. Client agrees to pay all costs associated with the storage, transport, and disposal of said samples and/or wastes. Unless otherwise agreed upon in the Contract, GEI will not transport, handle, store or dispose of waste or samples or arrange or subcontract for waste or sample transport, handling, storage, or disposal. Client recognizes and agrees that GEI is working as a bailee and at no time assumes title to said waste or samples or any responsibility as generator of said waste or samples.

**8. INSURANCE.** GEI will maintain/provide the following:

- A. Comprehensive General Liability Insurance, including Contractual Liability Insurance issued by an insurance company licensed to conduct business in the State of Connecticut with combined single limits of \$1,000,000 per occurrence with a \$2,000,000 aggregate limit. All, if any, deductibles are the sole responsibility of the Engineer to pay and/or indemnify.
- B. Automobile Liability Insurance issued by an insurance company license to conduct business in the State of Connecticut with a combined single limit of \$1,000,000 per occurrence with a \$2,000,000 aggregate limit. All, if any, deductibles are the sole responsibility of the Consultant to pay and/or indemnify.
- C. Professional Liability Insurance: Issued on an occurrence basis; for the term of the contract with a \$1,000,000 Combined Single Limit, or Professional Liability Insurance: Issued on a claims-made basis and extended for two years following completion date, with \$1,000,000 Combined Single Limit.
- D. Workers' Compensation Insurance in accordance with Connecticut State Statues
- E. Certificate of insurance, with the following wording in the comments section, must be forwarded to the Town's Risk Manager within 10 days from notification of award. "The Town of East Hartford is named as an additional insured on the insurance coverage named above for claims arising out of the Consultant's performance of the contract herein."  
This provision is required for:
  - 1. Comprehensive General Liability
  - 2. Auto Liability Insurance

**9. INDEMNIFICATION AND HOLD HARMLESS.** GEI hereby covenants and agrees to and shall, at all times, indemnify, protect and save harmless the Town from and against all costs or expenses resulting from any and all losses, damages, detriment, suits, claims, demands, costs and charges, including reasonable attorney's fees, if any, which the Town may directly or indirectly suffer, sustain or be subjected to, to the extent caused by or resulting from the negligent acts, errors, or omissions or willful misconduct of GEI related to the work to be performed pursuant to this Contract or any activities in connection with said Contract, whether such losses and damages be suffered or sustained by the Town directly or by its employees, licenses or invitees, or be suffered or sustained by other persons or corporations who may seek to hold the Town liable therefore. The existence (or non-existence) of any insurance coverage purchased by GEI shall in no way affect the Town's rights pursuant to the terms hereof.

**10. HAZARDOUS MATERIALS.** Client agrees that GEI has not contributed to the presence of hazardous wastes, oils, asbestos, biological pollutants such as molds, fungi, spores, bacteria and viruses, and by-products of any such biological organisms, or other hazardous materials that may exist or be discovered in the future at the site. GEI does not assume any liability for the known or unknown presence of such materials. GEI's scope of work does not include the investigation or detection of biological pollutants such as molds, fungi, spores, bacteria and viruses, and by-products of any such biological organisms. Client also agrees to indemnify and hold harmless GEI, its subconsultants, subcontractors, agents, and employees from and against all claims, damages, losses, and costs (including reasonable attorneys' fees) that result from the detection, failure to detect or from the actual, alleged, or threatened discharge, dispersal, release, escape or exposure to any solid, liquid, gaseous or thermal irritant, asbestos in any form, or contaminants including smoke, vapor, soot, fumes, acids, alkalis, chemicals, waste, oil, hazardous materials, or biological pollutants. Client's obligations under this paragraph apply unless such claims, damages, losses, and expenses are caused by GEI's sole negligence or willful misconduct.

**11. CONFIDENTIALITY.** Unless compelled by law, a governmental agency or authority, or an order of a court of competent jurisdiction, or unless required pursuant to a subpoena deemed by GEI to be duly issued, or unless requested to do so by Client pursuant to the Proposal or otherwise, GEI agrees it will not convey to others any proprietary non-public information, knowledge, data or property relating to the business or affairs of the Client or of any of its affiliates, which is in any way obtained by GEI during its association with the Client. GEI further agrees to strive to limit, to a "need to know" basis, access by its employees to all information referred to above.

