SECTOR 9 FISHING PROGRAM

Selectmen met with Richard Canastra, co-owner of BASE New England/ Whaling City Seafood Display Auction and Attorney Andrew Saunders, the attorney representing Sector 9, regarding the closing of Sector 9. The Sector system was started in 2010 to help the fishermen. Mr. Canastra explained to the Board that Sector 9 is one of 19 fishing cooperatives in the Northeast and is primarily made up of permits held by Carlos Rafael. Mr. Rafael was sentenced to 46 months of prison for charges including conspiracy, false entries and bulk cash smuggling. Four of Mr. Rafael's fishing vessels were also seized as part of his sentence. Because of the closing of Sector 9 and the seizing of the vessels this has created a large void in the fishing community. Mr. Canastra explained the impact this has had among the jobs in our area from the Boat Captains down to the lumpers who unload the boats, the shipyards that work on the ships and the consumers who purchase the fish. This is a loss to the whole community. John K. Bullard who has most recently retired from his position as Regional Administrator for the National Marine Fisheries Service, has also stopped trading among the sectors. Mr. Canastra and Atty. Saunders would like the Board to allow Mr. Rees to be able to make comments to NOAA and to write a strong letter in favor of keeping Sector 9 open and allowing ground fishing to begin again. All Board members agreed that they were in no way condoning anything that Carlos Rafael has done, but would like to help those affected by his criminal

A: PILOT Agreement

AGREEMENT

FOR PAYMENT IN LIEU OF TAXES FOR PERSONAL PROPERTY between

CEC Solar #1114, LLC

and

Town of Fairhaven, MA

dated as of November 6, 2017

AGREEMENT FOR PAYMENT IN LIEU OF TAXES FOR PERSONAL PROPERTY

THIS AGREEMENT FOR PAYMENT IN LIEU OF TAXES FOR PERSONAL PROPERTY (the "Agreement") is made and entered into as of this 6th day of November, 2017 by and between CEC Solar #1114, LLC, a Colorado limited liability company with a principal place of business at 361 Centennial Parkway, Third Floor, Louisville, CO 80027 ("Developer"), the TOWN OF FAIRHAVEN, a municipal corporation duly established by law and located in Bristol County, Commonwealth of Massachusetts and unless otherwise expressly stated, acting in all instances, by and through its Board of Selectmen (the "Town"). Developer and the Town are collectively referred to in this Agreement as the "Parties" and are individually referred to as a "Party".

WHEREAS, Developer plans to build, own and operate a photovoltaic power plant with an expected alternating current ("AC") capacity of approximately 1.69 megawatts ("MW AC") on approximately twelve (12.02) acres of land located at 197 New Boston Road, Fairhaven, Massachusetts, (the "Project") such I and being more particularly described in Exhibit A (the "Property");

WHEREAS, it is the intention of the Parties that Developer make annual payments to the Town for the term of this Agreement in lieu of personal property taxes on the Project, in accordance with M.G.L. c. 59, § 38H(b) (Acts of 1997 Chapter 164, Section 71(b), as amended) and the Massachusetts Department of Revenue regulations adopted in connection therewith;

WHEREAS, because both Developer and the Town need an accurate projection of their respective expenses and revenues with respect to the personal property that is taxable under law, the Parties believe that it is in their mutual best interests to enter into this Agreement fixing the payments that will be made with respect to all taxable personal property incorporated within the Project for the term of the Agreement;

WHEREAS, the Parties intend that, during the term of the Agreement, Developer will be assessed for statutory personal property taxes as set forth in Exhibit B, and this Agreement will provide for the exclusive schedule of payments of such personal property taxes that Developer (or any successor owner of the Project) will be obligated to make to the Town with respect to the Project during the term hereof, provided, however, that the Parties do not intend for this Agreement to affect any direct payments for services provided by the Town to the Project, including but not limited to, permit fees, consultant services associated with any permit applications, water and sewer services, and similar payment obligations not in the nature of personal property taxes that Developer is otherwise obligated to pay the Town;

WHEREAS, the Town is authorized to enter into this Agreement with Developer;

WHEREAS, the parties recognize that the taxes due under M.G.L. c. 59 based upon the full and fair cash valuation of the Project would result in a tax burden which would be highest at the inception of the Project and would decline over the life of the Project, and that as a result

of their agreement to a schedule of fixed annual payments there will be an accruing tax burden owed by the Developer to the Town as set forth in Exhibit B (the "Accrued Tax Burden") which will be paid over the term of the Agreement, and; WHEREAS, the Parties have reached this Agreement after good faith negotiations:

