Background:

Attached for your review is a draft for proposed Ordinance #06-16. The intent of this Ordinance is to repeal and replace Ordinance # 08-15 with Ordinance #06-16. The reason for the proposed repealing is that the titles for Article I and II of Ordinance #08-15 should be reversed to coincide with the proper sections of the current code. Also the proposed change to Section 284-24(D) was not codified as part of #08-15. The revised ordinance #06-16 reflect the necessary changes.

Concurrences:

These proposed Ordinance changes are agenda items at the August 17, 2015 Highway Safety Committee meeting and a Public Hearing to be scheduled for the October 5, 2015 with the Franklin City Council. The opportunity for public input can take place at both public meetings.

The Highway Safety Committee voted in favor of sending a positive recommendation to the Franklin City Council

Fiscal Impact:

None

Alternatives:

The proposal to repeal Ordinance #08-15 and replacing it with a new Ordinance #06-16 is a housekeeping measure that maintains continuity for those needing information from the "Vehicles and Traffic" Section 284 of the Franklin City Code. A positive recommendation will clarify any confusion that Ordinance #08-15 may present .
