

- Correspondence: There was no correspondence to discuss at this evening's meeting.

2. Guests/Presentations:

- a. FHS Handbook: Mr. Light noted that there are three key areas of change that can be found highlighted in the Handbook, as well as some minor changes to wording. The key changes are: the requirement to complete four years of math for the class of 2016, the Head Injury and Concussion Policy and lastly, a new policy on classroom tardiness and how it affects attendance.

The addition of a new Assistant Principal at the high school was also noted. Mrs. Sabolinski noted that this was done in a budget neutral way – through attrition.

- b. Medical Emergency Response Plan: Mrs. Sabolinski noted that the District was required by law to develop a Medical Emergency Response Plan and submit it to the DESE by September 1st. She further noted that the District has a plan with District responses, each school has a plan with school responses and she feels they are in good shape with the plan. She did note that one area they need to focus on is with response to tornadoes. She, along with the fire chief continue to work on this area.

5. Information Matters:

- Superintendent's Report: Mrs. Goodman noted that bus routes have been posted to the website. She recommends students arrive to their bus stop 5 minutes earlier than the time posted. Bus passed can be picked up at the child's school. Mrs. Sabolinski added that they will do bus counts the first few weeks of school. If seats are available, they will make them available to those students on the wait list. She also noted that the elementary placement letters went out today. She would like to have a District wide date set for next year to mail out all placement letters. She noted that the enrollment update can be found in the Committee's packet. She also noted that she is requesting an additional .4 PE Health Teacher. She will fund the position through a resigned EA position. Lastly, she noted that Lifelong Learning information has been sent out in the mail – new courses include Mandarin Chinese and a Cisco Academy.
- School Committee Sub-Committee Reports: Mrs. Trahan noted that the Policy Sub Committee met earlier this evening. She noted the Committee can expect to see more policies for review at the next meeting.
- School Committee Liaison Reports: No new information discussed at this time.
