Discussion

A group of cub scouts from a local pack joined us to question elected officials in order to earn a merit badge. The boys asked questions and shared their insights about school.

They would like to make sure we keep recess and offered great praise for the changes in the food service program under our new leadership. They spoke glowingly about Creative Arts Friday at Kennedy School.

A parent would love us to pursue looking into the Math Olympiad enrichment activity, to see if it could be offered either after school or during the day. Also to please check into possibly offering Saturday enrichment opportunities (through Milton Academy or Lifelong Learning.)

One parent inquired about the responsibilities of school committee as she may consider running for office in the future.

Update on the superintendent search was provided.

Discussion around continuing to work on communication with parents from all schools, particularly making parents aware of when events are taking place.

Discussion around the possibility of PCCs joining forces and doing events together, sharing profits. Might be more efficient and address issues of inequality. This suggestion will be offered at the next meeting of the joint PCC's.
