

Falmouth Public Works Department

Departmental Structure and Operations

The Public Works Department's administrative staff consists of the following:

Jay Reynolds, Public Works Director
Ryann Stevens, Administrative Assistant
Jamie Mason, Town Engineer
Jeff Buxton, Street Superintendent

The Public Works Department consists of the following divisions:

- ❖ Streets and Right-of-Ways
- ❖ Solid Waste and Recycling
- ❖ Vehicle Maintenance

The Public Works Division maintains approximately 90 miles of roads and right-of-ways. Responsibilities include:

- ❖ Street Maintenance, including: plowing, paving, sweeping, line painting, roadside mowing, signage, etc.
- ❖ Drainage system operations and maintenance
- ❖ Engineering Services for Town departments
- ❖ Development Review and Inspection

The Solid Waste Division manages the following:

- ❖ Trash and Recycling Collections
- ❖ Transfer Station operations

The Vehicle Maintenance staff performs state inspections, repairs, and preventative maintenance.

- ❖ For the Municipal and School Departments

Departmental Work Includes:

- ❖ Capital improvement projects (paving, reconstruction, bike/ped., parks, etc.)
- ❖ Development review of planning board projects
- ❖ Stormwater management (DEP permitting and compliance, ISWG member)
- ❖ PACTS technical committee vice chair/DOT and MTA coordination
- ❖ Asset/Infrastructure Management (roads, sidewalks, and storm drain system)

2013 Projects in Falmouth

1. Blackstrap Road Rehabilitation: The project area is between Washington Avenue Extension and the Presumpscot River Bridge. The project began in April and will be completed in July.
2. Route 1 Infrastructure Project: The Design phase of Route 1 between Foreside Road and Bucknam Road. The pavement resurfacing of the study area will occur in 2015, which is a PACTS project that includes Federal and State funding.
3. Route 1 Sidewalks: Design and Planning stage of multi-phase sidewalk expansion from Providence Avenue to the Martin's Point Bridge is nearing completion. Construction will commence for this project in the summer of 2013.
4. Annual Paving: Tentatively, this year's annual paving list consists of the following roads:
 - a. Northbrook Drive
 - b. Poplar Ridge Drive
 - c. Summit Terrace
 - d. Tanya Lane
 - e. Gristmill Drive
 - f. Pine Road
 - g. Hardy Road (Town Property to Dead End)
5. Turnpike Authority and MDOT:
 - a. Rehabilitating the Turnpike overpass on Blackstrap Road.
 - b. Rehabilitating the Turnpike overpass on Hurricane Road.
 - c. MDOT survey and design for intersection changes (roundabout) at Longwoods Road and Woods Road.
