Memorandum

Date: January 10, 2008
To: Nathan Poore, Town Manager
From: Amanda L. Stearns, Community Development Director
Cc: Town Council
Re: Highland Lake Road Grading Workshop

I received this further explanation of the road grading project from Betty Williams at CCSWCD. She will be happy to answer any further questions at the January 22nd meeting.

The \$1000 that Nathan mentioned for the "Road Grading" can be utilized to do a Road Maintenance Workshop on a road in Falmouth. Funds would be used to pay for the Grader/Frontrunner instructor and for some good quality road material or new product to be used on a section of road as a pilot test. Material cost would be matched 50/50 by the Road Association. The pilot test section would be monitored and compared with existing road material to gage quality and longevity throughout the grant project.
