

STUDENT DRUG, ALCOHOL AND TOBACCO USE

In order to promote the highest possible standards of learning, as well as the physical, social and emotional well-being of students, this policy is designed to: aid students in abstaining from the unlawful use of tobacco, alcohol and drugs; provide for early intervention when use is detected; and, provide disciplinary action when necessary. Compliance with this policy is mandatory.

Any school staff member who has reason to suspect that a student has violated this policy is expected to report the incident to an appropriate administrator immediately.

A. Prevention

The Falmouth School District will provide students with information and activities focused on abstaining from the use of alcohol, drugs and tobacco. Such information and activities will address the legal, social and health consequences of drug, alcohol and tobacco use and will provide information about effective techniques for resisting peer pressure to use illicit drugs, alcohol and tobacco. The Falmouth School District will work in partnership with students, parents/guardians and local law enforcement officials to eliminate these risks for all Falmouth students.

B. Intervention

The Falmouth School District has a Substance Abuse Prevention Coordinator to provide non-clinical chemical health assessments, assist students in addressing their harmful involvement with chemicals and in continuing their educational program. Information will be provided, as appropriate, about drug, alcohol or tobacco counseling and treatment, and programs that are available to students.