**12. OWNERSHIP OF DOCUMENTS.** Work products produced under this agreement are to become the property of the Town of East Hartford, and be turned over to the Town original documents upon completion or demand.

**13. ELECTRONIC FILES.** All documents including drawings, data, plans, specifications, reports or other information recorded on or transmitted as Electronic Files are subject to undetectable alteration, either intentional or unintentional, due to transmission, conversion, media degradation, software error, human alteration or other causes.

a. Electronic Files are provided for convenience and informational purposes only and are not a finished product or Contract Document. The actual signed and sealed hardcopy Contract Documents including stamped drawings, together with any addenda or revisions, are and will remain the official copies of all documents. GEI makes no representation regarding the accuracy or completeness of any accompanying Electronic Files. GEI may, at its sole discretion, add wording to this effect on electronic file submissions.

**14. SUSPENSION OF WORK.** Client may, at any time, by a 10-day written notice, suspend further work by GEI.

a. Client will remain fully liable for and will promptly pay GEI the full amount for all services rendered by GEI to the date of suspension of services, including all retained billings, if applicable

**15. DISPUTE RESOLUTION.** Both parties agree to submit any claims, disputes, or controversies arising out of or in relation to the interpretation, application, or enforcement of this Contract to non-binding mediation pursuant to the Rules for Commercial Mediation of the American Arbitration Association, as a condition precedent to litigation or any other form of dispute resolution.

**16. APPLICABLE LAWS.** GEI and its subconsultants agree to conform to all applicable laws and ordinances and statutes of the Federal Government, State of Connecticut, and Town of East Hartford.

Richard F. Kehoe, Chairman  
East Hartford Town Council  
740 Main Street  
East Hartford, CT 06108

**Re: Outdoor Amusement Permit Application -  
"East Hartford Little League TBall/Farm Family Jamboree"**

Dear Chairman Kehoe:

Attached please find a copy of the amusement permit application submitted by the **East Hartford Little League by Brian Oatway, its President**. The applicant seeks to conduct a youth baseball oriented day with games, amusements, and a family BBQ in **Gorman Park (174 May Road)** on **Saturday, June 15, 2013** from **8 AM to 4 PM**.

The applicant respectfully requests a **waiver of all fees which may be due the Town of East Hartford**, under the provisions of (TO) 5-6(c), as Little League is a not for profit organization.

Pursuant to Town Ordinance (TO) 5-3, a review of the application was completed by the Directors of the Fire, Health, Public Works, Parks and Recreation Departments and the Offices of Corporation Counsel and Finance. The **Health and Fire Departments** approve the application as submitted.

The **Parks & Recreation Department** approves the application as submitted and offers the following comment: Parks & Recreation will follow up with a Facility Use Permit for Gorman Park.

The **Public Works Department** recommends the application be approved subject to the following conditions:

- Applicant shall coordinate use of Gorman Park with Parks programming.
- Applicant shall coordinate the placement of additional trash and recycling barrels during normal work hours with the Park Maintenance Division.
- Areas used for the event shall be returned to pre-event conditions by the applicant including; trash and litter pickup, removal of signs and banners, restoration of damaged turf or other surfaces, etc.

The **Office of Corporation Counsel** states the applicant will need to sign a License Agreement with the Town of East Hartford for use of Gorman Park.

The **Risk Management Department** states the applicant will need to submit a Certificate of Insurance naming the Town of East Hartford as an additional insured for liabilities associated with the event.

The **Inspections and Permits Department** states that permits may be required for tents or electrical.

The **Police Department** conducted a review of the application and the following comment/recommendation is made:

- The Police Department can provide adequate police protection for this event. The proposed site is suitable for the proposed amusement, the crowd is of a small size, and the area has sufficient parking available.
- This event can be conducted with a minimal impact upon the surrounding neighborhoods and a near-normal flow of traffic on the streets adjacent to the site can be maintained.
- In the event that the police manpower required for this event exceeds the Department's normal patrol complement, some overtime hiring may be necessary.

