Re: Bernie's Place Amusement Permit

After reviewing the *Special Amusement Permit Application* filed by Mr. Adam Shapiro for "Bernie's Place", I am requesting clarification on several issues within the application.

Under Type of entertainment to be provided, he states, "live music, private functions". In regards to the live music and private functions I would like to have the following questions answered:

- Will the music be only inside or do they plan on requesting a permit for music outside during warmer months as well?
- What will the hours be for the live music? In other words how late do they plan on the music going to?
- Will this music be for customers to listen or dance to, or could it on occasion be for entertainers to perform to?
- Please be more specific on the type of private functions?
- How late will the private functions go until? What will the hours be?
- Do they plan on a liquor license?

I look forward to Mr. Shapiro's response.
