1. Administrative
  - a. Minutes approval

2. Project Updates
  - a. The B2B member from each town that is part of the trail project will be meeting with National Grid in the next couple of weeks to meet National Grid’s new head of Real Estate and to discuss moving forward with the lease.
3. Member updates
  - a. BH: Chuck Keilty is currently very busy and has not responded to messages.
  - b. Follow-up on ROW license: BH will follow-up with the land owners in the center of town to license the areas that will be needed for the interim trail.
  - c. Property owned by abutter who raised privacy concerns was viewed from the trail by committee members. There are shrubs along the side of the trail and the porch is at least 20-30 feet from the trail. The back yard is adjacent to the trail but 10 feet below the level of the trail. Due to the natural barriers created by the brush and steep incline the committee does not feel this property is a candidate for remediation by the committee. We are willing to meet with the owner and review options they might take.