Sincerely,

Mark J. Sirois  
Chief of Police

OUTDOOR AMUSEMENT PERMITS  
31 SCHOOL STREET  
EAST HARTFORD, CT 06108-2638  
(860) 528-4401

## OUTDOOR AMUSEMENT PERMIT APPLICATION

Mark J. Sirois  
Chief of Police

**THIS APPLICATION IS DUE NOT LESS THAN 30 DAYS PRIOR TO THE EVENT APPLIED FOR**

1. Name of Event:

Little League TBall & Farm Year End Jamboree

2. Date(s) of Event:

June 15, 2013

3. Applicant's name, home & work phone numbers, home address, and e-mail address (NOTE: If applicant is a partnership, corporation, limited liability company, club or association give the full legal name of the Applicant ) :

East Hartford Little League  
PO Box 380417  
East Hartford, CT 06138

4. If Applicant is a partnership, corporation, limited liability company , club, or association, list the names of all partners, members, directors and officers AND provide their business address.

Brian Oatway, President

5. List the location of the proposed amusement: (Name of facility and address)

Gorman Park, 174 May Road

6. List the dates and hours of operation for each day (if location changes on a particular day, please list):

June 15, 8am-4pm

7. Provide a detailed description of the proposed amusement:

Youth baseball oriented games, amusements & family bbq

8. Will music or other entertainment be provided wholly or partially outdoors?

Yes  No

a. If 'YES,' during what days and hours will music or entertainment be provided (note: this is different from hours of operation)?

9. What is the expected age group(s) of participants?

4yo - adult

10. What is the expected attendance at the proposed amusement:

(If more than one performance, indicate time / day / date and anticipated attendance for each.)

700

11. Provide a detailed description of the proposed amusement's anticipated impact on the surrounding community. Please comment on each topic below:

a. Crowd size impact:

No impact

b. Traffic control and flow plan at site & impact on surrounding / supporting streets:

No impact

c. Parking plan on site & impact on surrounding / supporting streets:

Parking in existing park lots

d. Noise impact on neighborhood:

No impact

e. Trash & litter control plan for the amusement site and surrounding community during and immediately after the proposed amusement:

Extra trash cans to be provided by P&R. Request waiver of all fees due to Little League be Non Profit.

f. List expected general disruption to neighborhood's normal life and activities:

No impact

g. Other expected influence on surrounding neighborhood:

No impact

12. Provide a detailed plan for the following:

a. Accessibility of amusement site to emergency, police, fire & medical personnel and vehicles:

Accessibility will be as normal for park

b. Provisions for notification of proper authorities in the case of an emergency:

Phone at concession stand

c. Any provision for on-site emergency medical services:

First aid at concession stand

d. Crowd control plan:

Park rangers to help with directing parking and participants

e. If on town property, the plan for the return of the amusement site to pre-amusement condition:

Property will not be disturbed

f. Provision of sanitary facilities:

On site restrooms

13. Will food be provided, served, or sold on site:

Food available  Yes  No AND contact has been made with the East Hartford Health

Department  Yes  No.

14. Does the proposed amusement involve the sale and/or provision of alcoholic beverages to amusement attendees,

Yes  No Alcoholic beverages will be served / provided.

If 'YES', describe, in detail, any and all arrangements and what procedures shall be employed:

- a. For such sale or provision,
- b. To ensure that alcohol is not sold or provided to minors or intoxicated persons.

Check if copy of the liquor permit, as required by State law, is included with application.

15. Include any other information which the applicant deems relevant (ie: time waivers and fee waiver requests should go here):

Extra trash cans to be provided by P&R. Request waiver of all fees due to Little League be Non Profit.

CGS Sec. 53a-157. False Statement: Class A Misdemeanor.

A person is guilty of False Statement when he intentionally makes a false written statement under oath or pursuant to a form bearing notice, authorized by law, to the effect that false statements made therein are punishable, which he does not believe to be true and which statement is intended to mislead a public servant in the performance of his official duties.

- a. False Statement is a Class A Misdemeanor.
- b. The penalty for a Class A Misdemeanor is imprisonment for a term not to exceed one (1) year, or a fine not to exceed \$1,000, or both a fine and imprisonment.

