

CITY COUNCIL MEETING

AGENDA ITEM V

City of Franklin

COUNCIL AGENDA REPORT

City Council Meetings of April 1 and May 6, 2013

From: Richard Lewis, Planning and Zoning Administrator

Subject: Acceptance of State Conservation Committee Grant for Webster Lake water Quality Project

Recommended Motion for the April 1, 2013 Meeting:

"I move that the Franklin City Council schedule a public hearing for Monday, May 6, 2013 at 6:05pm to consider the approval of Resolution #07-13 to authorize the acceptance and expenditure of funds associated with the stormwater and wetland replication project on Lake Shore Drive".

Recommended Motion for the May 6, 2013 Meeting:

"I move that the Franklin City Council vote to approve Resolution 07-13 which outlines the acceptance and appropriation of NRCS and DES funds associated with the Lake Shore Drive stormwater and wetland replication improvements for Webster Lake".

Discussion:

As you will remember, the City Council has previously approved resolutions to accept grant funds and authorize the expenditure of these funds for the water quality and stormwater improvement work in and around Webster Lake. Based on the earlier approvals, the engineering work has been completed and work began last fall. As part of the overall grant funding for this project two additional funding sources are now participants. The DES's Aquatic Resource Mitigation program approved an amendment for \$18,000, and the US Department of Agriculture's NRCS program has approved \$13,000.

To allow these funds to be used for this project the City Council will need to approve the attached Resolution.

Concurrences:

All of these projects are consistent with the goals of the City sponsored Webster Lake Watershed Plan [December, 2006] to reduce the levels of pollutant input into the lake and help with overall protection of the Lake.

Fiscal Impact:

There are no matching funds required for this grant program and no direct expenditures by the City.

Alternatives:

The Council can either authorize the acceptance of the grant program, or in the alternative vote to not accept the grant program. If the Resolution is not approved the overall project would be in jeopardy.