NOW THEREFORE, in exchange for the mutual commitments and other good and valuable consideration, the receipt and sufficiency of which are acknowledged, the parties agree as follows:

- 1. Payment In Lieu of Personal Property Taxes. Developer agrees to make payments to the Town in lieu of personal property taxes for a period of twenty-five (25) consecutive fiscal tax years, commencing on the Commercial Operations Date (as defined below) (the "Term") at a rate of \$19,024 per MW AC capacity of the Project per annum, totaling an anticipated an annual payment of \$32,189. Each annual payment will be paid to the Town in two (2) equal installments during the term of this Agreement and the annual payment amount and payment date will be noted on a semi-annual bill issued by the Town to the Developer. Except to the extent that Paragraph 2 of the Agreement provides otherwise, Developer agrees that the payments in lieu of taxes under this Agreement will not be reduced on account of a depreciation factor, revaluation or reduction in the Town's tax rate or assessment percentage beyond that anticipated by the Parties and already reflected in the agreed per megawatt rate, and the Town agrees that the payments in lieu of taxes will not be increased on account of an inflation factor, revaluation or increase in the Town's tax rate or assessment percentage beyond that anticipated by the Parties and already reflected in the agreed per megawatt (MW) rate.
- **2.** Adjustments to Annual Payments. Adjustments to Annual Payments shall be made, if at all, only in accordance with this Paragraph 2.
 - AC Nameplate Capacity Changes. If, as of the date Developer receives from the local electric utility written authorization to interconnect and commence operations of the Project (the "Commercial Operations Date"), the installed AC nameplate capacity of the Project is more or less than the capacity set forth herein by more than 0.001 MW, the remaining Annual Payments shall be increased (if more) or decreased (if less) by a unit price of Nineteen Thousand Twenty Four Dollars and Zero Cents (\$19,024.00) per MW AC for each MW (or portion thereof) change in such capacity. In addition, if after the Commercial Operations Date, as a result of the addition, replacement, enhancement, or removal of Project equipment, improvements or other property, the installed AC nameplate capacity of the Project is increased or decreased by more than 0.001 MW, the taxable valuation of the Project shall be adjusted to reflect that change, and the Accrued Tax Burden after the effective date of the adjustment and the Annual Payments due after the effective date of the adjustment shall be adjusted to reflect that change and to provide for the payment of the taxes, as adjusted, in equal annual payments for the remainder of the term of this Agreement; provided, however, that the portion of those future Annual payments which constitutes payment toward the Accrued Tax Burden which existed prior to the effective date of the adjustment, will not be adjusted. In the event of a removal resulting in a decrease in Annual Payments, such decrease shall not be effective unless and until the Project equipment, improvements or other property have been removed from the Project. Within fourteen (14) days following the Commercial Operations Date,

Developer shall provide written notice to the Town certifying that date and the AC nameplate capacity of the Project as installed as of that date.

- b. <u>Notice of Changes in Capacity</u>. Within fourteen (14) days prior to the addition, replacement, removal or enhancement of Project equipment, improvements or other property resulting in a change in DC nameplate capacity, Developer shall provide written notice to the Town describing, in reasonable detail, the equipment, improvements or other property added, replaced, removed or enhanced; the resulting change in DC nameplate capacity; a proposed adjustment to Annual Payments under Paragraph 2; and the basis for such change in capacity.
- c. Any dispute between the parties arising under this Paragraph 2 shall be subject to the arbitration provisions of Paragraph 11.
- 3. Inventory and Inspection. Within six (6) months after the Commercial Operations Date, Developer shall prepare and provide to the Town an inventory of personal property incorporated into the Project as of the Commercial Operations Date (the "Inventory"). To the extent that inventory should change, Developer will promptly update the said Inventory and submit the same to the Town, for approval by the Parties. The Town, its officers, employees and consultants and representatives shall have the right upon not less than ten (10) days prior written notice (except in an emergency) to periodically inspect the Project, on reasonable prior notice to Developer, for the purpose of confirming and verifying the Project and compliance with this Agreement. During any such inspection, the Town shall comply with all reasonable Developer safety requirements. Developer's representative may, at the Developer's sole election, accompany the Town on all such inspections. Any dispute between the parties arising under this Paragraph 3 shall be subject to the arbitration provisions of Paragraph 11.
- **4.** Payment Collection, Security. The provisions of M.G.L. c. 60 and other applicable law will govern the collection of any payments in lieu of taxes provided for in this Agreement as though they were personal property taxes due and payable to the Town.
- 5. Tax Status, Separate Tax Lot. The Town agrees that during the term of this Agreement, the Town will not assess Developer for any personal property taxes with respect to the Project or the Property to which Developer might otherwise be subject under Massachusetts law, and the Town agrees that this Agreement will exclusively govern the payments of all ad valorem personal property taxes and payments in lieu of such taxes that Developer will be obligated to make to the Town with respect to the Project and the Property, provided, however, that this Agreement is not intended to affect, and will not preclude, other assessments of general applicability by the Town for excise taxes on vehicles due pursuant to M.G.L. c. 60A and for services provided by the Town to the Project, including but not limited to, permit fees and consultant services.