I declare, under the penalties of False Statement, that the information provided in this application is true and correct to the best of my knowledge:

**From:** Bockus, Tim  
**Sent:** Friday, May 17, 2013 11:11 AM  
**To:** Frank, Carol  
**Subject:** RE: Little League Tball & Farm Year End Jamboree

I have reviewed this application and Pursuant to Town Ordinance 5.3, I recommend that the application be approved subject to the following conditions:

1. Applicant shall coordinate use of Gorman Park with Parks programming.
2. Applicant shall coordinate the placement of additional trash and recycling barrels during normal work hours with the Park Maintenance Division.
3. Areas used for the event shall be returned to pre-event conditions by the applicant including; trash and litter pickup, removal of signs and banners, restoration of damaged turf or other surfaces, etc.

There are no anticipated overtime costs to the Department for this event.

Good morning Gentlemen.

Just a quick reminder that your reviews for the above Outdoor Amusement Permit application are due on Monday, May 20th. I know I only sent the paperwork out on Monday, but due to the date of the event and the Town Council dates, it needed to be rushed so it can be on the June 4th agenda.

Thank you so much for your patience and assistance.

Good afternoon Brian,

A couple of reviews have come back and they will need your attention. Here they are:

Please find below the review I received from Rich Gentile regarding your event. As per Mr. Gentile's review, can you please complete the answer to Question #14? You can simply send me an e-mail stating the answer to Question #4 is as follows: (provide the answer here) and then I will forward for review.)

The referred to License Agreement is attached and assistance with this can be provided by the office of Corporation Counsel at Town Hall or by phone at 860-291-7215.

At this time I have copied the email received from the Town's Risk Manager regarding the required Certificate of Insurance. Please note that the town's Risk Manager, Cindy

**LIMITED LICENSE AGREEMENT**

**TOWN OF EAST HARTFORD TO  
EAST HARTFORD LITTLE LEAGUE**

IN THIS LICENSE AGREEMENT the words "we", "us" and "our" means the Licensor, the Town of East Hartford. The words "you" and "yours" means the Licensee, East Hartford Little League and its officers, directors, agents, servants, employees and volunteers.

We grant you a limited license to utilize the Town's Gorman Park and its associated parking spaces for the East Hartford Little League T-Ball and Farm Year End Jamboree (Gorman Park and its associated parking spaces are hereinafter collectively referred to as the "Premises".) The following terms shall govern this limited license:

**1. TERM.** The term of the limited license is for June 15, 2013. General Hours of use of the Premises will be 8am-4pm.

**2. LICENSE FEE.** There will be no charge for the grant of this limited license.

**3. USE.** You will use the Premises for a year end celebration known as the East Hartford Little League T-Ball & Farm Year End Jamboree, which is a celebration of the 2013 little league baseball season.

**4. LAWS.** You will comply with all laws and regulations regarding the Premises.

**5. CARE OF PREMISES.** You will keep the Premises in a

clean and safe condition. You will remove all ashes, garbage, rubbish and other waste daily in a clean and safe manner.

**6. ENTERING PREMISES.** We may enter on the Premises at all times. You will not unreasonably deny us the right to do so.

**7. REPAIR OF PREMISES.** When this license terminates, you will leave the Premises in good and clean condition. You will repair any damage that you or your invitees have caused or permitted

**8. INDEMNITY AND HOLD HARMLESS.** As additional consideration for the use of the Premises you agree to indemnify, defend and hold harmless the Town of East Hartford and its elected officials, officers, directors, employees, agents and servants from any loss or damages as a result of any personal injury, bodily injury, property damage or wrongful death arising out of or in any way related to the use of the premises by you (including but not limited to the use of the Premises by your officers, directors, employees, volunteers, agents, contractors, subcontractors, vendors or member of the public), the only exception being loss or damages caused by the sole negligence of the Town of East Hartford.

**9. INSURANCE.** You further agree to obtain general liability and automobile liability insurance with limits, and in a form, acceptable to the Town of East Hartford.

10. **NO COST TO TOWN.** You agree that all costs associated with your event, including, but not limited to, advertising, clean-up, trash removal, repair of the Premises and Police and Fire services, shall be at your sole expense.

11. **SEPARATE PROVISIONS.** If any provision of this Limited License Agreement is invalid or unenforceable, the other provisions of this Limited License Agreement will still apply.

12. **BINDING EFFECT.** This Limited License Agreement shall be binding upon you and us and our respective successors, heirs, executors and administrators.

