Highway Shed – Concerns over all overhead doors racking, they have been fixed.

Town Hall – Renovation in process, trying to keep work area as safe as possible. Concern over salt used in the past undermining the mortar in our brickwork below. Heidi stated that we have not used salt for some time.

Safety Complex – Water issues, softener/water condition. Fire Department concerned about the grates that have not been replaced.

Report from the State of New Hampshire that we have seen no positive results for any of the health issues related to mosquitos for all of 2016 to date.

Winter will be upon us and all that entails.

Will need safety inspections on other buildings, will speak with Mike Malloy.

The next meeting is scheduled for Tuesday, December 6, 2016 at 12 noon. That meeting will take place at the Safety Complex.

Respectfully submitted,