The Town agrees that no personal property taxes will be due from or assessed to Developer with regard to the Project other than the payments in lieu of taxes described in this Agreement.

6. Successors and Assigns. This Agreement will be binding upon the successors

and assigns of Developer, and the obligations created hereunder will run with the Property and the Project. In the event that Developer sells, transfers, leases or assigns the Property or all or substantially all of its interest in the Project, this Agreement will thereafter be binding on the purchaser, transferee, lessee or assignee. A Notice of this Agreement may be recorded in the applicable Registry of Deeds forthwith upon execution. In the event of bankruptcy filing by the Developer, the Accrued Tax Burden shall be due and payable immediately, and the Town may revoke this Agreement. In the event that the successor or assign of Developer is a tax-exempt entity, the Accrued Tax Burden, and the remaining payments due to the Town as part of this agreement will be paid in a lump sum using a discount rate of ten (10%) percent to calculate the Net Present Value of the remaining future payments due. Developer is expressly permitted to assign all of the rights and obligations of this Agreement to any affiliate or to any successor in interest in the Project.

- 7. Statement of Good Faith. The Parties agree that the payment obligations established by this Agreement were negotiated in good faith in recognition of and with due consideration of the full and fair cash value of the Project, to the extent that such value is determinable as of the date of this Agreement in accordance with M.G.L. c.59, § 38H. Each Party was represented by counsel in the negotiation and preparation of this Agreement and has entered into this Agreement after full and due consideration and with the advice of its counsel and its independent consultants. The Parties further acknowledge that this Agreement is fair and mutually beneficial to them because it reduces the likelihood of future disputes over personal property taxes, establishes tax and economic stability at a time of continuing transition and economic uncertainty in the electric utility industry in Massachusetts and the region, and fixes and maintains mutually acceptable, reasonable and accurate payments in lieu of taxes for the Project that are appropriate and serve their respective interests. The Town acknowledges that this Agreement is beneficial to it because it will result in mutually acceptable, steady, predictable, accurate and reasonable payments in lieu of taxes to the Town. Developer acknowledges that this Agreement is beneficial to it because it ensures that there will be mutually acceptable, steady, predictable, accurate and reasonable payments in lieu of taxes for the Project.
- **8.** Additional Documentation and Actions. Each Party will, from time to time hereafter, execute and deliver or cause to be executed and delivered, such additional instruments, certificates and documents, and take all such actions, as the other Party reasonably requests for the purpose of implementing or effectuating the provisions of this Agreement and, upon the exercise by a Party of any power, right, privilege or remedy pursuant to this Agreement that requires any consent, approval, registration, qualification or authorization of any third party, each Party will execute and deliver all applications, certifications, instruments and other documents and papers that the exercising Party may be so required to obtain.
- **Partial Invalidity**. If, for any reason, including a change in applicable law, a property tax is imposed on the Project in addition to the payments in lieu of taxes due under this Agreement, the payments in lieu of taxes due under this Agreement will be decreased on an annual basis by the amount of the property taxes actually paid to the Town for each year. If for any reason, including a change in applicable law, a payment in lieu of taxes is provided for that is less than that provided for in Paragraph I of this Agreement, any amount provided for in this

Agreement over and above such lesser amount shall be considered a payment by Developer to the Town as the host community of the Project. In no event, except as provided for in Paragraph 2 hereof, shall the payment amounts provided for herein be reduced below the level called for in Paragraph 1.

10. <u>Notices</u>. All notices, consents, requests, or other communications provided for or permitted to be given hereunder by a Party must be in writing and will be deemed to have been properly given or served upon the personal delivery thereof, via courier delivery service or otherwise.
