Re: Request for change in the parking ordinance

In response to a concern from residents of Mariner Lane I am proposing the following addition to our parking ordinance.

The following change would be in *Chapter 17, Article III, Section 17-92 (a)*:

Mariner Lane – No parking on the north side of the street
from the intersection of Rt. 88 to the end of the street. Parallel
parking only on the south side of the street.
