RE: Community Center Project

Dear Nathan,

It was a pleasure speaking with you the other day. I am glad to hear all is well with you and in the Town of Falmouth.

When we spoke you had asked me to see if the Falmouth Rotary was still interested in entertaining our involvement in working with the town to see if partnering with the town to build a community center?

As you know this project is something that our club proposed to the town some time ago. Quality meeting space is something the town really needs and we are still very interested in exploring this.

Please let us know when it would be a good time to meet so that we can see what options are available for us to be involved in this process.

We look forward to hearing from you soon.

Best regards,

David J. Jones
