The Commission continued a public meeting on a Request for Determination of Applicability filed by Alfred and Shirley Descenza to raise the height of a stonewall to minimize flooding at 7 Beach Circle. The Commission had been out to view the project and determined that a negative Determination could be issued. On a motion made and duly seconded, the Commission voted unanimously to issue a negative Determination with the condition that no work be done on the riverward side of the wall.

The Chairman presented the minutes from the meeting of February 4, 2014 for approval. On a motion made and duly seconded, the Commission voted unanimously to accept the minutes as presented.

The Commission discussed how to promote an elementary program which would include such things as photos of resource areas, a ballot question, and information on phragmites and invasive species.

On a motion made and duly seconded, the meeting was adjourned.