13. **CONSTRUCTION.** The license granted hereunder shall be construed under the laws of the State of Connecticut.

Richard F. Kehoe, Chairman  
East Hartford Town Council  
740 Main Street  
East Hartford, CT 06108

Re: Outdoor Amusement Permit Application –  
"Keith Berger Memorial Criterium Bicycle Race; CT Criterium  
Championships"

Dear Chairman Kehoe:

Attached please find the amusement permit application submitted by the **Capital Velo Club by Mark Paggioli, President of the Capital Velo Cycling Team**. The applicant seeks to conduct a series of bicycle races on **Sunday, June 23, 2013** from **9:30 AM – 3:30 PM** from Founders Plaza and the following Streets: East River Drive, Pitkin Street, Meadow Street, and Hartland Street. Food will also be provided.

The applicant respectfully requests a **waiver of the associated permit fee**, under the provisions of (TO) 5-6(c), due to the Town of East Hartford as this is a charitable fund-raising event.

The applicant also respectfully requests a **waiver of the administrative portion (35% surcharge) of fees associated with Police coverage** as the proceeds from the event are used to make a donation to the Leukemia & Lymphoma Society's Team in Training and to support youth cycling.

Pursuant to Town Ordinance (TO) 5-3, a review of the application was completed by the Directors of the Fire, Health, Public Works, Parks and Recreation Departments and the Offices of Corporation Counsel and Finance. **The Parks & Recreation Department** approves the application as submitted.

The **Fire Department** approves the application as submitted and states that the anticipated cost for the Department's services is **\$825.00**.

The **Health Department** recommends approval provided the appropriate food service permits are obtained prior to the event.

The **Public Works Department** recommends the application be approved subject to the following conditions:

- Applicant shall obtain a road closure permit from the Public Works Engineering Division.

- The deployment of traffic control devices for the road closures is to be coordinated with the Public Works Highway Division.

The **Office of Corporation Counsel** states the applicant will need to sign a License Agreement with the Town of East Hartford for use of Town roads.

The **Police Department** conducted a review of the application and the following comment/recommendation is made:

- The Police Department can provide adequate police protection for this event. The proposed site is suitable for the proposed amusement, the crowd is of a small size, and the area has sufficient parking available.
- This event can be conducted with a minimal impact upon the surrounding neighborhoods and a near-normal flow of traffic on the streets adjacent to the site can be maintained.
- Police manpower required for this event exceeds the Department's normal patrol complement and overtime hiring will be necessary. As an event that is not Town-sponsored, this expense will have to be borne by the applicant. The cost, based on last year's expense, is expected to be approximately **\$3,800.00 which includes the 35% surcharge.**

Sincerely,

Mark J. Sirois  
Chief of Police

June 23, 2013
3. Applicant's name, home & work phone numbers, home address, and e-mail address (NOTE: If applicant is a partnership, corporation, limited liability company, club or association give the full legal name of the Applicant ) :  
  
Capital Velo Club by Mark Paggioli, 427 Chimneysweep Hill Rd. Glastonbury, CT 06033. Home phone 860.659.1632 Cell 860.712.4439 email - paggioli@cox.net
4. If Applicant is a partnership, corporation, limited liability company , club, or association, list the names of all partners, members, directors and officers AND provide their business address.  
  
Capital Velo Cycling Team, President -Mark Paggioli, Vice President - Massimiliano Accaputo, John Kolios - Treasurer
5. List the location of the proposed amusement: (Name of facility and address)  
Founders Plaza - East River Rd to Pilkin to Meadow to Harland. Course runs clockwise / all right hand turns. See attached map.
6. List the dates and hours of operation for each day (if location changes on a particular day, please list):  
  
6/23/2013 Races from 9:30 am to 3:30 pm
7. Provide a detailed description of the proposed amusement:  
  
Bicycle Races

8. Will music or other entertainment be provided wholly or partially outdoors?

Yes  No

a. If 'YES,' during what days and hours will music or entertainment be provided (note: this is different from hours of operation)?

9. What is the expected age group(s) of participants?

15-65

10. What is the expected attendance at the proposed amusement:

(If more than one performance, indicate time / day / date and anticipated attendance for each.)

