ASKINGSAVESKIDS

Are you asking?

Is there an
unlocked gun where
my child plays?

1 in 3

homes with children in
America have guns, many
unlocked or loaded.

17,000+

children and teens are
injured or killed each year
due to gun violence.

If the answer is “YES” make sure all guns are stored unloaded and locked, ideally in a gun safe, with ammunition locked separately.

If there are any doubts about the safety of another home, invite the kids to your house instead.

Hiding guns is not enough. Talking to kids is not enough.
Kids are curious and when they find guns they are likely to play with them.
