

HISTORIC REVIEW BOARD
MINUTES OF JUNE 5, 2013, MEETING

Present: board members Wayne Wilcox, Jack Reece, Edward French and Jean Schild; CEO Robert Scott; members public.

The board considered a request for a Certificate of Appropriateness for a deck on the water side of the Sharland Block at 93 Water St. Owner Michael Morse stated that stainless steel cable will be used and the posts will match the color the background, so there will be minimal visual impact. The deck will be five feet wide and go along the length of the building at the second story. It will be designed to meet all code requirements. Board members noted that a precedent already exists for decks on the back of the Water St. buildings downtown. The board voted unanimously to approve the deck as proposed.