100 spectators maximum per event. 100 participants per event is the maximum allowed by the governing body. The first race starts at 9:30 am and the last race starts at 2:00 pm

11. Provide a detailed description of the proposed amusement's anticipated impact on the surrounding community. Please comment on each topic below:

a. Crowd size impact:

Small crowds will be on Hartland St to view the finish line.

b. Traffic control and flow plan at site & impact on surrounding / supporting streets:

Course will be closed to traffic. Police will be required for a portion of Pitkin St & East River Rd.

c. Parking plan on site & impact on surrounding / supporting streets:

Parking will be on property of area business park.

d. Noise impact on neighborhood:

Little noise, is a non-residential area.

e. Trash & litter control plan for the amusement site and surrounding community during and immediately after the proposed amusement:

See attached Sheet

f. List expected general disruption to neighborhood's normal life and activities:

Little disruption, traffic can be routed around the race course.

g. Other expected influence on surrounding neighborhood:

None

12. Provide a detailed plan for the following:

a. Accessibility of amusement site to emergency, police, fire & medical personnel and vehicles:

Easy access to the course from several directions, see attached map.

b. Provisions for notification of proper authorities in the case of an emergency:

Same as previous years - EMTs on location with contact to dispatch

c. Any provision for on-site emergency medical services:

Same as B above

d. Crowd control plan:

Small crowds, spectators are uncommon & typically family members of participants

e. If on town property, the plan for the return of the amusement site to pre-amusement condition:

Course uses town roads which will be returned to condition prior to race

f. Provision of sanitary facilities:

Port-O-Johns will be used as in previous years

13. Will food be provided, served, or sold on site:

Food available  Yes  No AND contact has been made with the East Hartford Health

Department  Yes  No.

14. Does the proposed amusement involve the sale and/or provision of alcoholic beverages to amusement attendees,

Yes  No Alcoholic beverages will be served / provided.

If 'YES', describe, in detail, any and all arrangements and what procedures shall be employed:

a. For such sale or provision,

**We are talking with Old Burnside Brewing Company as a vendor**

b. To ensure that alcohol is not sold or provided to minors or intoxicated persons.

**Old Burnside Brewing Company would staff their own vehicle that provides their product**

Check if copy of the liquor permit, as required by State law, is included with application.

15. Include any other information which the applicant deems relevant (ie: time waivers and fee waiver requests should go here):

**See attached Sheet**

CGS Sec. 53a-157. False Statement: Class A Misdemeanor.

A person is guilty of False Statement when he intentionally makes a false written statement under oath or pursuant to a form bearing notice, authorized by law, to the effect that false statements made therein are punishable, which he does not believe to be true and which statement is intended to mislead a public servant in the performance of his official duties.

a. False Statement is a Class A Misdemeanor.

b. The penalty for a Class A Misdemeanor is imprisonment for a term not to exceed one (1) year, or a fine not to exceed \$1,000, or both a fine and imprisonment.

I declare, under the penalties of False Statement, that the information provided in this application is true and correct to the best of my knowledge:

Richard F. Kehoe, Chairman  
East Hartford Town Council  
740 Main Street  
East Hartford, CT 06108

Re: Outdoor Amusement Permit Application -  
"Summer Movie Series"

Dear Chairman Kehoe:

Attached please find the amusement permit application from **Goodwin College, Inc.** by **Sandy Pearce, its Event Coordinator**. The applicant seeks to conduct a series of family oriented movies. Food vendors will be on sight. These events will take place on the grounds of **Goodwin College, One Riverside Drive** from **8:00 PM to 11:00 PM**, on the following three (3) **Fridays in 2013: June 28, July 19 and August 2.**

The applicant respectfully **requests a waiver of the associated permit fee**, under the provisions of (TO) 5-6(c), due to the Town of East Hartford as Goodwin College is sponsoring these movies as a community family-style events.

Pursuant to Town Ordinance (TO) 5-3, a review of the application was completed by the Directors of the Fire, Health, Public Works, Parks and Recreation Departments and the Offices of Corporation Counsel and Finance. The **Parks & Recreation** and the **Office of Corporation Counsel** approve the application as submitted.

The **Fire Department** approves the application as submitted and states that a pre-event inspection by the Fire Marshal's office may be required.

