Meetings Attended:

1. B2B member towns met with National Grid 1/20/15.

Discussion:

1. Administrative
 - a. Minutes approval.
 - b. Conflict of Interest training for Town employees/ committee members is due. JC and SM have completed the online training.
2. Project Updates
 - a. B2B meeting with National Grid was held on January 20. JW attended for Georgetown and meeting minutes were distributed. The state will not be able to have their surveyors do the required wire surveying due to the cost. Hand held meters that are capable of making the required measurements are available but the surveying will need to be done by a licensed surveyor. Need to follow-up on how to proceed to accomplish the required survey.
 - b. Developed list of the top three priorities that need to be followed up on to move forward over the winter. SM will write-up and distribute so we can prepare to address them at the March meeting.
3. Member updates
 - a. CR: Design plans for a trail side informational kiosk that will provide consistency of signage for all of the B2B and other area trails were distributed. CR developed detailed plans to be used for construction.
 - b. CR: The Facebook page for the trail continues to get new “likes”. Discussed the need to regularly post updates to maintain interest. JC recently went for a hike and found large, plow snow banks, at road crossings that will need to be removed in the future in order to make the trail usable during the winter. Issue will need to be addressed as part of maintenance plan.
