6. Public Participation: No one requested to speak.

7. Communications: Nothing received for this evening.

8. Monthly Reports:

Prior to review of the financial reports Mrs. Herms requested to discuss unexpended budget lines as reflected under the Expenditure Budget Report for 6/30/2017, as she wants to be sure the line items will come out for the current budget year:

Registrar (of Voters) - #411500 - media cards (52950) - \$2,000;

It was noted the media cards will be used during the referendums; funds not yet expended.

Fire Departments - #511000 - Building Repair (54423) - \$10,000:

It was noted repairs are currently occurring at the Broad Brook Fire Department building; funds not yet expended.

Public Works - #610100 - Capital Purchases - (52500) - \$1,000:

Capital purchase has not yet occurred; funds not yet expended.

Town Property - #610200 - Central Building Supply - (55200) - \$8,516:

Funds not yet expended.

Insurance and Pension - #910300 - Employee Tuition - (58330) - \$5.000:

Mrs. Herms questioned the difference between "employee tuition" and education and dues" requested for other departments? Interim Treasurer Carolus clarified that "employee tuition" is a direct reimbursement to an employee negotiated under a union contract for something like working towards a bachelor's degree, while "education and dues" is employee participation in training opportunities, or trade association memberships.

Mrs. Herms reiterated she didn't want to see departments coming back for funding requests for items for which all funds were not spent during the current fiscal year.

9. Unfinished Business: None

10. New Business/a. Bank Analysis Fee Line:

Interim Treasurer Carolus reported she had been asked to define the types of charges included in this line item. She reported that previous Treasurer Lord had negotiated with Webster Bank; the Town has maintained the required balances necessary to maintain these fees. These are not bank fees charged by Webster. Interim Treasurer Carolus reported that the BOS recently approved the Town absorbing credit card processing fees associated with residents paying for programs run by the Park & Recreation Department. She reported that activity is being monitored to ascertain the cost to the Town for absorbing those fees.

10. New Business/b. Approve FY 18 budget and forward to referendum:

Chairman Corso recalled the Board had made this motion at their previous meeting; this is opportunity to make any changes the members deem appropriate. She queried members for their comments.

Mr. Richards suggested he heard comments after the last meeting that the Board wasn't watching what they were cutting. Mrs. Herms indicated she heard people are saying the Board isn't giving the people the chance to vote; she referenced the BOE budget which is under 2%. It will cost the Town for people to vote no. Mr. Richards indicated he believes it should be a zero increase for each department. He felt we can't afford these increases; we are living beyond our means. He felt the Board needs to take care of public safety, infrastructure, and education. Even with their small percentage increase, compared to the Town side the BOE is still getting a large increase. He suggested the Board is doing its best; we won't have the \$475,000 next year; we'll need a sizeable increase in taxes next year.

Mr. Syme agreed with much of what Mr. Richards said. The Board is taking \$475,000 from the Fund balance to make the budget come in at a 2.49 % increase; that won't happen next year. The budgets from the departments came through with what the Board asked for. The BOE took the biggest hit; they requested a 4+% increase in the beginning. He would like to give them more but the voting history of this town doesn't support that. Next year a 2.49% increase will seem small. We do need to do some of the things, like regionalization, in the future but it takes time. He felt the Town has been conservative over the years. He doesn't know if 2.49% will pass. Mr. Syme recalled that the Broad Brook Fire Department asked for 2 people to staff the department during the day, which is important, but the Board gave them only one employee; he suggested the Board should consider putting that second position back also. Mr. Syme recalled there were a lot of things requested in the budget which were taken out. Where do we go from here if it doesn't pass?

Discussion followed regarding the impact of the 2% cap on the budget and associated voting histories, the Town's inability to maintain services under that cap, and the effect of the cap on growth and development in general.

MOTION: To ADD \$100,000 back into the Board of Education budget.

Herms moved/Syme seconded/

<u>DISCUSSION:</u> Mr. Richards cited future expenditures discussed at a recent Board of Selectmen's meeting. Mr. Richards indicated he has supported education for several years but the Town doesn't have the money. He suggested when the Board talks about raising taxes it's talking about affordability for residents; for some you're talking about putting them in difficult situations. Mr. Richards felt if you're talking about the kids there is more to it than just the school system. Mrs. Herms reported the feedback she's getting from residents is to let them have a chance to vote. Mr. Richards cited Mrs. Herms had put good information out on her Facebook page but he cited the lack of public attendance at this meeting. Mrs. Herms felt people who support the Board of Education will vote no three times, which will cost the Town more money. Mr. Richards cited that will cause the Town to continue on a stagnant path; 2% budget increases can't support services; the Town can't count on windfalls that may, or may not, come.