The **Health Department** recommends approval provided that appropriate fool service permits are obtained prior to the events.

The **Public Works Department** recommends the application be approved subject to the following condition:

- Applicant shall provide additional information to identify where the event will occur on the campus.

The **Inspections and Permits Department** states that permits may be required for tents or electrical.

The **Police Department** conducted a review of the application and the following comment/recommendation is made:

- The Police Department can provide adequate police protection for

these events. The proposed site is suitable for the proposed amusement, the crowd is of a small size, and the area has sufficient parking available.

- These events can be conducted with a minimal impact upon the surrounding neighborhoods and a near-normal flow of traffic on the streets adjacent to the site can be maintained.

Sincerely,

A handwritten signature in black ink, appearing to read 'M. Sirois', written in a cursive style.

Mark J. Sirois  
Chief of Police

Re: Outdoor Amusement Permit Application -  
"Farmers Market"

Dear Chairman Kehoe:

Attached please find the amusement permit application from **Goodwin College, Inc.** by **Sandy Pearce, its Event Coordinator.** The applicant seeks to conduct a series of Farmers Markets at which time fruits and vegetables will be sold to Goodwin College staff, students and to the general public. The market will take place on the grounds of **Goodwin College, One Riverside Drive** from **3:00 PM to 6:00 PM**, on the following seventeen (17) **Tuesdays** in **2013**:

July 9, 16, 23, 30  
August 6, 13, 20, 27  
September 2, 9, 16, 23, 30  
October 1, 8, 15, 22

Pursuant to Town Ordinance (TO) 5-3, a review of the application was completed by the Directors of the Fire, Health, Public Works, Parks and Recreation Departments and the Offices of Corporation Counsel and Finance. The **Health, Parks & Recreation, Fire Departments** and the **Office of Corporation Counsel** approve the application as submitted.

The **Public Works Department** recommends the application be approved subject to the following condition:

- Applicant shall provide additional information to identify where the event will occur on the campus.

The **Inspections and Permits Department** states that permits may be required for temporary structures, electrical or gas.

The **Police Department** conducted a review of the application and the following comment/recommendation is made:

- The Police Department can provide adequate police protection for these events. The proposed site is suitable for the proposed amusement, the crowd is of a small size, and the area has sufficient parking available.

- These events can be conducted with a minimal impact upon the surrounding neighborhoods and a near-normal flow of traffic on the streets adjacent to the site can be maintained.

Sincerely,

A handwritten signature in black ink, appearing to read 'M. Sirois', written in a cursive style.

## OUTDOOR AMUSEMENT PERMIT APPLICATION

1. Name of Event: *Farmers Market*
2. Date(s) of Event: *Every Tuesday from July 9, 2013 - Oct 21, 2013*
3. Applicant's name, home & work phone numbers, home address, and e-mail address: *860 727-6754  
Goodwin College <sup>JWC</sup> (Sandy Pearce Event coordinator)  
SPEARCE@Goodwin.edu*
4. If partnership, corporation, club, or association, list names of all partners or officers and business address.  
*See Attachment*  
*390 Bidwell St  
Manchester, CT*
5. List the location of the proposed amusement: (Name of facility and address)  
*Goodwin College one Riverside Drive, East Hartford, CT 06118*
6. List the dates and hours of operation for each day (if locations changes on a particular day, please list):  
*Every Tuesday starting July 9, 2013 - Oct 21, 2013 from 3:00 P.M. until 6:00 P.M.*
7. Provide a detailed description of the proposed amusement:  
*Local farmers will be selling fruits & vegetables to Goodwin*
8. Will Music or Other Entertainment Be Provided Out-Of-Doors? *faculty, staff, and students. Also to public*  
 Yes       No
- a. If 'YES,' during what days and hours will music or entertainment be provided (note: this is different from hours of operation)?
9. What is the expected age group(s) of participants?  
*20 - 70*
10. What is the expected attendance at the proposed amusement:  
(If more than one performance, indicate time/ day / date and anticipated attendance for each.)  
*100*
11. Provide a detailed description of the proposed amusement's anticipated impact on the surrounding community. Please comment on each topic below:
  - a. Crowd Size Impact:  
*on campus N/A*

b. Traffic Control and Flow Plan at Site & Impact on Surrounding / Supporting Streets:

