

**Enfield Energy Committee
Public Works Facility
Enfield, New Hampshire**

March 19, 2008

Committee Members Present: Meredith Smith, Steve Goldsmith

Others: Alisa D. Bonnette

Due to lack of a quorum no meeting was held.

The purpose of the Energy Committee is to identify energy savings for the Town and energy savings opportunities for the community.

A new meeting will be scheduled for April 3, 2008.

Fluorescent light bulbs: Recent legislation prohibits the disposal of fluorescent light bulbs. Are they recycled at the Enfield Transfer Station?

Mr. Goldsmith requested a report of electric usage in Town buildings. Has there been any difference in fuel usage at Whitney Hall since the new boiler was installed? What are the maintenance costs of the old furnace vs. the new furnace.

The Town heated the old Highway building with used motor oil. What's done now?
