

NATIONAL WEATHER SERVICE

NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION

SKYWARN Storm Spotter Training Eastport

Help your National Weather Service by becoming a SKYWARN storm spotter! Storm spotters report large hail, damaging wind, tornadoes and flooding. Spotter training will teach you how to identify and report severe weather as well as how to maintain awareness, which will help keep you and your loved ones safe and may even save the lives of others!

Where: Eastport Port Authority (Downstairs Entrance), 3 Madison Street, Eastport, ME 04631

When: Monday, June 6th at 6:00 pm

Cost: Free to all those interested in Weather!!!

For other training in upcoming months, check out the National Weather Service online at www.weather.gov/car/Outreach_Spotters or www.weather.gov/gyx. You can contact Donald Dumont Donald.dumont@noaa.gov for additional information on this training.