*Campus Security on grounds*

c. Parking Plan On Site & Impact on Surrounding / Supporting Streets:

*Ample parking on campus*

d. Noise Impact on Neighborhood:

*None*

e. Trash & Litter Control Plan for the Amusement Site and Surrounding Community During and Immediately After the Proposed Amusement:

*on campus facilities N/A*

f. List expected general disruption to neighborhood's normal life and activities:

*possibly could be more traffic on Ensign street*

g. Other Expected Influence on Surrounding Neighborhood:

*N/A*

12. Provide a Detailed Plan for the Following:

a. Accessibility of Amusement Site to Emergency, Police, Fire & Medical Personnel and Vehicles:

*Same provisions as Goodwin College*

b. Provisions for Notification of Proper Authorities in the Case of an Emergency:

*our security will notify police and fire*

c. Any Provision for On-Site Emergency Medical Services:

*No*

d. Crowd Control Plan:

*on site security (Allied Barton)*

e. If on Town Property, the Plan for the Return of the Amusement Site to Pre-Amusement Condition:

*N/A*

f. Provision of sanitary facilities:

*yes, in our buildings*

13. Will food be provided, served, or sold on site:

Food available  Yes  No AND contact has been made with the East Hartford Health

Department  Yes  No.

14. Does the Proposed Amusement Involve the Sale and/or Provision of Alcoholic Beverages to Amusement Attendees,

Yes  No Alcoholic Beverages will be served / provided.

If 'YES', Describe, In Detail, Any and All Arrangements and What Procedures Shall Be Employed:

a. For Such Sale or Provision,

b. To Ensure That Alcohol Is Not Sold or Provided to Minors or Intoxicated Persons.

Check if Copy of the Liquor Permit, as Required by State Law, is included with application.

15. Include any other information which the applicant deems relevant (ie: time waivers and fee waiver requests should go here):

CGS Sec. 53a-157. False Statement: Class A Misdemeanor.

A person is guilty of False Statement when he intentionally makes a false written statement under oath or pursuant to a form bearing notice, authorized by law, to the effect that false statements made therein are punishable, which he does not believe to be true and which statement is intended to mislead a public servant in the performance of his official duties.

- a. False Statement is a Class A Misdemeanor.
- b. The penalty for a Class A Misdemeanor is imprisonment for a term not to exceed one (1) year, or a fine not to exceed \$1,000, or both a fine and imprisonment.

I declare, under the penalties of False Statement, that the information provided in this application is true and correct to the best of my knowledge:

East Hartford Town Council  
740 Main Street  
East Hartford, CT 06108

**Re: Outdoor Amusement Permit Application -  
"Pappy's Customer Appreciation Days"**

Dear Chairman Kehoe:

Attached please find a copy of the amusement permit application submitted by **Rancourt Enterprises, Inc., DBA: Pappy's Café by Patricia Rancourt, its Permittee**. The applicant seeks to conduct two (2) Customer Appreciation Days cookouts on **Saturday, June 15 & 22, 2013** from **12 PM – 8 PM**. The cookouts, with food and liquor to be served, will be held at **Pappy's Café** on **37 Burnside Avenue**.

Pursuant to Town Ordinance (TO) 5-3, a review of the application was completed by the Directors of the Fire, Health, Public Works, Parks and Recreation Departments and the Offices of Corporation Counsel and Finance. **The Health, Parks and Recreation, Public Works Departments and the Office of Corporation Counsel** approve the application as submitted.

The **Fire Department** states the application be approved as submitted and states that a pre-event inspection may be required by the Fire Marshal's Office.

The **Police Department** conducted a review of the application and the following comments/recommendations are made:

- The proposed site is suitable for the amusement, the crowds are of a moderate size, and the area has sufficient parking available.
- This event can be conducted with a minimal impact upon the surrounding neighborhoods and a near-normal flow of traffic on the streets adjacent to the site can be maintained.
- In the event that the police manpower required for this event exceeds the Department's normal Patrol Complement, some overtime hiring may be necessary. As an event that is not Town-sponsored, this expense will have to be borne by the applicant.

Respectfully submitted for your information.

Sincerely,

A handwritten signature in black ink, appearing to read 'M. Sirois', written in a cursive style.