Mr. Smith called the question:

VOTE:

In Favor: Herms/Syme

Opposed: Broder/Richards/Smith

Abstained: No one

MOTION: To APPROVE the Fiscal Year 2017/2018 total budget in the amount of \$37,937,018, with a mill rate of 32.09, and to send this budget to referendum.

Richards moved/Broder seconded/

DISCUSSION: None.

VOTE:

In Favor:

Broder/Richards/Smith

Opposed:

Herms/Syme

Abstained:

No one.

11. Board Member Comments:

Chairman Corso queried Board members for comments:

Mrs. Broder: anticipates the budget will go to referendum 3 times, and the budget will stay at 2%, and the Town can't continue to do that.

Mrs. Pippin: absent.

Mr. Richards: Mr. Richards feels our future is based on what the State will do on their budget; if the State continues with its plan then we'll have to think about cutting programs. We'll have to analyze how we'll look in 5 years. Mr. Richards indicated people are working hard on economic development; they're excited about the tax incentives, but if the taxes go too high it will keep businesses from coming here. If people don't want to pass this budget He cited the Board didn't target just one department; the budget is a mess; it's not really created by the townspeople; people need to vote it in. If the budget goes to next year we'll be burned for next year; this situation won't go away. Mr. Richards reported he's a zero increase guy but people need services.

Mr. Syme: Mr. Syme indicated he has mixed feelings on the budget. He is ok with it but he is concerned about next year and we may need a 5 or 6% increase in reality, and it would then go to 2%. There will be serious cuts. He would hope First Selectman Maynard and the departments work together and find a way to understand what we face to lose going forward. The town as a whole, all boards and departments and commissions – need to look at what we can do. He hopes development comes but......

Mr. Smith: Mr. Smith indicated he's already said his piece; he feels the budget will fail 3 times and it will stay at 2%. He's made comments regarding regionalization and he feels our town may need to look at that.

Mrs. Herms: feels we are at a breaking point; we can't keep on cutting without deleting departments, without having services cut, and people need to understand that we are talking about massively cutting – the Warehouse Point Library, or the Senior Center. She cited 2% increases in salaries, benefits are 15% and if the budget stays the same we will be cutting services; we're now at a point were major things will be happening.

General Discussion:

- → Selectman Bowsza noted that Mr. Leach (an audience member) had questioned how the message regarding the budget goes out? Discussion followed regarding potential methods of presenting the budget information/message to residents and voters. Chairman Corso noted the actual budget document is currently listed on the Town's website but is long, comprehensive and statistically-oriented which can be overwhelming. First Selectman Maynard offered to prepare a mailing to be sent to resident households; Mrs. Herms offered to prepare a document but was concerned her efforts might be perceived as a personal opinion. Mr. Leach suggested a summarization which included an explanation regarding the effects of various proposed cuts. Kristen Fromanek, Director of Senior Services and Human Services, questioned how to talk to her seniors in a positive way? Dr. Teresa Kane, Superintendent of the school system, cautioned the Board that they can't use Town money to advocate the budget, although Board members can advocate as individuals. Deputy First Selectman Pippin suggested creating a simplified document citing where the budget started, and what was cut, Interim Treasurer Carolus reported that the summary budget the Board has been working with is 12 pages, and then includes additional pages of summary information. Chairman Corso cited the missing piece in the summary document is the revenue information. Discussion continued regarding presentation options.
- First Selectman Maynard reported the BOS met last evening, and decided they would like to see if the BOS/BOF/BOE would like to meet to discuss the 1% Fund. To that end First Selectman Maynard invited the BOF to a joint meeting with the BOS on Tuesday, May 2nd.; he will also make a similar invitation to the BOE. Discussion followed regarding posting requirements to include a joint meeting of the three boards. Chairman Corso requested posting the joint meeting for 8:00 p.m. to enable her to participate; Mr. Smith will not be available.

12. Adjournment:

MOTION: To **ADJOURN** this Meeting at 8:06 p.m.

Smith moved/Richards seconded/VOTE: In Favor: Unanimous

Respectfully submitted:_
