a. **Board of Education IT Presentation**

Dr. DeBarge, Cathy Simonelli and Ty Osomolo were in attendance to present the Board of Education IT. Dr. DeBarge briefly explained what they covered in the last presentation and moved onto this presentation. Mr. Osomolo explained that the laptops they have been leasing for the students in the last four years are manufactured by Dell and have the five-year warranties with accidental damage. He explained that the Board wanted them to reach out to other major manufacturers to see what options they had for student based laptops. Mr. Osomolo's department listed some pros and cons on the packet presented to the Board of Finance. The presentation with pros and cons is attached hereto as Attachment A. Mr. Osomolo informed the Board that the model they currently use is the 3180 and they have not identified any cons with that model. He explained that it has a great battery, a bulky charging port, it's durable and very rugged. It's been a great device in comparison to the first model they had. He reiterated that they have had nothing but success with the device. A brief discussion followed regarding the different types of devices researched by the IT Department and the cons of the Chromebooks. Overall, Mr. Osomolo believes it would not be a smart move to move

away from Dell. Dr. DeBarge said they would need to order the first batch of laptops as close to July 1st as possible.

The Board thanked Dr. DeBarge and Ty Osomolo for their presentation.

Let the record show that Chairman Corso temporarily left the meeting at 7:34 p.m. Bill Syme took over as Chairman.

There was a discussion about the process for additional appropriations and the pros and cons between leasing and buying the laptops outright. The Board of Finance recommended the Board of Education seek an additional appropriation this year for one wave of the outright purchase of the laptops.

Jerilyn returned to the meeting and took back over as Chairman.

8. **Monthly Reports**

a. **Town Financial Reports**

The Treasurer indicated that the reports are in their packet. She said she will eventually be providing the Board with more summary related things that may be more helpful and easier to read. The financial report is attached hereto as Attachment B.

b. **Transfer Requests**

The Treasurer explained the two pages of transfers. The first is for legal being \$10,000 over. She is looking for \$9,000 to be moved from Contingency to Labor Relations and \$2,000 to be moved from Contingency to Town Council for general attorney fees. The other two transfers are for Public Works, to move from Contingency to the Wage lines for the retro pay of the negotiated contract.

MOTION made (Syme) and **SECONDED** (Muska) to approve Transfer Request #18 for Legal for \$9,000 from Contingency to Labor Relations line.

Discussion: Cindy Herms asked what the total was. The Treasurer responded approximately \$20,500.

All in favor. Opposed: None.

MOTION made (Syme) and **SECONDED** (Pippin) to approve Transfer Request #19 for Legal for \$2,000 from Contingency to the Town Counsel line.

MOTION made (Syme) and **SECONDED** (Muska) to table this motion until after Executive Session.

All in favor. Opposed: None.

9. **New Business**

a. Appointment of Auditors

The Treasurer explained that this is a formality. She added that we are in year 2 of a 3-year contract but the state has a requirement that this form gets filled out and signed off that we have appointed them and that Mahoney Sabol will be starting on June 11th.

MOTION made (Muska) and **SECONDED** (Syme) to appoint Mahoney Sabol as the auditors for the Town of East Windsor.

All in favor. Opposed: None.

b. Project Proposal Discussion

Chairman Corso indicated that we put this on the agenda because it came up at a workshop to do another group of projects for approximately \$950,000 which would have to come from the Board of Selectmen. The Board felt that this money should be used for projects that cost a large amount. A discussion about past projects and processes took place.

Operations Manager Joe Sauerhoefer said between now and the next meeting he will look at some of the old CIP requests and will touch base with Public Works, Town Property, and Parks and Recreation. He will then come back to the Board to give them some proposals of what CIP had for this year to give the Board an idea of the dollar amount.

The Board of Finance thanked Joe Sauerhoefer for offering to do that and it will be included as an agenda item for the next meeting.

c. FY 18-19 Budget Mailer

The Treasurer explained that it is almost done, revenue is done and Board of Education got all the expenditures to her. All she has to do is put together the last few Board of Selectmen sections. She said that the Board should see it on Friday in their email.

The Treasurer explained that the letter will include: what the residents asked the Superintendent for, what the residents asked the Board of Selectmen for, what the Board of Selectmen cut, what their numbers were, what the Board of Finance cut and it will have the total, the revenue, the mill rate, and the percentage. The mailer will also include the referendum question and the time and polling place. The Treasurer expects to have it to the printer by the end of the week.

- We have already reallocated the space previously used for computer labs
- We would have to purchase desktop units – almost all were phased out with laptops
- Need to have students use technology for 21st Century learning skills

Re: Tax Sale April 10, 2018

A tax sale was conducted on April 10, 2018 for two properties. We had great attendance with 25 people at the sale and 15 bidders. Originally there were 13 properties that were to go to tax sale. Eleven properties were paid before going to sale. Taxes recovered prior to the sale were \$149,715.11. Taxes recovered at the sale were \$10,659.40 even though the bids for the two properties far exceeded the taxes (\$109,000.00).

The excess funds will be held in escrow until the end of the six-month redemption period. If no one redeems, then the attorney will send the excess to a court which allows the owners and lienholders to make claims for 90 days. If nobody claims the excess money, then it goes to the State.

This was a very successful tax sale. All properties paid in full were \$160,374.51.
