

OPCP Meeting Minutes  
May 4, 2010

Present: Mike Loomis, Sarah Stanley, Mike Mullavey, Chuck Farmer, Dick Johnson, Melissa Rizzo

-Did not have minutes from previous meeting for review.

-Treasurer's report- \$21,389.97 in account. However, much of that is going to cover cost of bricks and \$12,000 is for Daniell Park. Thus we only have about \$5,000 in Odell funds remaining.

-Group signed Thank You cards that Sarah printed out showcasing photos from the Ribbon Cutting and Walk. Will be sent to our sponsors.

-Dick Edmonds charged us an additional \$3,000 for trail materials than had previously quoted. It was a necessary expenditure.

-Group reviewed information on fitness stations. The idea is to have a few stations where the public could do different exercises along the trail. We are looking at costs at this time. Krystal had a quote from Ultiplay Parks and Rec. for approx. \$20,000 for 5 stations and it includes installation. This would have to be something we fundraise or grant write for.

-Brick sales have picked up but we still need to sell more. Will plan to sell at Community Day and also increase asks and word of mouth.

-Fishing Pier- Mike M. is working on putting together costs of concrete slabs. The engineering work is done. Beck and Belluci will give us a quote for installation and creation of the foundation.

-OPCP gave a \$600 donation to the Lassie League for the concession stand.

-Barbeque- Krystal and Melissa will meet with other potential volunteers. Event will take place on Friday, August 13<sup>th</sup> from 2-7pm at Odell Park. Anyone wishing to help with planning or the day of should contact Krystal.

-A list of upcoming OPCP 2010 events is available from Krystal or other members. There are many fundraising opportunities listed. Get your copy today!

Next Meeting: June 1<sup>st</sup> at 11 am at Rec. Center
